CHICAGO SUFFERING FROM INTENSE HEAT

Clear Skies and Hot Breeze Are Adding to Discomfort of City

DEATH TOTAL NOW REACHES THIRTEEN

Three Deaths Recorded at Toronto Two Due to Heat One to Bathing

DULUTH AFFECTED BY THE COLDEST JUNE 28

Chicago, June 28.—After sweltering throughout the night, Chicago found itself confronted by another day of intense heat and suffering. The weather forecaster declares there is no relief in sight. Clear skies and a hot breeze from the west added to the city's discomfort.

Charity organizations distributed tons of free ice in the tenement house districts to-day and every public bathing beach was crowded. Several deaths and scores of prostrations from the heat were reported.

The official temperature at 9 o'clock was 88 and rising.

There was a drop in temperature of three degrees between 9 o'clock this morning and noon. At the latter hour the official thermometer registered 85 degrees. A gentle breeze from the lake to-day gave some relief to the people of Chicago and inspired the hope that the heat wave had been broken.

Three more deaths were reported to-day, bringing the heat mortality total up to thirteen. Prostrations have been numerous and ambulances have been kept busy responding to calls.

Five deaths and numerous prostrations were attributed in Chicago to the heat wave yesterday, which shows no abatement. The weather report said the warmest place in the country was Pierre, S. D., where the maximum temperature was 104. Free distribution of ice in some sections of Chicago's crowded tenement district helped to reduce the suffering, which was intensified by the humidity.

Last night a score of prostrations were reported, several more deaths indirectly caused by the heat occurred, and several people, crazed by the heat, attempted suicide.

Toronto, Ont., June 28.—While walking on Charles street, on his way to his office, Sheriff F. T. Daville, of York, was overcome by the heat yesterday. An ambulance was called and he was taken to Grace hospital, where he died soon afterwards. He had not been in very good health lately.

Evidently prostrated by the heat, W. H. Field, a well known druggist, collapsed on the street near his home. A paralytic stroke followed, and he remained unconscious until he passed away yesterday.

Hot weather bathing took a toll of one life when William Franklin, 19 years old, was drowned in the Don swimming pool. Franklin was a poor swimmer and ventured into deep water.

Boston, Mass., June 28.—Boston sweltered yesterday under the effects of heat and high humidity and ten persons were prostrated. The maximum temperature in the city proper was 89° degrees.

Detroit, June 28.—A dozen persons were prostrated by heat here yesterday. The minimum temperature recorded by the weather bureau was 75.

New York, June 28.—Although the maximum temperature in this city yesterday was only 84 the heat was accompanied by excessive humidity, and considerable suffering ensued. Seven cases of prostration were treated at hospitals. There were no fatalities.

Philadelphia, June 28.—Nine deaths were reported as due to the excessive humidity in this city yesterday, and considerable damage was wrought by lightning during a brief electrical storm to-night. Passengers on trolley cars were stampeded when bolts struck the cars. Several industrial establishments were set on fire and many poles and trees were splintered by the lightning.

Duluth, Minn., June 28.—Street thermometers registered as low as forty-two degrees at 6 a. m. but warmed up to 45 at 9 o'clock to-day, the coldest 28th of June in years. Pedestrians were seen wearing last winter's overcoats and men and women in automobiles snuggled down in furs. A high wind off Lake Superior carrying in a thick fog added to the chill.

PETITION TO KING GEORGE.

Montreal, June 28.—Widely-signed petitions are to be sent to King George by the allied temperance forces of Montreal asking His Majesty to forbid the use of his royal name and title or the introduction of any words indicating royal patronage of brands of liquor anywhere within the British Empire.

HARRIMAN MERGER WILL BE DISSOLVED

Attorney-General McReynolds and President Wilson Reach Agreement

WILL BE SUBMITTED TO COURT ON MONDAY

Had to Provide Plan That Would Meet Demands of Sherman Law

SOUTHERN AND CENTRAL SUIT IS TO FOLLOW

Washington, D. C., June 28.—Attorney-General McReynolds and representatives of the Union Pacific, it was learned to-day have reached an agreement for the dissolution of the Harriman merger. The principles of the plan are in harmony with the views of President Wilson, and he is expected to approve. It will be submitted Monday to the judges of the Eighth Circuit United States Court at St. Paul.

Attorney-General McReynolds to-day said he was not ready to discuss the situation or details. It is understood, however, that the plan will provide for exchanging $38,000,000 of Southern Pacific stock held by the Union Pacific for the Pennsylvania's interest in the Baltimore & Ohio, the sale of the remaining $88,000,000 of Southern Pacific through the medium of a trust company under such safeguards as will end control of the Southern Pacific by either the Union Pacific or its shareholders.

Officials declared that President Wilson and Attorney-General McReynolds had been in perfect accord all along to reach an agreement for the dissolution, provided a plan could be evolved that would meet the demands of the Sherman law. It was declared that while there never had been any tendency to place obstacles in the way of an agreement the administration had insisted on an "adequate dissolution." The plan evolved, it is believed, will accomplish it, but the government takes the precaution of asking for a limited time in which to make objections, so that in case public discussion of the proposition and further study by officials shows any weaknesses, the hands of the administration will not be tied.

As the plan of dissolution does not provide for the separation of the Southern and Central Pacific, officials of the department of justice reiterated to-day that Attorney-General McReynolds later on would bring a civil anti-trust suit under the Sherman law to accomplish that result.

PORT ANGELES TO HEAR INDUSTRIAL WORKERS

Agitators Return to Town, Defy Authority and Announce Mass Meeting.

Port Angeles, Wash., June 28.—Showing that they are in full possession of the qualities of nerve and boldness characteristic of the great unwashed "Won't Word" aggregation, and are utterly oblivious to the plain notice served on them by the entire population of Port Angeles that they are not wanted here, two I. W. W. leaders returned yesterday and announced that they would hold a "mass meeting" on one of the main streets to-night, when they will undertake to spread the "Won't Work" gospel among laborers employed in the local logging camps, mills and on railroad work here.

The "Won't Work" agitators to-day breathed their defiance to the authorities and dared them to interfere with their plan to persuade the well-satisfied working men here to strike. The employees in the logging works and other industries here are well satisfied and the only fear they have is that the "Won't Work" agitators may stir up trouble among the men such as has been noted in other districts where browbeating I. W. W. tactics caused discord in mills and logging camps.

The population of Port Angeles practically to a man is arrayed against the "Won't Works" and their methods and it is expected that there will be interesting developments. A force of thirty special officers has been sworn in to preserve order, but there is a very strong probability that if the agitators become noisy here will be a repetition of the ducking incident of several weeks ago when two of the most rabid were thrown into the bay by indignant workingmen.

WANTED MORE RENT.

London, June 28.—Walter Hines Page, ambassador to the Court of St. James, will hold his Fourth of July reception at a hotel, as he has not yet been able to secure a residence. The price for a house was suddenly raised when the owner learned the identity of his prospective tenant. He believed he could get a bigger rent, but found he was mistaken.

AUSTRALIA SATISFIED WITH HER OWN NAVY

Squadron From England Includes "Torch" Now Helpless at Noumea

SECRECY MAINTAINED DETAILS SUPPRESSED

Ship Can Steam 13¼ Knots at Best; Pyramus Able to Make Twenty

REPAIR STORY COMES FROM COCKATOO YARD

Sydney, N. S. W., June 28.—The oft-repeated allegations that Britain, in return for Australia's naval subsidy of $1,000,000 yearly, has sent to the Commonwealth her oldest and most useless warships, thus practically providing no defence at all, were borne out to-day when news was received that the warship Torch is lying helpless at Noumea with her boilers in an almost irreparable state, and her furnaces defective.

The utmost secrecy is being maintained concerning the affair and all details are being suppressed, but it is known that it will be at least a month before the Torch will be able to steam anywhere. The warship Pyramus, another vessel fit for the scrap heap, is attending to her incapacitated sister.

The Torch was built in 1894, and she carries nine guns. She is rated as a sloop of 1,100 tons, and her speed when she is going her hardest is 13 1-4 knots.

The Pyramus is nearly as antiquated, being launched in 1898. She has eight guns, displaces 5,000 tons, and can make 20 knots. She is rated as a third-class cruiser.

Since the news of the state of the Torch has come to hand, there has been a general feeling of relief in Australia that the commonwealth has gone about a local navy in the way she has, and that all Britain's antiquated warships will soon be withdrawn to England, where they will no doubt be scrapped.

This is not the first time that complaints have been made about the condition of the Torch. Recently, while the warship was docked at Cockatoo island, Sydney, undergoing repairs, the newspapers in the city published startling statements to the effect that the laborers were instructed not to knock too hard against certain plates in the hull while chipping iron, it being then felt that the vessel would not stand the strain.

CHANGES PREDICTED IN BRITISH CABINET

Hon. John Burns Postmaster-General When H. H. Samuel Presides at Board of Trade

London, June 28.—According to the usually well informed Birmingham Post's London correspondent, the impending cabinet changes include, besides the promotion of Sir Rufus Isaacs, the transfer of the postmaster-general, H. H. Samuel, to the presidency to the board of trade, with the Hon. John Burns taking the postmaster-generalship and the solicitor-general, Sir John Simon, or C. F. G. Masterman, becoming president of the local government board.

The correspondent predicts that Owen Buckmaster, M. P., will fill one of the vacant law officerships and that Premier Asquith may look outside parliament for the other law officer.

THE NEWEST DRESS IS BARRED AT LOUISVILLE

Chief of Police Orders Undergarments Must Be Worn With the Split Skirt.

Louisville, Ky., June 28.— Chief of Police Lindsey issued to-day a blanket order for the arrest of wearers of split skirts without protecting undergarments.

"A number of women have been appearing on the streets of Louisville in dresses which the laws of decency forbid and I believe this is without doubt a disorderly act," said the chief's order. "I refer to skirts which are split up the side exposing the limb. As long as an undergarment is worn beneath the split dresses it is all right, but where a flagrant exposure is made it is the duty of the police to make arrests."

Chief Lindsey said that women who have the "nerve" to appear on the streets in split dresses will not mind a "little thing like a police court trial."

JURY DISAGREES.

Cleveland, Ohio, June 28.—The jury in the case of Guiseppi Pomare, the Youngstown, O., Italian, charged with having sent a threatening letter to President Wilson, demanding $5,000 of him disagreed to-day. Federal Judge Day announced that he would have Pomare examined by alienists.

SIR IAN HAMILTON INSPECTS 88TH REGIMENT

The first photograph taken of the new local regiment. General Hamilton and Col. Hughes are seen inspecting them at the Sidney Camp.

NANAIMO LIBERALS NAME NEW OFFICERS

J. A. Macdonald, Elected President at Meeting Where Enthusiasm Was Manifest

Nanaimo, June 28.—Liberalism in Nanaimo is very much in evidence, and the annual meeting of the Liberal Association for the election of officers forecasted a much renewed interest by party members in the platform of the party. When Ald. Henry Sheppard called the meeting to order there was a very large attendance.

The election of officers resulted as follows:

President, J. A. Macdonald; vice-president, Ald. Henry Sheppard; secretary-treasurer, Alex. Forrester; executive, John Lucas, M. G. Clarke, William Simms, P. Carrison, James Bradley, Richard Booth, Frederick Wagstaff and William James.

Walter W. Baer, the Liberal party organizer in British Columbia was given a rousing reception. He told of the work of the party and the strides being made in organization throughout the province.

Addresses were also given by M. G. Clarke and J. A. Macdonald, delegates to the Revelstoke convention, who told of the optimistic spirit pervading the convention and throughout the province.

HUNGER STRIKER NOT GOING WITHOUT FOOD

Physician Reports on Prisoner in King County Jail to Be Tried Monday.

Seattle, June 28.—Steve Clark, the King County jail prisoner, who let it be known that he was on a hunger strike until the prosecuting attorney's office brought him to trial on a charge of robbery, may continue on his "strike" as long as he likes, so long as he follows his present programme. This was the attitude taken this morning by the jail superintendent after receiving the report of the jail physician.

The physician finds that Clark is and has been simply "faking," in an effort to create an impression that he is insane, and that Clark's physical condition showed that he was being nourished from some source, and that at present, so far as materially affecting his vigor is concerned, he could really refrain from nourishment until taken into court next Monday morning. The doctor says Clark is being furnished food by a friendly prisoner, and is in no immediate danger of a physical collapse, so that Superintendent O'Brien need not go to the extreme of forcibly feeding him.

The prisoner is charged with having "strong armed" and robbed an intoxicated man of $93. When taken to the county jail a week ago he announced that he would eat nothing until he got a trial, and refused all food the jailers offered him.

TO USE GARROTE FOR HAVANA EXECUTIONS

Havana, June 28.—The garrote has been recalled from the national museum, where ex-President Gomez had placed it as a historic curiosity, to serve in the Havana jail again for the execution of two persons under death sentences. The secretary of the government on inspection of the jail yesterday, learned that the warden was without an official instrument of death. Then followed the grimly-humorous discovery that it rested in the national museum, ex-President Gomez during his administration having commuted all the death sentences and presented the garrote to the museum.

ATTORNEY-GENERAL AGAINST DOMINION GOVERNMENT OVER SPANISH BANK CASE

Will Oppose Legality of Grant Made for Removal of Sand and Will Join Defendants Opposing Injunction in Vancouver Court

Vancouver, June 28.—Hon. W. J. Bowser, attorney-general, believes that a good opportunity is at present offered for the provincial government to assert the right it claims to the foreshore lands of Spanish Bank in English Bay, which lie opposite the great tract of land which the province of British Columbia holds in Point Grey municipality. Spanish Bank, which is a shoal of many hundred acres in extent, lying off the north side of Point Grey, is very much in the limelight just now. For many years Champion & White, T. G. McBride & Company and other builders' supply men, have been in the habit of pumping sand off the shoal and beach there into scows for use as construction material in the city. Recently, however, the Dominion government gave an exclusive lease to the Silica Sand & Gravel Company, whose managing director is D. Gunn. Champion & White, or their marine man, Capt. Balkwill, however, seem to have gone on pumping whenever they needed the sand, and the Silica company hailed them to court the other day to restrain them from continuing this work. The matter was to have come up yesterday before Mr. Justice Murphy, but on account of press of business was laid over until Monday morning, when, if all present indications do not disappoint, there will be inaugurated a battle royal.

"The provincial government intends to take a hand in this matter," said Mr. Bowser this morning. "We claim the Spanish bank, and now is a good time to assert our right in what I expect will end in a suit to settle the rights of ownership as between the two governments."

At the outset Mr. Bowser lost no time in announcing that the law firm in which he is a partner—Bowser, Reid and Wallbridge—will immediately withdraw from its present solicitorship in the case. W. B. A. Ritchie, K. C., a well-known counsel in Mr. Bowser's Vancouver firm, has been acting for the silica company. He will, however, not appear on Monday in that capacity, and it may be that a slight delay in the proceedings may be caused in making the change in lawyers appearing for the silica company asking for the injunction.

"Believing as I do that this is a case where our provincial rights should be asserted, I intend now, acting as attorney-general, to take a part in the case, opposing the legality of the grant made by the Dominion government for the removal of sand from Spanish Bank. I am going to join with the defendants and oppose the granting of the injunction. Under these circumstances my law firm, of course, must withdraw from the case, and a new solicitor will doubtless appear in the matter on Monday."

Though, as yet, he has not been able to go into the whole subject fully, Mr. Bowser thinks that an effort will be made to eventually have the private litigants drop out, and for the two governments to take the question to the privy council for decision.

"I have no opinion to offer as to the merits of the particular grant to the Silica company," said Mr. Bowser, further discussing the matter. "I have nothing at all to say as to that, but, acting for the people of British Columbia, I wish to attack the right of the Dominion government to lease or sell or do anything else with that property. It is to assert what we in British Columbia believe is our constitutional right that the attorney-general will now take a hand in this case.

COMPANY TAKES OVER UNION LIFE POLICIES

Agreement Signed To-day and Metropolitan Sends Two Hundred Men Over Ontario.

Toronto, June 28.—Men are speeding on trains this afternoon all over Ontario on behalf of the Metropolitan Life Insurance Company to take over the business of the Union Life Assurance Company in pursuance of an agreement signed in the office of official referee, George Kappelle, K. C. Two hundred men have started out so that every policy in Ontario may be changed from a Union life policy to a Metropolitan life policy on Monday. "It is all over," declared Third Vice-President G. B. Woodward, of the Metropolitan Life, when he emerged from Mr. Kappelle's office. "The agreement has been signed and our men are out.

"The Metropolitan will take over every policy where the holder is willing," he said, "and where the holder is not willing he will have to rank for what he is entitled to under your winding up act. All policies that are in arrears since the licenses of the Union Life elapsed on May 8, will be carried without medical or other examination on the payment of arrears."

Mr. Woodward stated that the nominal value of the assets was $1,400,000, but they would realise under a forced sale about $500,000. They are being taken over by the Metropolitan Life at a valuation of $800,000.

KING'S EQUERRY IS IN TROUBLE OVER SPEECH

War Office Interested in Remarks of Count Gleichen Who Spoke at Belfast Banquet.

London, June 28.—Brigadier-General Count Albert Edward Gleichen, extra equerry to the King, has got himself into trouble with the war office owing to a speech he made recently at a banquet in Belfast, where he commands the Fifteenth Infantry brigade.

He is reported as having said: "Gentlemen, like Keir Hardie, Andrew Carnegie and other pacificists, who must be suffering from softening of the brain, I was delighted to learn that the government is about to introduce a bill to take care of the feeble-minded children."

Brigadier-General Count Gleichen expressed his regret to the war office, adding, however, that his words were misrepresented. The government announced in the House of Commons yesterday that appropriate action will be taken in the matter.

DR. DE CAMPOS SALLES DEAD.

Sao Paulo, Brazil, June 28.—Dr. Manuel Ferraze de Campos Salles, president of Brazil from 1898 to 1902, died here to-day, aged 73. During his term of office as president he was responsible for much work of construction in the great republic which had just emerged from a long period of unrest.

ASKING PROBE FROM SENATE COMMITTEE

More Subpoenas to Be Issued in Lobby Investigation at Washington

LOVETT'S STATEMENTS CAUSE SOME CONCERN

Palmer's Story of Gold Brick In Wall Street Creates Sensation

CHAIRMAN OVERMAN WILL PUSH INQUIRY

Washington, June 28.—Subpoenas will be issued at once by the Senate lobby investigating committee for Lewis Cass Ledyard and Paul D. Cravath, New York attorneys, and for David Lamar, a Wall street man, to appear next week in connection with its investigation of charges that the names of congressmen are being used to influence financial men.

Mr. Ledyard and Mr. Cravath are understood to have additional information that they are willing to give the committee. Both were referred to by Robert S. Lovett, chairman of the board of directors of the Union Pacific, as having received mysterious telephone calls that purported to come from congressmen.

The story told the lobby committee by Representative A. Mitchell Palmer, of Pennsylvania, has astonished congressional circles and resulted in a demand from many quarters that the Senate committee use every effort to find the men responsible.

"We will go to the bottom of this thing, said Chairman Overman, of the Senate committee, to-day. Mr. Ledyard, Mr. Cravath and Mr. Lamar will be first asked to appear and others may be called later."

The committee will continue its hearings next week after the Senate Democratic caucus has finished with the tariff bill. Speaker Clark, Representative Underwood, of Alabama, Representative Henry, of Texas, and others whose names were used by the persons in conversations with financial men, are urging the committee to push its inquiry.

Palmer's story of an effort to sell a gold brick to Wall street and how it was foiled was told in part to the committee last night at one of the most sensation-producing sessions it has held in its stormy career. It was a tale of how influence was to be exerted in the seats of the mighty in Washington to prevent unfavorable investigations into the doings of "the street," of how lawsuits that the financial interests of New York would not like were to be prevented, and of how the gold brick seller was generally to protect the interests of the clients he sought in the political game in the capital.

Edward Lauterbach, a New York lawyer, and Representative Daniel J. Riordan, of New York, also gave the committee some light on its details.

According to Mr. Palmer, Lewis Cass Ledyard, another New York lawyer, was the man who was largely instrumental in foiling the plot.

Mr. Palmer told the committee that the representations of influence in Washington had gone so far as to bring in the names of the speaker, of the majority leader in the House and of at least two other prominent members whose names he did not give. He said that after Mr. Ledyard had been engaged in many telephone conversations with the man who had all these goods for sale in Washington, he had met Edward Lauterbach, a New York attorney, under the supposition that Lauterbach was representing the user of the telephone.

Lauterbach was in the committee room and listened to all the testimony of Mr. Palmer, who spent nearly two hours on the stand. Later he denied that he had tried to get employment with big interests in New York on the strength of supposed power in the capital. He swore that his only effort was to restore the entente cordiale" he had previously enjoyed with Morgan & Co., and which he thought had been broken because of his friendly relations with David Lamar, whom he described as a "Wall Street operator" who usually operated on the "bear side of the street."

As a result of Lauterbach's testimony, the committee probably will call Lamar, George F. Baker, of the First National Bank of New York; Paul D. Cravath, Francis Lynde Stetson and Mr. Ledyard, all New York attorneys, and Charles Steele, of Morgan & Co.

To several of these men, Lauterbach maintained, he had talked about his reinstatement in the good graces of the house of Morgan. His only reference to anything in Washington, he said, was as to the general situation here, the tendency to investigate things and the apparent desire for suits against big concerns. The committee adjourned subject to the call of the chair, but it reserved the right to summon Lauterbach to the stand again after they had heard from the other New Yorkers.

LORD BROOKE SAYS TRAINING IS NEEDED

British Officer Expresses Opinions After Period in Canadian Military Camp

Ottawa, June 28.—"You have splendid material in Canada, much better, I should say, than in Britain; but you are in more need of training, and I should think you should have a sixteen-day period of military camp instead of but eight," said Lord Brooks, the British territorial officer who was one of those who exchanged with Canadian officers for inter-diffusion of the military experiences of both countries, in giving his view of the Canadian militia training, as gathered during the command of the second cavalry brigade at Petewawa military camp, in the last two weeks.

"Your material is good," said Lord Brooke, "your men are more active, and apparently pay more attention to orders than ours, and they display an unusual amount of zeal. Under the circumstances, I think it is a great pity that the period of training is not sixteen days, for the men are just beginning to learn when they go back from camp."

"What do I think of the canteen? Well, we have it in England, but for all that 60 per cent. of our regular forces are teetotalers. It is wonderful how the people have ceased to drink in the last decade, and I do not think it is temperance preaching so much as education that is doing it. Personally, I think it is better to convince a man that it is harmful for him to drink than to prevent him from doing it in camp. Unfortunately, the bars are open in nearby places. We are doing the former in England, because we are making the soldiers' life a better one."

HUGH KENNEDY Local Manager

SPANISH BANK CASE FIXED FOR HEARING

Company Owning Government Lease Would Now Operate Small Plant

Vancouver, June 28.—Judicial investigation of the exclusive claim of the Silica Sand & Gravel Company to the sands of Spanish bank in English Bay was yesterday postponed until Monday by Mr. Justice Murphy owing to press of judicial business, but it is understood it was arranged that an examination of the managing director of the silica company, D. Gunn, had fixed for Monday, when Mr. Owen Ritchie, counsel for Champion & White, will endeavor to ascertain who are the officers of the company, the names of the stockholders and the identity of the promoters.

One result of the publicity is a statement by the managing director of the Silica Sand & Gravel Company to the effect that negotiations are now almost completed by the company for the purchase of a centrifugal sand pump, ings and other equipment, costing $15,000, that will give the local building trade a supply of 1,000 cubic yards of sand per day from the Spanish bank grounds."

The building supply men ridicule the idea that the silica company can, by the purchase of one single pump and a plant totalling $25,000 in price, produce anything like 1,000 cubic yards of sand per day. They say that the very utmost such a plant could produce would be 300 cubic yards, not one-fifth of the quantity needed by the trade in the city of Vancouver.

Another interesting development in the case has reference to the lease granted by Hon. William Pugsley to Captain Horace Heay. It was stated yesterday that this lease was confined to a sandbank in False Creek, opposite the Kitsilano reserve, and had no connection at all with the Spanish Bank, which was left free to anyone who had the enterprise to go out there and take the sand. This statement is confirmed by Purvis E. Ritchie, of the Ritchie Construction & Supply Company, who said that the facts regarding this lease were these:

Captain Horace Heay is the owner of the tugs which were employed in the work in False Creek, and the lease was in his name, but it was actually owned by the Ritchie company, of which Heay is an employee. The lease was exclusively for the sandbank opposite the Kitsilano reserve, one which had never been worked before, and had no connection, directly or indirectly with Spanish Bank.

Under that lease the sum of $750 was paid in dues to the Dominion government, but it was found that the operation was not profitable, first because of the free sand on the Spanish Bank, and, secondly, because the builders supply men preferred the sand from further out to that taken off Kitsilano, and there was consequently not the profit which was expected. This was the situation up to the spring, when it was aggravated by the granting to the Pacific Dredging Company of a contract to dredge False Creek.

The Ritchie Company could not see the wisdom of paying the government five cents a cubic yard for taking sand from False Creek, while the same government was paying the Pacific Dredging Company to take the same sand away. They, therefore, decided to throw up their contract, and did so.

It was certainly a Ritchie day in connection with the case yesterday. W. B. A. Ritchie, K. C., of the firm of Bowser, Reid & Wallbridge appeared for the Silica company in chambers at the courthouse; he was opposed by Owen Ritchie, the law partner of G. H. Cowan, and the Ritchie Construction & Supply Company threw additional light upon the lease granted by the late government.

SPINTLUM IS FOUND GUILTY OF MURDER

Jury in Indian Case at Westminster Remain Over One Hour—Prisoner Sentenced.

New Westminster, June 28.—After being out for an hour and a half, the jury returned a verdict of guilty against Paul Spintlum, who is charged with the murder of Constable Kindness. On being asked by his lordship if he had anything to say as to why he should not be sentenced, the prisoner simply looked vacantly at the judge and smiled. Having ascertained that the prisoner understood English, Mr. Justice Morrison sentenced him to death, Friday, September 12, being the date of the execution.

Mr. Henderson, in addressing the court on behalf of the defence, argued that the shots that killed the constable were not fired from behind the log, and said it was a matter of comment that the tracker who found the cartridges behind the log had served a term in the penitentiary.

Mr. MacNeill, for the prosecution, met the argument that the shots were not fired from behind the log by referring to the evidence of seven members of the posse.

His lordship in summing up, said the main feature in the case was that of identification. Could the jury believe the evidence of Boyd? He then outlined the evidence, pointing out the points to be decided by the jurors.

The jury wanted the measurement of shoes found compared with the prisoner's feet. An adjournment was obtained and two shoemakers measured Spintlum's feet. The first of them called to the stand was doubtful if the prisoner could wear the shoes. The second was more definite and stated that he considered that the accused had worn them. No great stress was laid on this point in the argument of the counsel.

CONCRETE ON CANAL LOCKS NEAR FINISH

Indians Discover Millions of Tons of Anthracite Coal Near Colon

Miraflores, C. Z., June 28.—Concrete work on Miraflores locks proper was completed on May 17, when the finishing course was placed on the end of the southwest wing wall. The reinforced concrete floor and stairway in the middle wall at the junction between the upper and lower locks at Miraflores was completed on Tuesday, June 10.—Total amount of concrete in the Miraflores locks to date is 1,461,518 cubic yards.

The concrete work in the Pedro Miguel lock proper has been finished for some time, with the exception of opening in side of wall and caisson dam sill, through which the drainage water from Culebra cut enters the main centre wall culvert.

In May material excavated in the central division was 921,000 cubic yards, of which 354,061 cubic yards were classified as earth, and 566,939 cubic yards as rock. Of the total 896,600 cubic yards were primary excavation in the canal prism, and 24,400 cubic yards were from ditch for draining old Culebra dump. The total—921,000 cubic yards—was removed by steam shovel.

The total excavation by dredges during May was greater than during any previous month since the beginning of the canal construction. The total output from Atlantic and Pacific entrances was 1,522,102 cubic yards. A relay pumping station is being installed on the west side of Culebra cut, near the bridge of the Panama railroad over the Rio Grande.

A deposit of millions of tons of fine anthracite coal, recently discovered near Colon, will give Panama an article of export besides bananas and cocoanuts. The discovery was made by Indians on the highlands above Rio Indio, which flows into the Caribbean sea about 30 miles west of Colon. The deposit is located about 25 miles up the river, and is not difficult to reach.

J. M. Hyatt, who has been interested in mines in South America for many years, and who at one time was the United States vice-consul, made thorough inspection of the anthracite deposit. He found a vein 18 inches thick, on the average, which extends over a territory of 25 square miles.

MAUVAIS GARMENT IS REALLY THE WORST YET

New York, June 28.—Arriving on the Cunarder Mauretania yesterday, was Miss Gail Kaine, an actress, who returned from a tour abroad to warn Anthony Comstock of a moral destroying creation of Paris sartorial art, which is due to arrive here in about a month, according to fashion forecasters. This "Mauvais garment," as she called it, is known in Paris to the wicked, who affect it as the "chemise exposee," and compared to it, the peekaboo shirtwaist is a thing of modesty and refinement.

FROZEN PETROL FUEL IN CROSSING ATLANTIC

New York, June 28.—To attempt a flight across the Atlantic ocean in a hydro-aeroplane, using frozen petrol as fuel, Frank Clifford arrived on board the Mauretania. He will start from Atlantic City in a Queen monoplane, and says he expects to take on a new supply of petrol in mid-Atlantic from a boat to be stationed there. He gives himself thirty hours to make the trip, and says that is as long as he could keep the aeroplane going. He intends to melt petrol as he flies.

Fifteen Hundred Soldiers Are in Camp at Sidney.—Sunday trains on the V. & S. railway leave Victoria at 10 a. m., 2 p. m. and 6.30 p. m. Returning trains leave Sidney at 11.30 a. m., 5 p. m. and 9.15 p. m.

CONSTABLE'S ASSOCIATION NAMES YEAR'S OFFICERS

Halifax, June 28.—Officers of the Chief Constables' Association of Canada elected yesterday for the coming year are:

President, Chief Williams, London, Ont.; vice-president, Col. Sherwood, Ottawa; secretary-treasurer, Deputy Chief Stark, Toronto; executive committee, Chief Trudell, Quebec; Chief McPherson, Winnipeg; Superintendent Rogers, Ontario provincial police, Toronto; Chief Johnson, Moose Jaw; Chief Carpenter, Edmonton.

The next place of meeting will be Winnipeg, in June next year. After the closing of the convention, the chiefs attended a banquet last night.

Visitors to Victoria—can nowhere be better accommodated than in the delightfully clean comfy rooms "at The Kaiserhof."

TO PREVENT STRIKES IF NEW BILL PASSES

Senator Newland's Measure Approved by Organized Labor and Capitalists

Washington, June 28.—It is believed that it will be a part of the policy of the Wilson administration to enact into law the bill recently introduced by Senator Newlands, of Nevada, providing for the enlargement of the so-called Erdman arbitration act. That bill has been prepared, after a most careful study extending over several years, by the ablest men of the National Civic Federation, and it has also the general indorsement of railroad presidents and organized labor.

Nothing, of course, can be done the present session, although it had been hoped that the bill could be put through the senate; but next winter it will be taken up early in the session by the senate, put through without delay, and then sent to the House. Senator Newlands was chosen to introduce the bill for two reasons: First, his great interest in the question which the bill covers, and, second, the fact that he is a Democrat and in sympathy with administration programmes. The proposed new law will mark the most important forward step in the settlement of wage controversies since the Erdman act was passed, many years ago.

With all its defects and deficiencies, congress is coming to realize that the Erdman arbitration act has been serviceable in preventing many strikes and other industrial disturbances. The railway brotherhoods feel the same way about it, which explains why they have, without exception, indorsed the Newlands bill providing for enlarging the Erdman act's scope. If the present defective law can have such good results, runs the argument, a better law is by all means desirable.

It is pointed out that the Newlands bill remedies the defects of the Erdman act, but at the same time preserves all its most valuable features. The membership of the arbitration board, for instance, is increased from three to six, thus meeting objections which almost prevented the arbitration recently of disputes between the eastern railways and their engineers, the railways believing that the number of arbitrators was too small to handle a subject of so much importance.

PROMINENT COURTENAY BUSINESS MAN DIES

Walter M. McPhee Mourned by Family and Large Circle of Friends.

Courtenay, B. C., June 25.—The funeral took place to-day of one of the most prominent and important business men in this district, in the person of Walter M. McPhee.

Mr. McPhee died with almost tragic suddeness early on Sunday morning last, from internal hemmorhage, and leaves a widow and two children, who have the heartfelt sympathy of everyone in the neighborhood.

He has spent his whole life in Courtenay, and his father was one of the earliest pioneers in this part of Vancouver island. While being the shrewdest and keenest of business men he endeared himself to everyone by his kindly and genial nature, and striking example of his widespread popularity was evidenced to-day by the fact that a number of Indians followed his remains to the grave.

His father instituted the well-known firm of McPhee & Sons, trading as general merchants, more than 30 years ago.

For several years he was secretary to the Liberal Association, also secretary and treasurer of the Comox Creamery Association and secretary to the Agricultural Association.

He had been deeply interested in and closely connected with Masonic affairs, having been twice master of the Hiram Lodge, No. 14, and was also district deputy grand master of the British Columbia Provincial Lodge, District 5, and was at the head of the Foresters and Orangemen here.

His funeral was attended by all classes of the community from Cumberland, Comox and Courtenay, and in fact from the whole district.

OVER ONE MILLION IN GIFTS FOR HARVARD

Widener Library Not Included in List Just Announced at College.

Harvard, Conn., June 28.—Gifts aggregating $1,100,000 in addition to the new $2,000,000 Widener library, now under construction, have been announced for Harvard university by President Lovell as follows:

Twenty-five thousand dollars from George Agassiz; $100,000 from Peabody family to complete museum; $50,000, Mrs. Croft, for high tension electrical laboratory; $90,000, anonymous, for music; $50,000, Mrs. Lawrence Rotch, fund for Blue Hill observatory; $100,000, class 1888; $102,000, Charles Nichols McCall; $37,000, anonymous; $55,000, applied science; $51,000, Miss Goodenough, scholarship; $10,000, Isidor Straus, for school of business administration; $57,000, miscellaneous; $25,000, Mrs. James Barnard, for zoology; $40,000, anonymous, for books; $10,000, John D. Bryant, for dental school; $34,000, hospital; $25,000, tropical medicine; $254,000, other gifts.

TERRITORIAL FORCE STRONGER THAN EVER

Colonel Seeley Says Progress is Splendid Despite Attacks of Press

Barnstaple, Eng., June 28.—Speaking at Barnstaple, Colonel Seeley, secretary for war, said that in spite of very violent attacks by certain newspapers the recruiting for the territorial force had been buoyant. In fact it had been the best recruiting year they had had for four years. There were some who when they objected to a thing, whether it were the insurance act or the territorial force, were always making the mistake of the man who kept pulling up the plant to see how it was getting on. They did not intend to allow the insurance act or the territorial force to be uprooted.

The territorial force, like the insurance act, was a new thing, and it took new things a long time to grow in England; but when they grew they grew very strongly. The territorial force on July 1, 1908, numbered 183,000 officers and men; to-day it numbered 242,000 officers and men. It was quite true that such an abnormal number of men were due to leave the ranks during the present year that they must expect a considerable shortage, but he had little doubt that the shortage would be made good.

They had heard a good deal lately of a proposal to abandon their old voluntary system for military affairs. They had not yet heard it proposed for naval affairs that they should adopt the compulsory system which prevailed on the continent and in some of the dominions. They could not apply the compulsory system, he was persuaded, to the navy, nor to the air service. Then would it not be very unwise to apply it or attempt to apply it to one portion of their defensive forces while they left the other under the voluntary system?

If they wanted universal service, let it be in such things as the payment of taxes and national insurance, and in national physical training continued beyond the school age at the expense of the state. It would be an error to suppose that the physique of a nation could be improved by turning all the people into soldiers. Let them stand by the voluntary system for their fighting force and devote themselves in the universal direction to the improvement of the physique of their imperial race.

NEW TIE ON WHICH RAILS WERE UNSPIKED

Foreman of Section Gives Evidence at Wreck Inquiry at Ottawa.

Ottawa, June 28.—"A rail's length east of where the cars left the tracks, the section gang had just put in a tie, to which the rails were not spiked. This tie remained in its place after the wreck, however, and in my opinion, had nothing to do with the cause of it."

This evidence was the most important given at the opening session of the inquest on John Pease, one of the victims of Wednesday's wreck on the C. P. R. near here, in which eight persons met death. It is considered important because it deals with a question about which officials have been busy ever since the wreck, whether all the rails were spiked down or not, and was given by Edward Lyons, foreman of the section gang who were repairing the track at the point where the wreck occurred. Lyons testified that only one tie was not spiked.

Other witnesses deposed that there were no broken car wheels discovered in the wreck. Lyons held to the opinion that the wreck was caused by some piece of ironwork dropping from a car to the rails, while most of the other witnesses seemed to think the accident was an unexplainable occurrence.

Several of the passengers on the train were examined, but nothing of importance was elicited, they merely giving a plain statement of the accident.

Mr. W. W. Scott, counsel for the C. P. R., from one of the brakemen, obtained evidence that when the train left Ottawa some passengers in a colonist car were on the platform, and were warned, and that the only two dead who had been taken from this car later, were found outside of it.

After hearing medical evidence and the testimony of several eye-witnesses, Coroner Craig adjourned the inquest until next Monday.

LOGGING FOREMAN KILLED AT COURTENAY

Courtenay, June 25.—The district coroner, Judge Abrahams, held an inquest to-day on the body of Daniel Mugan, a foreman, employed by the Comox Logging & Railway Company.

From the evidence of two witnesses, fellow workmen, it was discovered that the deceased had met his death while returning from his work. He was riding on a car on which was piled a number of track ties, and it appears that the ties had been loosely packed. Mugan was sitting at the foot of the pile when a sudden jolt of the train caused the ties to collapse, knocking him off the car and falling on him.

The train was promptly pulled up and the deceased was found with three of the ties lying across his chest and the lower part of his body.

Dr. Millard, of Courtenay in his evidence stated that death was caused by concussion of the brain and internal injuries, and the jury brought in a verdict of accidental death, attaching no blame to the company or its officials.

SEEKS WATER SUPPLY.

Engineer at Work in Vicinity of Courtenay for Local Improvement.

Courtenay, June 25.—Mr. Knewstubb, one of the engineers in the water department of the provincial government, is surveying four miles of country in the close vicinity of Courtenay, with a view to discovering whether there is a sufficient volume of water to supply the town, and also those householders who have their residences near what is known here as the Creek.

Angus Campbell & Co., Ltd. "The Fashion Centre" 1008-10 Government St.

Announcement

On Wednesday, July 2, at 9 o'clock a.m., will commence with us one of the greatest half-yearly sales we have ever held. Hundreds of discerning women and economical mothers have been waiting for this event.

Our Sales require very little introduction—they are so well known to the ladies of Victoria and surroundings. The genuineness of the bargain offerings, and the quality and condition of the merchandise we carry.

It is our policy to effect a clearance every season to enable us to keep our stock fresh, clean and right up-to-date—and our Sale prices are such as to insure a speedy clearance.

We always have received at our Sales openings large and enthusiastic crowds, but this year we anticipate a particularly brisk sale, as the stocks are somewhat heavier—the variety greater—and consequently the prices lower than ever.

Tremendous Bargains in every department commencing Wednesday at 9 a.m.

ANGUS CAMPBELL & CO., LTD.

P. S.—See Sunday's ad in Colonist, and Monday's ad in Times for special details of opening day reductions.

Specials This Evening in Outing Dresses, Waists and Holiday Requisites.

ANOTHER AUSTRALIAN DISSOLUTION LIKELY

Hon. W. H. Irvine Says No Possibility of Harmony Between Liberals and Labor.

Melbourne, June 28.—There is no possibility of the Liberal and Labor factions in the federal parliament working in harmony, and any time after parliament meets there may be a dissolution. This is the substance of a statement by the new attorney-general, Hon. W. H. Irvine, who is regarded as the strongest man in the government.

Mr. Irvine declared that a Liberal-Labor compromise is impossible. The parties, he said, have different principles, and are proceeding on different lines, and would not walk together for one minute.

The Liberals, continued Mr. Irvine, intend following a straight line, and will not diverge from it one atom. He himself would forfeit his position rather than compromise.

The attorney-general concluded by saying that he believed that a dissolution was probable.

BODIES NOT FOUND.

Edmonton, Alta., June 28. — Despite search all through Thursday night and Friday, no trace has been found of the bodies of Mr. and Mrs. Hooper, Mr. and Mrs. Earl Meredith, Mrs. E. J. Case and Mr. Robert Patton, the six Edmonton young people who were drowned in the Saskatchewan river here Thursday evening. The river is rising rapidly, which makes the task of the searchers more difficult.

POLICE FAIR APPOINTMENTS.

San Francisco, June 28.—Fair candidates for jobs on the police force have almost trampled each other in the rush to get their applications before the police commission of this city. Three policewomen are to be appointed Monday night, and to date more than two hundred have applied.

Civil service examinations will not be required as with policemen.

MOTORISTS AND THE PUBLIC.

The Colonist is to be commended for upholding the rights of motor car drivers on the public highway. The drivers of mechanically propelled machines should not be discriminated against either in the making or in the enforcement of the rules of the road. Least of all should they be persecuted by officials merely because they happen to be, we believe temporarily, objects of popular resentment. Unquestionably nine-tenths of the people who drive motor cars are just as careful in the observance of the law and as thoughtful of the rights of others who use the highways as they are circumspect in their ordinary walk and conversation. At the same time, there are certain facts that are obvious. There is a "submerged tenth" which has obtained possession of motor cars here as well as in almost every part of the world in which motors have come into the daily life and occupations of the people. The number of accidents, usually accompanied by death, daily reported in the newspapers proves this proposition. Very few of these mishaps would be reported if the rules of the road and the laws essential to safety were not violated. As we have already pointed out, too many motorists are in a hurry. If the facts were gathered, in ninety-nine cases out of a hundred there is no reason whatever for the mad haste which often results in tragedy. Our belief is that many people who drive cars are temperamentally or constitutionally unfitted for the job. What we see almost every day cannot be accounted for in any other way. Although there is a law against motor cars passing street cars going in the same direction when the street cars are discharging or taking on passengers, that law is broken every day. It is one of the best regulations on the statute book. It is essential to the rights, not to mention the safety, of the public who are restricted by circumstances to the use of street cars. Yet repeatedly this week young-men-in-a-hurry (although they have probably not very much to do) have been seen driving their motor cars at the rate of twenty miles an hour past street cars discharging passengers. This sort of thing cannot go on very long without a lamentable accident happening. Some day an unwary child or unvigilant adult will step in front of one of the machines. After all, it is not to be wondered at that the average person harbors a grudge against motor cars, or rather against motor car drivers.

THE FLOOD IS ON.

Fifteen years ago the annual emigration from the United Kingdom was fifty thousand, most of it going to foreign countries. Ten years ago it was one hundred and twenty thousand, with a growing proportion bound for British dominions, and now it has reached three hundred thousand, the bulk of which goes to Canada and Australia. These emigration figures are causing the public men of the Old Country considerable uneasiness. If the exodus continues to swell in volume at the present rate it will not be long before the dominions will be draining the population of Britain to the extent of half a million a year or more. And the emigrants are very largely hand-picked. The immigration laws of the dominions make it impossible for any but the best type of people to land upon their shores.

British statesmen are beginning to realize that something must be done to discourage the wholesale departure of agriculturists and others from the United Kingdom. Some of the counties are seriously feeling their loss. In this predicament, however, they have notable company. Canada is likewise drawing from the United States the cream of settlers in spite of the organized efforts which have been made to stop the outflow. The only way in which this can really be done is for the governments of the respective countries to make conditions of living so favorable at home that people will not want to leave.

THE PUTUMAYO ATROCITIES.

Some time ago the attention of the British parliament was drawn to disclosures of horrible atrocities perpetrated on the natives of the Putumayo district, a territory nominally under the Peruvian authority, but across the Andes a long distance from the capital. The exposure was first made by a newspaper correspondent and was confirmed in the consular reports of Sir Roger Casement, which recited occurrences of so harrowing a character as to be incredible. Agents of the Peruvian Amazon Company in the course of their business committed acts or unspeakable cruelty and by murder and terror killed or drove away four-fifths of the population. The unfortunate natives were tortured with degrees of cruelty only paralleled in the days of the Spanish inquisition, and as a number of the directors of the company were British and some of the victims British subjects, a parliamentary committee was at once appointed to inquire into the charges.

The report of the committee has just been made public. It exonerates the directors from direct complicity in the atrocities, the responsibility for which rests upon Senor Arana, a Peruvian, who had the management of the business. But the directors were censured severely by the committee for culpable negligence in not inquiring into the treatment of the Indians and the character of their agents. Had the directors known what was going on they would have been liable to heavy punishment, even though the crimes were committed outside the jurisdiction of British courts. But it is only in the case of certain grave misdemeanors that this can be done, and the committee recommended that the list of offences punishable by the British courts when they are committed abroad should be extended so as to cover "the gravest offences against the person, and any practices of forced labor which are akin to slavery." There would always be great difficulty in collecting the evidence, but it would be no greater, if the law were extended, than exists at present in cases of murder and slave-trading abroad, which are now liable in English courts.

In censuring the directors the committee's report said:

"Your committee find no evidence that the British directors made themselves individually parties to any overt act which would expose them to a charge under the Slave Trade Act. But they cannot absolve them from the charge of culpable negligence as to the labor conditions that prevailed under their company. They had inherited a system of doing business, of the real nature of which they were confessedly ignorant. It was worked by agents of whom they knew nothing. They wrote to the foreign office that 'the board have taken and will continue to take all the steps open to them to ensure that the company's business in the Putumayo district shall be carried on in a proper manner, and with all possible consideration towards the natives.' And Senor Arana in a letter to the shareholders, sent by the company to the foreign office, declared that 'the greatest care is taken in the selection of the agents and employees of the company in these remote regions.' No care at all was taken, and the employees were, in fact, a gang of ruffians and murderers, who shot, apparently from sheer lust of blood, or burnt, tortured and violated in a spirit of wanton devilry."

A lecturer on life culture (human life culture, we presume) says dying is merely a habit. Perhaps so. Many of us would be glad if it were so. Still the fact remains that dying is an ingrained habit, a habit that many have striven to overcome and none—at least in modern times—has succeeded in overcoming. It is also a universal habit, common alike to animal and vegetable life. And we have yet to hear of any vegetable hastening the inevitable end by "burning the candle at both ends." They have no vicious habits that moralists, animal or vegetable, can point out. No; we would like to think otherwise, but the old sentence imposed so very many years ago has never been, and probably never will be, set aside by "the final court of appeal."

* * *

In the good old days "befo' de wah" Canada was a place of refuge for the beaten and oppressed negro. Now that modern development of the colored race, Jack Johnson, has found a safe haven "over the bordah, sah." Times and seasons change—and men and women, too, apparently. There appears to be no law under which Jack can be deported. The next thing we know he will be the sensation of Paris, whose highly-cultured populace appear to have a strong affinity for colored boxers.

* * *

Sometimes we read of complaints regarding the delivery of letters entrusted to the care of the Canadian post office department. Indeed, only recently the Times received a letter from an indignant subscriber enlarging on the subject. Canadians are not the only people who have cause for complaint, however. A letter posted at a certain town in France thirty-seven years ago has just been delivered. We wonder what the rate of postage was then.

* * *

Col. the Hon. Sam Hughes appears to enjoy his position and his uniform hugely. All the same we are willing to wager a modest sum that the Minister is not nearly so happy as in the old days when he used to wield a lacrosse stick as a member of the Toronto team and there were heads of Shamrock players to hit.

* * *

A London dispatch says: The name of the vicar of Gering is Dams, and that of his priest is Helle, but the vicar of Horley evens the score a bit. His name is Heaven. The idea of paying cable tolls on such a "news item" as that!

BITS OF WISDOM.

Nature is best conquered by obeying her.—Bacon.

Next to excellence is the appreciation of it.—Thackeray.

One of the sublimest things in the world is plain truth.—Bulwer.

One shriek of hate would jar all the hymns of heaven.—Tennyson.

Silence at the proper season is wisdom, and better than any speech.—Plutarch.

GO TO IT, ANDY.

From the Detroit News.

Carnegie denies that he was offered a dukedom if he would bring about the annexation of Great Britain and the United States. Why should he repudiate such an offer? Take it, Andy.

◇ ◇ ◇

Were the old poets here to-day
We'd see some funny scenes,
With Burns and Pope extolling soap
And Shelley boosting beans.
—Pittsburg Post.

Well, Burns and Pope might crack up soap
And trade their ads would draw;
But I hardly think Bill Shakespeare's ink
Would sing the praise of Shaw.
G. H. W.

HOLIDAY RACES.

Seattle, June 28.—At Madison park, July 4, the greatest motorcycle drivers of the west will contest in seven races, with the fourth heat of the Portus Baxter trophy, at a distance of ten miles, as the central attraction. Racing will be given at Vancouver on Dominion Day, July 1, beginning at 10.30 a. m., and the winners of the contests at the Canadian city will leave for Seattle the same day to participate in the racing at Madison park, which is being specially put in shape for the big holiday event.

SUFFERING FROM COLD

For days last winter many Victoria residents were without fuel of any kind on account of the Coal shortage and the dealers being unable to deliver.

Avoid a repetition of last year by ordering your Coal now as the Coal situation this coming winter will be much greater than last.

To induce you to lay in a stock now, we are selling our

Washed Nut Coal

at

$5.00 Per Ton

We will not sell at the above price unless the cash is paid.

Smart Styles in Ladies' Linen Coats

IF you are taking a motor trip into the country during the holidays, you will need one of these Coats. Being made in the full length, and to button well up onto the neck, they entirely cover the undergarments, thus acting as ideal dust or motor coats. There's a variety of styles to choose from. Some are quite plain, others have a wide belt across the back and still others have a belt all round; all have big patch pockets. Some have leather piping and buttons; others have a full leather collar. A style and a size to suit all. Priced from $5.00 to $9.75

Women's Smart Outing Dresses From $7.50 to $20.00

NOTHING more serviceable for outing dresses than pure linen or ginghams. They look smart, wear well, and launder easily. We have a large assortment of pretty styles and the colors include pink, blue, white, mauve and fancy stripes. Some of the models are in the Russian blouse effects, having the bodice of a different shade from the skirt; these are very effective. Others are with round collars and three-quarter length sleeves, neatly trimmed with lace, hand-worked embroidery and Bulgarian trimmings, and some have fancy belts. Values from $7.50 to $20.00

Plain Tailored and Fancy Waists Suitable For Holiday Wear From 50c to $3.75

STRIPED PRINT WAIST, with three-quarter sleeve and sailor collar; box pleat front. A very nice house waist, and is good value at .....50¢

COLORED WAIST in black or blue with white spots. In the "Peter Pan" style, with three-quarter sleeve, with turn-back cuffs. In all sizes. A very useful waist, and sells at only .....50¢

TAILORED WAIST, in new vestings; tucked and buttoned up front through box pleat. Linen collar and soft cuffs. All sizes. A smart line at $1.00

TAILORED LINENETTE WAIST, embroidered front, of very neat design; fastens up front through box pleat; also several smart designs in same quality, at $1.75

WHITE MUSLIN WAIST with embroidered front; three-quarter sleeve. Trimmed with tucks and lace. High collar tucked and trimmed with lace. Selling at only..75¢

WHITE MUSLIN FANCY WAIST, has Dutch neck; Swiss embroidered front with tucks; three-quarter length sleeve trimmed with tucks and lace insertion. A very neat waist. Selling at $1.50

FRENCH VOILE WAIST, trimmed with Guipure lace and pin tucks; round neck of lacework; three-quarter length sleeve trimmed with Guipure lace and frills of Valenciennes lace. In all styles and sizes, at $3.75

—First Floor.

Take an "Ensign" Camera With You on Your Holidays

YOU will find one very useful, for you will be able to bring away pictures of the lovely spots you visited; also pictures of your friends. How often have you wished that your friends in the Old Country could see some of the beauties of this district in which you are now living; or see your new home. Why not send them a real photo—one taken by yourself. It would give them an endless pleasure. With the ENSIGNETTE there are no focussing difficulties. Everything is sharp, bright and clear from objects six feet away right to the horizon. There need be no failures, and even if one is quite a beginner at photography, good, crisp pictures will be obtained even from the very first spool. Enquire for our price list.

REMEMBER—We carefully develop any size film of 6 or 12 exposures for.....15¢

—Photographic Dept.—Main Floor.

White Linen Skirts Most Serviceable For Holiday Wear

YOU will want a white skirt to wear during the holidays, and we cannot recommend a smarter garment that can be sold at such a low price as one of these. Municipality of Esquimalt Taxes

In order to save the rebate of 1-6, taxes must be paid on or before the 30th day of June, 1913 at Municipal Hall, near Soldiers and Sailors' Home, Esquimalt Road.

A. B. ELLIS,
Collector and Treasurer.

Fairfield Estate

It is situated on Oxford street and is one block from the Cook street car line. A good big lot, well fenced, splendid soil, will raise anything, and there is a 20-foot lane at the back, a new garage with cemented floor, good view of the Olympian range of mountains, and 4 blocks from the Dallas road. The house is a new bungalow cottage, very "unique," with cemented cellar and foundation, all modern conveniences and furnace, all quite new, fresh and clean, good big porch, cut stone to veranda and stone pillars, 6 rooms finished, toilet finished in white enamel, medical cupboard and shaving glass, 3 bedrooms finished white enamel, dining room and sitting room, beamed ceilings, and tinted, open fireplaces, lots of light, big windows, hardwood floors inlaid. The price for a quick sale is only $6,500, with terms, being the cheapest buy I know of or have seen.

MADAM SARAH BERNHARDT.

At the New Dominion Theatre in The Romance of an Actress, enacted by the entire company, from the Theatre Sarah Bernhardt. The title role, Adrienne Lecouvreur, is played by Madame Bernhardt.

The glittering and essentially gay reign of Louis XV. of France forms a fitting frame for the romance of the beautiful and gifted but ill-fated Adrienne Lecouvreur. Living in a period when the court thought of little else but pleasure, when intrigues, love romances, jealousies and scandals were rife, when the regent was surrounded by an empty-headed and frivolous throng of courtiers, in such a time then it is little wonder that the romantic, appealing and thrilling tale of Adrienne Lecouvreur should unfold itself. This gifted actress was the idol of the public—not only of the public, but also of the court, where her beauty and fascination procured for her a host of ardent admirers, but at the same time also her popularity created many enemies, among the latter being the all-powerful Duchesse de Boullion, who had formed an attachment for Adrienne's lover, Maurice de Saxe, and this infatuation proved fatal in the end for Adrienne, who came to an untimely death at the early age of 38, in the year 1730.

The part of Adrienne Lecouvreur is one of Madame Bernhardt's most famous; in it her acting is exquisitely beautiful and touching. Her company, needless to say, are one and all perfect. A word of special praise must be given, however, to Mlle. Romani, who, in the arduous role of the Duchesse de Boullion, plays superbly. It is a treat also to see M. Lou Tellegen in one of his famous parts as the lover.

The above will be shown at the Dominion theatre commencing Monday, June 30 for four days continuous from 2 to 11. *

o o o

Belsize Motor Express.—Cordova Bay stage starts at 9.00 and 11.00 a. m. Sunday mornings from 850 Johnson street. Phone 4056. Picnics arranged for. *

Menagerie at Vancouver.—As one of the attractions of the Vancouver exhibition, the menagerie of James G. French will be taken over to Hastings park on the occasion of the fall show. Manager Rolston has been so informed by Mr. French.

o o o

Court of Revision.—On account of a new local improvement act passed since the court was constituted early in the year, it will be necessary to constitute the court afresh, and at the next council meeting the mayor and four aldermen will be appointed as members of the court.

o o o

Arrested in Vancouver.—F. Bernard, who arrived from Honolulu on the Marama on Tuesday, was yesterday arrested in Vancouver on cabled advices from the chief of police, on a charge of embezzlement. He will waive extradition, and return on the Marama for trial.

o o o

Returns From Capilano.—In connection with the proposed purchase of pipe for part of the Sooke Waterworks, Water Commissioner Rust and the resident engineer visited the Capilano plant of the city of Vancouver on Wednesday. Mr. Rust said this morning that they desired to avail themselves of the experience gained in Vancouver with certain classes of pipe.

o o o

Go to Tacoma.—Stephen Jones, potentate of Gizeh Temple, Mystic Shriners, accompanied by the captain and officers of the patrol and other members left on the Iroquois at 8.30 a. m., to-day for Tacoma, where they will be entertained at a ceremonial session. As this will be the first visit of the patrol to an outside point it is expected that many nobles of Victoria, both those who are members of the patrol and those who are not, will go on the trip.

o o o

Visiting Salvationist.—Major Lilian Soper, a sister-in-law of General Bramwell Booth, commander of the Salvation Army, has arrived in Vancouver with Captain Lilian Arnold, having come west with a party of Salvation Army immigrants from Quebec. She is looking into the opportunities for women immigrants in this country, more particularly with regard to the openings in domestic service. She will spend some time in Vancouver before coming here to look into the situation.

WILL CHRIST EVER COME AGAIN?

No Admission to Be Charged Saturday Evening—All Welcome.

Toppling tomb-stones, falling mountains, opening graves, fiery heavens, and a burning earth, have been so promiscuously associated with the Lord's Second Coming, that many Christian people are coming to dread the event instead of praying for it as instructed in the Bible.

What is the manner of the Lord's Second Coming? Will he ever come again in the flesh? Will this earth ever

be totally destroyed? Why should the Lord ever come again? What could be the benefit of His Coming? Is it a time to be dreaded?

These and many other important questions will be definitely answered from the Scriptures, Saturday, June 28 at 8 p. m., in the Alexandra Club, by Pastor E. D. Sexton, Los Angeles, who is now touring the United States and Canada, lecturing in the largest cities. Crowds turn out to hear him; frequently many are turned away. All seats will be free Saturday night. *

A LINE O' CHEER
EACH DAY O' TH' YEAR
By John Kendrick Bangs

FELLOWSHIP.

I haven't much money to help out your care—
I need all I've got, and there's little to spare—
But if 'twill help out when your troubles look black
Just count upon me for a slap on the back.

BLANEY SCOTT IS UNABLE TO ROW

An abcess on one of his fingers will prevent Blaney Scott from rowing No. 2, for the J. B. A. A. senior four at the N. P. A. A. O. regatta, and his place will be taken by Donaldson, who will start training immediately. Great success attended the "flannel" dance of the club, which was given in the Connaught hall last night, several hundred being present. The ballroom was suitably decorated in the club colors and supper was served towards midnight.

The committee in charge, to whose efforts so much of the success of the evening was due, consisted of Messrs. J. Y. Simpson, D. O'Sullivan, F. W. Thomas, W. H. Davies, B. E. Scott, A. Poon, W. N. Kennedy, S. Lorimer, H. B. Beasley, A. Jeffs and Harry Skuce, secretary-treasurer.

Invaluable assistance was lent the committee by Mrs. George Simpson, Miss Train and Mr. Gerow.

WILL RESIDE HERE.

Miss Mary Jewitt and Mr. Frank Davison Wedded at First Baptist Church.

Yesterday, at noon, at the First Baptist church, a very pretty event took place when Rev. J. B. Warnicker solemnized the marriage of Mary, the eldest daughter of Mr. and Mrs. Richard Jewett, of Norton-on-Tees, and Frank, eldest son of Mr. and Mrs. Davison, of Stockton-on-Tees. The bride, who was given away by Mr. John Greenwood, looked charming in a beautiful satin gown with lace trimmings, and was attended by one little bridesmaid, Miss Betty Greenwood, who looked very pretty in a white frock. Mr. George Brown acted as best man, and Mr. W. Duncan, a friend of the groom, presided at the organ and played appropriate music. After the ceremony the guests repaired to the residence of Mr. and Mrs. J. Greenwood, Washington avenue, the happy pair leaving by the afternoon boat for Vancouver, where they will spend their honeymoon. On their return Mr. and Mrs. Davison will take up their residence at Admiral's road.

Flannel Trousers at sale prices, $2.65, $3.25, $4.35. J. N. Harvey, Ltd. *

o o o

Port Street Paving.—A deputation from Fort street residents, on that portion of the street between Linden avenue and Yates street, waited on the city engineer yesterday to urge an early start upon the paving work. Mr. Rust pointed out that it would be necessary to make some arrangements with regard to financing before any undertaking could be authorized.

o o o

New Power Cruiser.—A contract was let yesterday by the public works department for a power cruiser for the chief game warden. The cost of the boat, which will be 45 feet long with a 35 horse-power engine, will be about $7,000. The Vancouver Shipyards Co. will carry through the construction. It is necessary to patrol the waterways in order to assure the enforcement of the provincial game laws.

o o o

Board of Trade.—The quarterly general meeting of the Board of Trade will be held on July 11, and members of the board who have business to present on that occasion will be welcomed. At the last meeting a number of applications for membership were received, and if other citizens wish to make application the secretary desires that they apply for the necessary form from the offices.

o o o

At the New Dominion Theatre today (Saturday), The Topical Budget will show the great Derby race, in which the whole incident of the attack on the King's race-horse by Miss Davis, the noted suffragette, which ended so fatally and tragically in the injuring of the jockey and the death of Miss Davis. This thrilling incident is depicted in a manner which is very vivid and the whole of the famous race is also shown from start to finish.

o o o

Appeal to Be Entered.—Fred Foster, plaintiff in the case of Foster vs. Rogers, decided in favor of the defendant last month in county court, has served notice of appeal from the judgment. Argument will be heard at the next term of the court of appeal, which will be held in Vancouver in November. The appellant claims that the judgment was against the weight of evidence and that the interpretation of the law was wrong.

o o o

Oak Bay School Closing.—At the closing exercises of Oak Bay school yesterday Judge Lampman presided and there were a great many parents present. Principal E. J. Haley had an excellent report of the work of the year to make. The school accommodation of the municipality has been very much crowded of late, but before the next term opens the new building on Monterey avenue will be ready for occupation. The board recently made provision for the erection of yet another school, made necessary by the great growth of the school population of the municipality.

o o o

Any dealer who substitutes any other tea for "Salada" because it gives him a little more profit is injuring his business, as the consumer is on his guard against this. It pays to serve your customer with the best.

Edison Amberola V, Open

—isn't there a place for it in your home?

Let us introduce to you the
EDISON AMBEROLA V.

It represents the mature results of two years' study in acoustics to produce a medium-priced Phonograph with a concealed horn.

In appearance and workmanship it is worthy in every respect of its distinction as an Amberola. It is meeting with a welcome reception into homes of real music-lovers and country wide.

Its mechanism, so far as the motor is concerned, is similar to that of the highest priced Amberolas.

The quality of the sound is pure, clear, full, natural-tone, such as characterizes the higher priced instruments like the Amberola I, and Amberola III.

The price is very reasonable.
The terms exceptionally good.
Come in and hear this Amberola V.

BEES RETURN HOME.

Mike Lynch and his Bees will return to the capital Monday afternoon for a four-game series with Tacoma. McGinnity has a large number of ex-Victoria players on his pay roll, and the Tigers are sure of a warm welcome. The games will be played at 6.10 p. m. on Monday and Wednesday evenings, the latter being ladies' day, while two matches are staged for Tuesday, at 10.30 in the morning and 2.30 in the afternoon.

CAMERON ENTERS.

Toot Cameron, of the local Stutz agency, will drive his Stutz racer in the century at the Tacoma races next week.

Along the Waterfront

Shipping News from Day to Day

FIRST STEAM RAISED ABOARD NEW VESSEL

Engines of Princess Maquinna Turned Over Yesterday; Preparing for Trials

Steam was raised for the first time yesterday in the boilers of the new C. P. R. steamer Princess Maquinna, which is now nearly completed at the B. C. marine yards at Esquimalt. A small quantity of oil was placed aboard the new west coast vessel a few days ago, and after everything was in shape the oil was forced through the burners and the water in the big boilers commenced to boil. When a sufficient pressure of steam was raised the engineers turned over the engines and the first revolutions were registered on the indicators.

It is expected that the Princess Maquinna will be ready to undergo her trial trips within two weeks. Carpenters and decorators are now adding the finishing touches to the interior fittings and fixtures of the latest addition to the B. C. Coast Service's fleet.

Engines Turned Easily.

The new burners were thoroughly tested, and after a little adjustment were found to be in perfect shape. A full steam pressure was placed on the boilers. The engines although a little stiff, owing to their newness, moved well. They kicked ahead and astern without any difficulty, and the engineers appeared to be satisfied with her performance.

The builders intend to mark the trial trips of the Maquinna with some function, and it is likely that many of the prominent citizens of Victoria will be invited to attend the initial run. The new steamer will probably develop a speed of fourteen knots.

It is expected that the Maquinna will make her first sailing out of Victoria on the west coast run the first of August.

COLUSA WILL ARRIVE ON HOLIDAY; WEEK'S SHIPPING

Word received from San Francisco by shipping men here regarding the movements of the new Grace liner Colusa, Capt. Minister, is to the effect that the fine ship will arrive on Dominion day. This means that stevedores will not be able to enjoy the holiday. The Colusa has 400 tons of general freight to discharge at this port. She will make the voyage up the coast from the Bay City using oil as fuel. She was converted from a coal burner this week.

Next week the Danish East Asiatic liner Arabien is expected in port from Europe as well as the Comedian of the Harrison fleet. Both these ships were looked for this week, but they were detained at California ports. The Blue Funnel liner Talthybius, Capt. Allen, is expected from Liverpool next Saturday. The Tamba Maru, Capt. Teranaka, is due to arrive next Wednesday from the Orient.

On Tuesday the Nippon liner Shidzuoka, Capt. Irisawa, will sail for the Far East, and the following day the Empress of India, Capt. Hailey, will depart for the Orient.

FEAR WYNERIC HAS BLOWN UP ON TRIP

Baltimore, Md., June 28.—Fears were expressed to-day that the British steamer Wyneric, commanded by Captain Bonner, had gone the way of the Alum Chine, which was blown up by dynamite in Baltimore harbor on March 7. The Wyneric loaded fifty tons of dynamite here. She sailed on April 5 for Guayaquil and stopped at Barbadoes April 15 to take on coal. Since then nothing has been heard of her. Captain Bonner had a crew of thirty men and officers.

WENT FISHING, BUT HE GOT NO BITE

Capt. Thompson Brings Tug William Jolliffe Into Port From Cruise in North

Returning from an extensive fishing cruise in the north to blow down her boilers and undergo a general overhaul, the tug William Jolliffe, Capt. Thompson, arrived at Esquimalt yesterday afternoon. The fishery protection vessel is engaged in keeping American fishermen away from the Hecate Strait banks and occasionally steams out to the west coast of the Queen Charlotte Islands to see if any poachers are pursuing their illegal practices in those waters.

Capt. Thompson, the genial commander of the former Liverpool towboat, said that the trip was uneventful. Much disagreeable weather was encountered and at times the vessel lurched heavily in nasty seas. The Jolliffe came across quite a few American fishing boats during her cruise, but they were either under weigh or fishing well outside the limits of the British Columbia coast line.

Whaling Poor, Fishing Good.

The Jolliffe called in at Naden Harbor and the officers learned that the whaling steamers there are not meeting with any great success. Up to the time the fishery cruiser called only eight mammals had been captured by the two whalers. The weather still seems to be bothering the little vessels and the big game is still wild.

Capt. Thompson brings word that the fishing boats operating off Langara island are making some fine hauls. One day when the Jolliffe was running around the Island a dense fog shut down and Capt. Thompson took his command to an anchorage. Having heard of the good fishing off there the master of the fishery cruiser decided to while away the time by following the Waltonian art. He had a boat lowered and set off with a trolling line trailing astern. For five miles he rowed but did not get a bite, and then he turned back for the ship. Capt. Thompson says it was an off day as few of the Indians took any fish that day.

The William Jolliffe will be leaving for the north about Thursday of next week. She will patrol the Hecate Strait waters once again.

FISHERY CRUISER BACK FROM LONG TRIP

WILLIAM JOLLIFFE.

FALLS OF ORCHY IN.

To load 1,500 tons of cargo at this port the Royal Mail Steamship Company's freighter Falls of Orchy, Capt. Murchie, arrived in port this afternoon at 2.30 o'clock from the Sound. She will probably get away for Portland early on Monday morning.

SEALING COMMISSION AROUSING INTEREST

Ninety Per Cent. of Claims Being Put in by Sealers Who Reside in This Province

665,542 SKINS TAKEN IN FOURTEEN YEARS SEALING

Millions Are to Be Divided Up; Capt. Folger Most Prominent Among Claimants

The most interesting commission to sit in Canada, one which is not only attracting the earnest attention of a large portion of Victoria's population, but also that of people in the East, is the sealing commission appointed by the Dominion government to consider the claims of the men who were forced out of the sealing industry by the treaty formed two years ago between Canada, Japan, United States and Russia. The commission will hold its first sitting here on July 15.

At the present time the owners of the sealing schooners, the captains, hunters and boatmen are making out their claims, and sending them to Ottawa. It is impossible to estimate the number of claims which are being sent in, but they will run well up into three figures. After sitting here the commission will cross the continent and investigate the claims of sealers at Halifax.

Claims Strongest Here.

About ninety per cent. of the sealers who are interested in the closing of pelagic sealing reside in Victoria or its adjacent farming sections. Advertisements are running daily in the Halifax papers, but they were only inserted once in the papers here. Those formerly connected with the industry here declare that when such a large section of the community is interested in the affair, it would only have been just on the part of the government to have placed advertisements in all the British Columbia papers, and kept them running for some days.

Every person who presents a claim, it is understood, will be called to the witness stand. Several millions of dollars will be divided amongst the sealers. At the outset there is $200,000 allotted by the American government to Canada, to be split up, and then there are the receipts from last year's killing on the Pribyloff islands. For fifteen years this country is to be given 15 per cent. of the returns from the sale of the skins taken by the United States on the Behring Sea islands. Just how the money will be divided is not known. When the Japanese commission handed over the money the hunters came in for the lion's share.

The Catches.

After delving way back into the ancient records of the customs department for the Port of Victoria the Times has been able to secure the catches of the sealing fleet from 1889 to 1902. In those fourteen years 665,542 skins were brought into Victoria, and were sold in London for about $17,000,000. The catches were as follows:

1889	35,310
1890	43,325
1891	52,365
1892	49,743
1893	70,592
1894	94,474
1895	70,614
1896	65,677
1897	50,410
1898	28,552
1899	35,471
1900	35,548
1901	24,160
1902	16,301
Total	665,542

A Noted Figure.

There are a number of noted figures who have claims in for sealing money, but the most prominent of all is Capt. Folger, who was one of the first men to leave Victoria in a sealing vessel, and one of the last to quit. He is a unique man. A person could roam the wide world over, and probably never see another seamen his equal. To look at this erect and well-proportioned man, one would take him to be close on to the half-century mark in years. It no doubt would come as a great surprise to a person to know that he has gone two years past his three-score and ten years. There are few grey hairs in this mariner's head. He has been described as a wonder, and he certainly is.

Capt. Folger knows every little trick of the sealing business, and there were few years that he brought a schooner back to port without being among the "high boats." Capt. Folger's last trip from Victoria came to an abrupt termination. He took the schooner Umbrina out, and while sealing off the California coast the United States collier Coruna rammed and sunk her in a fog. None of the crew were lost. This happened in 1911, but as yet Capt. Folger has received no compensation for the loss of the vessel from the American government. Capt. Folger's claim, it is expected, will be one of the best.

RATES ARE DROPPING AND BOATS ARE IDLE

Offshore Freight Market for Lumber Takes Drop; Several Charters Announced

San Francisco, June 28.—The offshore freight market for lumber cargoes has taken a decided drop, as may be seen from the following fixtures. A Strath liner has been fixed to load on Puget Sound or the Columbia river for Japan, China or Australia at 5s. 3d., delivery Japan and re-delivery in the Orient. The vessel was taken by Davies & Fehon, and will first load coal at Moji for Honolulu, and later come across for her lumber cargo.

The schooner Wilbert L. Smith has been fixed up by J. J. Moore & Co. for lumber from Willapa Harbor for Callao, at 57s. 6d., and the schooner Robert Searles from the Columbia river for the west coast by W. R. Grace & Co. at 58s. 9d.

Grace & Co. have also taken the barquentine Omega to load on Gray's Harbor or the Columbia river for the west coast. The schooner E. B. Jackson, Gray's Harbor to Wallaroo, and the schooner Willis A. Holden, Puget Sound or Columbia river to Manila, all at private terms, but presumably at fairly cheap rates.

Ships Are Laying Up.

Ship brokers here are unanimous in their belief that rates are on the down grade, and that the basis would be considerably lower before a stop is reached. The mere fact that owners are laying up their vessels is indicative of a very unprofitable market.

The brig Lurline, which has been laid up here, has succeeded in getting a charter for a general cargo to Tahiti to be loaded by M. H. Hickman.

The British ship William T. Lewis arrived yesterday after a remarkably fast trip of 64 days from Newcastle, Australia, with a cargo of coal. This passage has been made in 64 days, and, several years ago, 44 days would not have been considered a remarkable voyage, but in the last few years, either owing to the weather changes or poor sailing qualities the average for the trip is about 80 or 90 days. The Lewis has no outward charter as yet. She is owned by Hind, Rolph & Co.

United States local inspector of hulls and boilers J. Guthrie, has received a formal report from Captain H. A. Smith, of the steamer Daisy Mitchell, in which he gives his version of the collision between that vessel and the Missourian on the evening of June 23. Smith lays the entire blame of the accident on the master of the Missourian. He says his vessel was proceeding from Gray's Harbor to San Francisco at moderate speed, and blowing her whistle at intervals.

On hearing whistles ahead, he says, he stopped and reversed his engines. The Daisy Mitchell was just beginning to back, declares Captain Smith, when the Missourian coming at a rapid clip, struck the stem of the other boat a glancing blow, and tore it out to within four feet of the waterline.

Bound from Prince Rupert and Stewart, the G. T. P. steamer Prince George, Capt. Donald, will dock here to-morrow morning.

LOCAL MASTERS WERE BOYS ON THERMOPYLAE

Famous Clipper Ship Once Carried Capt. Bilton, of Newington; Was Owned Here

Several days ago there appeared on the shipping page of the Times a short item regarding the passing of one of the most famous British clipper ships that ever spread a suit of sails to a breeze, the Thermopylae. Many will be interested to learn that there is here a seafaring man who served his time in this remarkable vessel. He is Captain Bilton, master of the Dominion fisheries cruiser Newington.

Capt. Bilton had read the story which told of the unique end of this world-renowned ship. The vessel, which has become too old and too small to compete for the world's commerce, was towed out from Sydney, N. S. W., and given a naval burial. Two Portuguese men-of-war riddled the windjammer with shot and sent her to the bottom.

Tells About Her Career.

Capt. Bilton volunteered some information about the career of the Thermopylae. There was once a time when she was owned and operated out of the port of Victoria. Some residents of this city, no doubt, will recall the time when the Thermopylae used to lie at the rice mills in the upper harbor. This was away back in 1891. The sailer was owned by the rice mills, which had its headquarters on Store street, and she was operated between here and China, bringing in full cargoes of rice. While in this service the Thermopylae made several remarkable passages.

"You know," said Capt. Bilton, "there are three of us local boys who served our time together on the old Thermopylae. Bob Shields is master of the United States cable ship Burnside, over in Seattle, and then there's Frank Ferris, port warden for the Union Oil Company, down at 'Frisco. I tell you, we certainly had some fine times on that ship, and I put in some fine nights on her. Many the time, I remember well, we'd be scooting along before a breeze—and she could certainly sail—and we'd be figuring on a good night in when we'd hear the old man sing out from the bridge, 'Starboard watch, aloft. Make merry my lads.' and up the rigging we'd climb to reef her down for a storm was coming along."

A peculiar feeling, which cannot be set down in words, comes over every seamen when he learns of some fine, stately sailer on which he has served being converted into a barge, wrecked or taken to pieces. Capt. Bilton felt the same feeling when he heard that the Thermopylae had been buried at sea. The days of all the sailing vessels are now numbered, and it will not be long before the ships which carry the lofty masts and the beautiful white wings, are blotted off the seas. When they pass every waterfront in the world will lose the most picturesque scenes which can possibly be witnessed. The dirty, grimy hulls and the smoking funnels of the tramp steamships are degenerating the appearance of the water front. The handsome and palatial ocean leviathans, while looked upon as the highest state of the shipbuilding art, are not nearly as beautiful as a four-masted full-rigged ship under full sail.

RUPERT TO HAVE WHEEL FIXED; NO SEATTLE TRIP

Next Wednesday morning the G. T. P. steamer Prince Rupert, Capt. McKenzie, will be floated into the dry dock at Esquimalt to have one of her propellers attended to. As a result of this she will not make her regular trip to Seattle that day. She will not be delayed in leaving here for Prince Rupert and Granby Bay, however, on Thursday. One of the vessel's blades struck a log and has been bent.

OFFICERS OF RIVERSIDE GIVEN STIFF SENTENCES

San Francisco, June 28.—Captain John Dahlquist, of the steamer Riverside, lost on Blunt's Reef, on the Mendocino county coast, June 19, and Third Mate Carl A. Linquist, have been found guilty of negligence by United States Inspectors James Guthrie and Joseph B. Dolan. Dahlquist is suspended for three months by an order issued to-day. Lindquist loses his second mate's papers for a year.

SHIP WHICH WAS AGROUND IS IN PORT

Completing an uneventful run from Yokohama to Victoria, the Osaka Shosen Kaisha liner Canada Maru, Capt. Horl, arrived in port just before 2 o'clock this afternoon. While steaming from Nagasaki to Kobe the Canada struck in the mud and did considerable damage to her hull. She was in drydock for two days, which accounts for her late arrival here. She should have arrived last Thursday. Fair weather was met during the voyage. The Canada brought in 500 tons of cargo for Victoria and 125 Chinese passengers.

Progressive Spiritualism. A meeting will be held in the K. of P. hall (Pythian Castle), North Park street, to-morrow at 7.30 p. m. Mrs. L. Reese, B. D., will lecture. Soul messages at close. Lyceum at 2.30 p. m. Developing circle, Wednesdays at 8 p. m. prompt. All welcome.

A WORLD OF DON'TS.

Life is growing very hard for the telephone girl in Glasgow, where the following regulations have just been issued at the instruction school connected with the telephone exchange:

Don't wear pins in your clothing or on your person.

Don't wear jewellery or other ornaments.

Don't smile or laugh when near the exchange; there may be men about.

Don't run up the stairs; it is not dignified to do so.

Don't loiter about the entrance to the exchange.

See that your dress is properly arranged before taking your place at the switchboard.

If your home is ten minutes' walk from your exchange leave twenty minutes before the hour of starting, so as not to be late. When it is stormy allow twenty minutes extra for fear you should be delayed en route.

Don't talk about your business outside the exchange.

HOW CABLE WAS LAID

—Photo by D. L. McKenzie.

The hull of the old C. P. R. steamer, Princess Louise, was used as a cable-ship by the British Columbia Telephone Company, to lay the line last Monday across Saanich Inlet from a point about one mile and a half east of Mill Bay to the west side of the peninsula, which lock the smooth waters of Deep Bay. The big cable was stored in the hold of the old hull, from which it passed out astern.

THE SUFFERINGS OF EXPLORERS

APPALLING TALES OF ARCTIC EXPEDITION

Two Doctors Were Lost—A Survivor Travels for Days on All Fours

A tale of suffering and horror passing human conception is told by the survivors of the luckless Schroeder-Straz Arctic expedition, says Lloyd's Weekly.

Their ship, the Herzog Ernest, being frozen up at Treuerenburg Bay, Spitzbergen, was abandoned on September 23, but the Norwegian members of the expedition returned to her.

The German members who pushed on for Polehjem, on Mossel Bay, found travelling difficult, says the Daily Mail correspondent (telegraphing from Tromsoe, Norway). They accordingly broke up into two parties. Drs. Dettmers and Mossera determined to make for Advent Bay. Nothing more has been heard of them, and they must be dead.

The others decided to return to the ship, but Captain Ritscher later formed another party consisting of Dr. Ruediger and Herren Rave, Eberhardt, Stenersen, and Rotvold, and they decided to make for Advent Bay.

After a five days' march Dr. Ruediger, who was suffering from frostbite, had to be left with Herr Rave at a hut while the others pushed ahead to obtain medical aid.

For seven weeks Ruediger and Rave waited with neither aid nor news. Their food supply dwindled till they had only one meal daily of mildewed oats and salt meat. Their last shirt was used in making bandages.

At last they abandoned all hope of relief, and were forced to make a last effort to reach the ship. Ruediger's foot was frozen and crumbling bit by bit; his fingers were frostbitten, and caused him agony.

Yet Rave made for him a wonderful mechanical boot with fragments of leather, cloth from a jacket, and wood of a ski, so that Ruediger could just totter along.

In Darkness and Starving.

For food Rave made a cake of scrapings from some barrels of rotten flour and decayed meat. Their only protection from the cold was a sleeping bag. They travelled four hours at a time, and then rested. Gradually their food was consumed.

They were in darkness, starving and crippled, but their only chance was to march and reach Polehjem or die. By their grim determination they gained that place on November 27, and there found some mouldy biscuits.

Of these Rave made soup. They rested three days, and recovered some degree of strength to accomplish the last stretch and reach the ship. In the final dash Rave dragged Ruediger along, and they succeeded in gaining the vessel on December 1.

Meanwhile Captain Ritscher and his party marched for eight days, and, arriving at an old trappers' hut, stayed there five days making sledges.

They then struck inland, but were driven back by furious blizzards and compelled to wait till they had the light of the moon. Such terrible weather prevailed that they were still further delayed for another month.

They started once more, and gained the head of Westfjord. Here Eberhardt was so exhausted that he declared he would rather return to the ship than continue the journey. After a consultation Stenersen and Rotvold decided to return with Eberhardt.

Desperate Determination.

Ritscher and one dog struggled on in biting weather, living in the open, with no shelter. Their rations were a handful of barley daily for a week, after which they had no food.

They gained Thordesen, none the less, and tried to make for the Observatory, but could not reach it from weakness. Exhausted and starving, Ritscher and the dog leapt upon a sheet of young ice floating in the water, when Ritscher fell through it twice and had his right hand and both feet frozen.

Yet in this condition, with desperate determination, he crossed the new ice, and reached the Arctic Coal Company's houses at Advent Bay, delirious and famished.

The company officials say that they saw two objects, which they took for Polar bears, approaching. They were Ritscher and his dog, white with frost and snow.

The last stages of the journey were accomplished on hands and knees. The company's doctor examined Ritscher, and amputated the toes of his right foot, the big toe of his left foot, and the little finger of his right hand.

The last act of this Arctic tragedy is shrouded in mystery. On December 19 Stenersen, Rotvold, and Eberhardt had started back for the ship, leaving Ruediger and Rave. The marching was difficult; the weather fearful. Eberhardt complained of pains in his head.

According to Rotvold, Eberhardt said in English, "I cannot move." Stenersen replied in English, "Eberhardt, you know you must do all you can to reach the hut on Mossel Bay. It is not far now. We have no sleeping bags and cannot stop here."

Eberhardt answered, "I will do my best." All kept together for an hour. Then Stenersen and Rotvold reached the top of a hill, and when they looked back Eberhardt was gone. They searched for a quarter of an hour, but no trace could be found of him. Stenersen and Rotvold reached the ship on Christmas Day.

As for Lieut. Schroeder-Stranz, Herr Sandleben, Dr. Meyer, and Herr Schmidt, they left the ship on August 15 to explore the north-east island of Spitzbergen, and nothing more has been heard of them.

"38" Packard "48"

Road Comfort

THE mechanical reasons back of Packard performance are lost sight of in the restful enjoyment of the car.

The Packard owner has a constant feeling of ample power under absolute control. The silent mechanism under the hood gives instant response to the driver's will. The Packard is a live thing which answers his every mood. He develops a care-free confidence in the car which drives from his mind the mechanical part of motoring. This wonderful co-ordination between man and motor brings complete relaxation.

Every passenger values the bridge builder's factor of safety. He appreciates Packard poise. He feels the perfect balance which gives smooth riding, easy steering and assured control even at speed over rough roads.

The effect of Packard spring suspension is enhanced by pliant upholstery of luxurious depth. Detail refinements add to the riding comfort and pride of ownership established by the distinctive qualities of the dominant Six.

Conditions in the trade call for the greatest care in placing your order this spring. You can't afford to buy a car that will be obsolete next year.

A Packard Six bought this spring will have a higher relative cash value next fall, next spring or five years hence than any other car purchased at the same time.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pale a heavy physical burden? I know what those mean to delicate women—I have been discouraged, too; but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. B CURRAH. Windsor, Ont.

For sale by leading druggists everywhere.

SPORTING NEWS

SPLENDID CARD OFFERED BY VICTORIA CLUB LAST NIGHT

Evans Gives Shannon a Real Surprise; Big Crowd on Hand

Action every minute was the card that the new management of the Victoria Athletic Club offered its members at the Broad street club rooms last night, and the four hundred fans who witnessed the programme went away, highly pleased with the entertainment. There was not a dull bout in the show, and while a couple of changes in the original card were necessary, the boxers hit a lively clip from the start and it is doubtful if a better balanced bill was ever offered in the capital. Eddie Shannon and Bobbie Evans featured the affair with four rounds of the fastest work seen here in years, the pair battling to a draw in the headliner. There was not a hitch in the entertainment and the show will undoubtedly give the V. A. C. a big boost locally.

Cyclone Scott Wins.

Cyclone Scott and Bob Bracken went four rounds of hard milling, the local middleweight getting the decision at the end of the route, Scott was more able to stand the four rounds, Bracken being substituted for Barney Mullen, whom the official club doctor refused to allow in the ring because of a gash in his forehead which threatened blood-poisoning. The boxers were all examined by Doctor George Hall before they stepped between the ropes, and in this way there was absolutely no danger of after results from the contests. Scott was a big favorite with the crowd and his win was received with cheers.

Fagan Knocked Out.

Seaman Wright, of H. M. S. Shearwater, dropped Billy Fagan, of Victoria, in the third round of their bout, the husky tar wearing his man down with heavy blows to the jaw, finally connecting a dreamland punch that carried off the prize. This bout was one of the best of the night, the pair standing up to each other in great style. Uppercut Hicks and Gunner Oliver, of H. M. S. Algerine, opened the programme with a slashing contest that started the show in grand style. Hicks is a big favorite locally, and he started many a hip to jaw punch that never connected. The duo, however, made up in efforts what they lacked in boxing and this bout was a big hit.

Evans Proves Tartar.

Owing to Clarence Rothus being unable to make boat connections for Victoria it was necessary to put Bobby Evans on the card with Eddie Shannon. Evans was in no shape, but fought a grand battle, gaining a lead in the first round which had Shannon hustling all through the encounter to overcome. Shannon is a very fast worker, and as Evans was willing to mix matters, the windup had the fans on their toes throughout. Referee Bennett could not do other than give a draw. The results:

150 lbs.—Hicks, Victoria, vs. B. Oliver, H. M. S. Algerine, draw.

175 lbs.—Seaman Wright, H. M. S. Shearwater, won from William Fagan, Victoria, K. O., third round.

142 lbs.—Stoker Mallin, H. M. S. Algerine, lost decision to Moran, Victoria.

145 lbs.—Cyclone Scott, Victoria, won decision over Bob Brackett, Spokane.

Lightweight.—Bobby Evans, Victoria, vs. Eddie Shannon, Seattle, draw.

Referee, H. Bennett; timekeeper, N. Burcell.

Ringside Gossip.

Shannon ran up against a tartar in Evans.

* * *

There was plenty of good stiff walloping in all the bouts.

* * *

July 11 is the date of the next show.

* * *

Hicks will likely be matched with Seaman Wright for the coming tourney.

* * *

It is probable that a wrestling match will be sandwiched between a couple of the curtain raisers on July 11.

* * *

Referee Bennett got in wrong on the decision to Moran in the Mallin bout, but it was a hair line one at that.

* * *

Bobby Evans would like to hear from intending boxers, as he has opened a boxing class at the club.

* * *

Under proper medical supervision there should be no difficulty in keeping the V. A. C. bouts up to the mark.

"OLD BOY" WAS WARMLY WELCOMED

Henry Peterson, one of Victoria's greatest athletic idols in the early nineties, returned to the Capital on a visit yesterday and was kept busy receiving the congratulations of a host of friends upon his hale and hearty appearance. Mr. Peterson achieved undying fame, locally, by defeating McLean, of New Westminster, in a sculling match on the Fraser river in 1891, and for his victory was honored with a medal given by the citizens of Victoria. Mr. Peterson, accompanied by his wife, leaves Victoria to-day en route to New York. He is now a resident of San Francisco.

LOGAN TAKES COUNT.

New Orleans, June 28.—Frank Moran, of Pittsburg, knocked out Tim Logan, of Chicago, in the fourth round of a scheduled ten-round fight here last night. Moran floored Logan shortly after the opening of the fourth round with a hard right to the jaw, and a little later put the Chicago man down for the count with a stiff right to the same place. Both men weighed close to 200 pounds.

BAYLEY WILLING TO MEET WELSH

Excursion Will Run to Port Angeles for Bayley-Rothus Bout Next Friday

Vancouver, June 28.—"I will box Freddie Welsh at the lightweight limit of 133 pounds ringside any time he can secure a promoter to put on the match, and there will be a split in the purse that will be perfectly satisfactory to Mr. Welsh and also to his literary manager, Mr. Harry Pollock," declared Joe Bayley, Canadian lightweight champion, yesterday morning after perusing the lengthy letter from the English champion's manager.

"When I declared my willingness to box Welsh I was perfectly sincere and em now. I said I would enter the ring with him at the weight specified, and there was no mention of any terms that might be distasteful to either Mr. Welsh or Mr. Pollock. The latter instead tried to force me into a match at 135 pounds, and because I insisted on the 133 pound limit at which I won the title he declares that I did not want to meet Welsh. I am a lightweight and I propose to box lightweights. If Welsh will make the weight there is no reason why we should not meet, for I am willing.

"Just like Welsh I insist on naming the weight at which I enter the ring, and, also like Welsh, I leave the terms of my matches to my manager. Mr. Condon will be here to-day and if Mr. Pollock cares to meet him I think they will have no trouble on agreeing upon terms. We will be reasonable."

"Mr. Pollock came to my training camp unannounced and departed without making his presence known, though I knew he was in the Athletic Club when I was working out. Had he had the courtesy to permit himself to be introduced, then he might have saved himself all the trouble of writing the letter."

Joe Bayley figures to be a pretty busy boy during the summer months. After boxing Frenchy Valse here on July 1 he will go to Port Angeles, Washington, on July 4 for a fifteen-round contest with Clarence Rothus, of Seattle.

W. Tierney, the Port Angeles promoter, is in the city completing details for the July 4 bout at Port Angeles. An excursion will be run from the capital for the bout.

HOLIDAY SHOOT.

Members of the Civilian Rifle Association are notified that a shooting competition will be held on the morning of Tuesday, Dominion Day, July 1, at the Clover Point range. The targets will go up at 9 o'clock sharp, so all intending competitors are requested to be on hand at 8.30 a. m.

Knight Engine vs. Poppet Valve Engine

Four years ago, before the Royal Automobile Club of Great Britain, a 38 h.p. Knight Engine of Daimler manufacture made a world's record for durability and efficiency.

That record stood unchallenged until May of this year, when, before a Committee of Judges of the Automobile Club of America, an acknowledged leader among manufacturers of Poppet Valve engines put up his best 38 h.p. six cylinder engine to beat or to equal the record held for four years by the Knight Engine.

The Judges' report on the two tests settles the question of all-round supremacy in automobile engines.

In a series of advertisements we shall show how thoroughly the Knight engine's supremacy has been upheld, and prove that even four years ago it was superior to the Poppet Valve engine of 1913, in the following particulars:

1. That for the size of motor the Knight Engine develops greater horse power than the Poppet Valve.
2. That it generates its horse power with less consumption of gasoline.
3. That it requires less adjusting, and its condition after use is more perfect.
4. That the test to which the Knight Motor was subjected was much more exacting than that of the Poppet Valve.
5. That where a Poppet Valve motor loses in power with use, the Knight Motor increases.

We want every owner or prospective owner of an automobile to watch for and read these advertisements, because for four years we have made many claims for the Knight Engine. The comparative figures of the two tests will prove how fully our claims have been justified.

TRACK STARS TO COMPETE TUESDAY

Victorians will have an opportunity of witnessing the best track and field talent on the coast in action on Tuesday afternoon at the Willows when the annual Caledonian Society sports will be held on the exhibition grounds. Hal Beasley and Tommy Gallon, Olympic stars, will compete, while a number of Vancouver, Nanaimo, Ladysmith and New Westminster athletes will be on hand to try for the handsome prizes that have been hung up. The J. B. A. A. and Y. M. C. A. will also enter full teams and Frank Chandler, the coast five-mile record holder, will also be on hand.

Three motorcycle races will be featured for local riders and the officials will be as follows: Judges of running and jumping, G. Mowat, P. Thoburn, and J. Melville; bicycle racing, J. R. Angus and H. Morgan; wrestling, C. Wrigglesworth; weight events, M. R. Todd and T. Withers; motorcycle racing, H. M. Pashley and E. A. Conner; piping, D. M. McKenzie, who is well known in Seattle and Vancouver; dancing, Captain Jones, of the Lovat Scouts, an Old Country regiment; starter, D. Thomas; timer, W. H. Wilkerson; score recorder, George Walker.

The Tooke Patent Nek-Gard protects the neck in front as well as at the back.

The collar button goes in or out with usual ease.

The collar button cannot touch, cannot pinch, cannot soil your neck.

The Tooke Nek-Gard is not affected by laundering.

See that the next shirt you buy has the Tooke patent Nek-Gard.

This is the latest improvement—and "the greatest thing that ever happened to a shirt." 151

SPORTING NEWS (CONTINUED)

RAIN HELD UP BEES YESTERDAY

Victoria Club Returns Home on Monday for Tacoma Series

Victoria got a further jolt in the financial region yesterday afternoon at Spokane when rain prevented the fifth game of the present series between the Bees and Indians. The crowds are small enought at Spokane without Old Jupe Pluvius butting in and President Wattelett's bank roll will be a whole lot thinner when he returns from the present road jaunt on Monday. McGinnity will bring his Tigers here next week for a four-game series, the Monday and Wednesday games being started at 6.10, while on Tuesday a morning contest will be staged at 10.30 a.m. and in the afternoon the teams will start at 2.30 p.m.

Word from Spokane brings the news that F. C. Farr, superintendent of the Spokane & Inland Empire Railway Company, will handle the Indians for the balance of the year, and that Watt Powell will be responsible for the team while on the field. Bert Lamb will be back at third when the Bees return home, and it is possible that there will be a shift in the pitching staff in the next few days. Lynch is not satisfied with the work of some of his hurlers, and he may make a trade that will be beneficial to the local club.

If it keeps on raining at Portland Bob Brown's bank roll will be washed away feeding his help down there. In 1896 the league was drowned out by rain, Bob Glenalvin, who had the Portland club, tossing up the sponge and leaving Seattle, Tacoma and Victoria in the lurch. Cellars in Portland are full of water and not a game has been played there since Sunday.

Seattle, June 28.—McGinnity, who pitched a full game Thursday, relieved Kurfess yesterday in the first inning, when errors put the young pitcher in the hole. After the first inning Seattle made only one run off McGinnity, and no run made by the home team during the whole game was earned. After the first two innings Meikle held Tacoma safe. Seattle won 5 to 2.

The following from the Portland Telegram sounds like treason to the Coast League:

"The attendance at the Northwestern League games has been better than expected.

"The Portland infield is regarded as responsible for this, and remarks are heard on all sides that it is the fastest, as far as fielding is concerned, that has been seen on the local diamond this season.

"This would include all of the coast clubs, and is a rather broad statement to make, but there seems to be good grounds for the belief. Peters is not yet in the best of shape, but knows how to play the bag, and is wonderfully fast on his feet. Mohler and Bancroft form an ideal combination around the middle sack, and have shown far more sensational playing than have Kores and Rodgers, of the Beavers, or any other pair in the Coast League, for that matter.

"Everyone knows what Bobbie Coltrin can do around the hot corner, as he is fleeter than any of the other third sackers, and covers a world of ground.

"This is one of the reasons, outside of the fact that Portland is winning, which is bringing out the people who like to see good baseball, regardless of the so-called classification of the team."

Tacoma players are not tearing off the same number of wins that they did two weeks ago, and they should prove easy for the Bees at the local ball park next week.

Bases on balls—Off Kurfess, 1; off McGinnity, 2. Wild pitch—Kurfess. Double play—Raymond to Jackson. Pitchers' summary—2 hits, 1 run off Kurfess in 1-3 inning. Time—1.30. Umpire—Shackleford.

TENNIS FINALS ON THE CARD TO-DAY

Beautiful tennis weather again favored the Victoria racquet stars in the continuation of the club handicaps at the Willows courts. Play will be continued to-day, when the finals will be reached. Yesterday's results were.

Men's Singles.

Archibald won from Virtue, 5-7, 6-3, 6-3; Col. Appleton won from Lloyd, 5-7, 6-1, 6-2; E. McCallum won from Garrett, 7-5, 6-4.

Ladies' Singles.

Miss Lawson won from Mrs. Cane, 6-2, 6-3.

Ladies' Dougles.

Miss McDermott and Miss Schmitz won from Mrs. Pollok and Mrs. Colburn, 6-4, 6-3.

Men's Doubles.

Carr and Pitts won from Forrest and Kiggell, 6-0, 6-2; Harrison and Dickson won from McLachlan and Foulkes, 6-3, 0-6, 6-4.

Mixed Doubles.

Carr and Miss Pitts won from Mr. and Mrs. Garrett, 9-7, 3-6, 6-3.

ANNUAL MEETING OF SOCCER BODY

The report of the anual meeting of the English F. A. is now to hand and is interesting in so far as it deals with the stand the association takes with regard to proposed alterations of rules. The most important proposal was in connection with the change in the offside rule. The Scottish association considered it would be better if the rule were made to read that a player be onside when only two of the opposing side were nearer their own goal line when he received the ball. Some present thought there would be advantages under the alteration; that it would make for more goal scoring. Others thought they should not spoil good back play because the forwards lacked brains, and it was thought that the alteration would bring in greater evils that at present exist. For a long time it has been considered that the rules favored the defence too much, and last season the new rule debarring a goalkeeper from handling the ball outside his own penalty area was made to obviate this to some extent. However, the final agreement was in favor of the rule remaining as at present constituted. The proposal to increase the distance to which opponents may approach during the taking of a free kick, from six yards to 10, was agreed to.

THE REFEREE

HANK BENNETT

Well known local referee, who handled the bouts in capable style at the Victoria Athletic Club's smoker last evening.

PRO. LACROSSE CLUBS MEET AT OAK BAY

Westminster refused to travel with the Vancouver club on this morning's special boat, the Salmonbellies arriving on the regular night boat from the Terminal City.

Hyland will be ready for the Dominion Day game at Hastings park. Another eastern home player will also probably be in the game that day but who he is Con Jones will not divulge right now, though he admits there may be a big surprise. Mrs. Jones, who has been on a scouting trip for players for the Vancouver club, says that Billy Fitzgerald will not be here but she freely admits that some other player will be along this way to help out the Vancouver home. The organization of the National Commission will be held over till the fall. The esatern men say that they are too busy to go to Winnipeg just now and, anyway, with the mutual agreement between the leagues the actual organization can be left over till later on. As Harry Cowan, who will represent the west at the conference, is averse to travelling during the hot days on the prairie the postponement of the organization meeting till the fall meets with his approval.

McLOUGHLIN WINS.

Wimbledon, Eng., June 28.—Maurice E. McLoughlin, the American champion, beat W. Ingram three straight sets in the fifth round of the all-England lawn tennis championship singles. The score was 6-1, 6-2, 6-3.

The American contingent suffered a reverse in the doubles, in which Craig Biddle, of Philadelphia, and Harold Hackett, of the United States Davis Cup team, were beaten by two Englishmen, Ingram and Bentley, three sets to two, the score being 5-7, 6-3, 9-7, 1-6, 6-4.

Kenneth Powell, formerly tennis captain at Cambridge University, beat C. P. Dixon, the English Davis Cup player, three sets to two, 6-3, 3-6, 3-6, 6-3, 11-9.

Stanley N. Doust, captain of the Australian Davis Cup team, beat Larsen, of Denmark, three sets to two. The score was 4-6, 2-6, 6-1, 6-0, 6-4.

CAN'T STOP HIM.

Ottawa, June 28. — The immigration authorities at Ottawa say that Jack Johnson cannot be held under the Canadian immigration law and sent back to the United States, if he has through transportation and makes use of it. If he has a ticket to sail for France on Tuesday he cannot be stopped under the immigration law, but regular extradition papers may be undertaken by the American authorities. The preliminary steps in extradition proceedings are entirely with the provincial government and the local courts.

GENEROUS GIFT TO VICTORIA POLO CLUB

To show his interest in polo and at the same time place the local club in a position whereat they can compete with other clubs without being handicapped financially, Hon. James Dunsmuir this morning mailed a cheque for $500 to Secretary Metcalfe, of the Victoria Polo Club. The contribution was a very generous one and will go a long way towards helping the locals over obstacles that may crop up in the future. Great interest is being shown in the deciding game of the first series between the Victoria and Duncan quartettes, which will be held at the Willows on Saturday, July 5.

JOE JACKSON HAS MADE MOST HITS

Chicago, June 28.—Joe Jackson, the Cleveland slugger, has made ninety hits, the greatest number credited in unofficial averages published to-day to any player in either league. Jackson is the real hitting leader in the American League, with an average of .411, though Caldwell, of New York, for sixteen games, has a percentage of .444. Cobb is close behind Jackson with .399; Speaker, of Boston, is next with .385; then comes Blanding, the Cleveland pitcher with .375. Eddie Collins, of Philadelphia, winds up the league's first half dozen star hitters with .362.

C. McDonald, of Boston, continues to lead the National Leaguers. His average is .382; Cravath, of Philadelphia, is second with .358; Crandall, of New York, third with .357; Kling, of Cincinnati fourth with .341, and Hyatt, the Pittsburg pinch hitter, fifth with .333. Wagner and Viox, of the Pirates, are tied for sixth place with .331 each. Of the first seven in the National League only Cravath, Viox and Wagner have played in more than forty games. Merkle, of New York, with 72, and Konetchy, of St. Louis, with 71, have made the most hits.

Lajoie is Peeved.

Cleveland, Ohio, June 28.—The announcement of Birmingham, of the Cleveland American League Club, that he intended to bench Napoleon Lajoie, second baseman of the team, has participated a feud between Lajoie and Birmingham, which threatens the success of the club, President Charles W. Somers admitted here to-day. Lajoie, sore at heart over being made what he terms a "bench-warmer" when he is still able to play, is said to have appealed to Somers for reinstatement as a regular.

AS SEEN FROM THE PRESS BOX

Seattle certainly boosted the margin separating Victoria and Tacoma.

* * *

Not satisfied with poor attendances at Spokane, Old Jupe Pluvis had to put in with a sprinkling cart.

* * *

Bert Lamb will be able to take his place at third when the Bees come home on Monday.

* * *

Bob Brown is still on the lookout for a pitcher. He has only three really good flingers.

* * *

It would help the locals a lot if they started to pilfer a few bases instead of waiting to be slugged around the bases.

* * *

Seattle apparently has Tacoma's number, or the Tigers are feeling Neighbor's loss very keenly.

* * *

Just fancy, only two hundred and fifty fans paid admission to the Spokane grounds on Monday. About enough for the balls used during the game.

* * *

Bob Brown's team has had five postponed games in seven days, which is pretty hard on the Vancouver bank account.

* * *

St. Francis crack amateur nine will visit Duncan to-day to play a picked team from the Chemainus district.

* * *

Charlie Alberts will be a real hero in the eyes of the local public if he can only pitch as he can hit.

* * *

Williams, who goes up from Sacramento to the big leagues, formerly hurled for the Bees.

* * *

Kantlehner will probably be sold to the Detroit Club next week for delivery the end of August.

* * *

When Charlie Brooks gets back into the game, Harry Meek will be able to take his turn behind the bat with Danny Shea.

* * *

Fitzsimmons, the young St. Mary's college shortstop, has signed a contract with the Spokane club, and may edge the veteran Harbison out of a job. McCredie was ready to draft from a Southern league, when the New York Americans beat him to it. He is fast in getting a ground ball to the left, but is an erratic thrower. Fitzsimmons played at St. Mary's with Guigni and Papp.

DOUST BEAT HOPE.

Wimbledon, Eng., June 28.—Stanley N. Doust, captain of the Australian team, beat Hope Crisp, champion of the Cambridge University team, three sets to one. The score was 7-5, 6-3, 3-6, 11-9.

J. C. Parke, Irish and Scottish champion, beat R. Watson three sets, 6-4, 6-1, 6-4. Watson yesterday defeated Wallace F. Johnson, of Philadelphia. Parke is considered McLoughlin's most dangerous opponent for the final honors.

SWIMMING MEET.

Alberni will hold one of the biggest swimming meets of the season on August 2. There will be a large attendance of Victoria and Vancouver swimmers, and arrangements have been made to have these teams meet at Nanaimo on August 1, going from there to Alberni in a body.

JUNE WEDDINGS CLOSE IN BRILLIANT STYLE

Numerous Guests Witness Brown-Nunn and Beek-Morrison Nuptials To-day

One of the most interesting as well as one of the most beautiful of the June weddings took place at 1.45 p. m. to-day at Christ church cathedral, when, in the presence of a large number of the friends of the two principals, Edith Florence, daughter of Mr. and Mrs. Percival R. Brown, and Staff-Surgeon Gerald Nunn, R. N., were united in holy matrimony. The Very Rev. Dean Doull, assisted by the Rev. D. A. Dawe, officiated.

The service was fully choral, and the church was beautifully decorated for the occasion with quantities of white marguerites, roses and white sweet peas, which almost concealed the chancel rail, the font and altar.

The bride, who was met at the door of the cathedral by the full surpliced choir, passed up the aisle by the side of her father, who gave her away. Her gown of white Duchess satin was greatly admired, the full court train, fastened at the shoulders with pearl ornaments, and borne by the little page, giving a dignified effect. The bodice, with dainty chemisette and undersleeves of ninon, was finished off at back and front with a gabochon of hand embroidered silver which gave a charming high-waisted appearance. The edges over the shoulder and round the sleeves were threaded with pearls, and where the draped skirt was caught up over the knee a pearl clasp held the folds in place. The train was embroidered with lovers' knots worked in silk, with an oriental silver design interwoven in this again, while over all fell the soft veil of white tulle embroidered at its points with sprays of orange blossom, a wreath of the same encircling the veil and hair. A sprig of orange blossom was also fastened in the corsage, while a shower bouquet of white roses and lilies-of-the-valley was carried, her only ornament being the gold wrist watch given her by the bridegroom.

There were two bridesmaids, Miss Mary Boggs and Miss Madge Wolfenden, each of whom wore a dainty rose-petal pink satin frock, with bolero of lace, the skirt being draped and caught just below the knee with a pink rose. With this pink tulle hats with large tulle bows of the same color were worn, each of the bridesmaids carrying an enormous nosegay of pink roses and sweet peas.

The bride's small nieces, Winifred and Beatrice Wolfenden, made charmingly picturesque flower girls dressed in pale blue Kate Greenaway frocks with mob caps frilled with lace, the sprays of flowers which they carried being pink sweet peas. A courtly sailor page was made by little Richard Wolfenden, the bride's nephew, who wore a dapper white sailor suit, and did duty as train bearer.

The best man was Lieutenant Fraser, of H. M. S. Shearwater, while Lieutenants Montague and Wharton, and Assistant Paymaster Milmann, also of H. M. S. Shearwater, and Lieutenant Chalmers, of H. M. S. Algerine, acted as ushers.

Mrs. P. R. Brown, the bride's mother, looked well in a satin gown and coat of dove-grey satin, with which she wore a grey hat to match trimmed with a mauve plume. Mrs. Wolfenden, the bride's sister, wore a handsome apricot gown with hat to match faced with black, and trimmed with apricot-shaded plumes.

Two hymns, "The Voice that Breath'd o'er Eden," and "O Perfect Love" were sung during the services, while Mrs. Hinton gave an exquisite rendering of "O Fair and Sweet and Holy," while the bridal party were in the vestry signing the register.

After leaving the cathedral many of the guests followed the bride and bridegroom to the residence of the bride's parents, "Birchwood," Craigflower road, where a reception was held in the spacious gardens, the happy pair standing under a bell of wild marguerites to receive the congratulations of their friends, while Nagel's orchestra, which was present, dispensed appropriate music. In the gardens a big marquee had been erected, where refreshments were served, the tables having been exquisitely decorated with white sweet peas, roses, and streamers of tulle. Following traditional custom, the bride cut the wedding cake with her husband's sword, and felicitous toasts were drank, that to the bride being proposed by Dean Doull, responded to by the bridegroom, and "The Bridesmaids," responded to by Lieutenant Fraser.

Dr. and Mrs. Nunn left by the afternoon boat for Sol Duc, the bride wearing a modish costume of brown cloth with hat to match trimmed with velvet and pink silk roses. An exceptionally smart touch was added by the little pink ruffle worn round the throat. On their return to Victoria, which will be in about three weeks' time, they will take up their residence at Esquimalt.

Among the numerous beautiful gifts received by the bride and bridegroom were two handsome silver salvers, engraved with the initials of the recipients, from the officers of the Shearwater. The bridegroom's gifts were: To the bride, gold bracelet watch; to the bridesmaid, crescent pearl brooches; to the flower girls, silver bracelets; to the page, gold scarf pin; best man, cuff-links and stick-pin. The bride's gift to the bridegroom was a monogram watch.

Beek-Morrison.

A simple, but very pretty wedding, took place this afternoon at St. Andrew's Presbyterian church when Josephine Marguerite, youngest daughter of Mr. J. T. Beek and the late Mrs. Beek, and a prominent member of the church choir, became the bride of Mr. Robert Graham Morrison, of this city. Rev. Dr. Leslie Clay performed the ceremony, and there was a large attendance of the friends of the happy pair, including the full choir, which during the services sang "The Voice that Breath'd o'er Eden."

The bride, who was given away by her father, looked beautiful in a novelty suit of Alice blue cloth, with pleated skirt, with which was worn a smart hat of Tuscan straw with touches of blue to match the suit, and a dainty lingerie blouse of white. She carried a shower bouquet of white roses and maiden-hair fern, and wore, as her only ornament, a silver necklace with diamond pendant, the gift of the groom.

Miss Elsie Stewart acted as bridesmaid, wearing a smart costume of bisque-colored cloth with hat to match, and carrying a bouquet of pink carnations.

Mr. Albert Morrison, the bridegroom's brother, acted as best man.

The church was beautifully decorated with an archway entwined with broom, the pulpit being almost concealed behind a bank of the blossoms, and quantities of white flowers entering into the scheme with very pretty effect.

During the services Mr. Jesse Longfield, choirmaster of the church, played the Bridal Chorus from Lohengrin and Mendelssohn's Wedding March, Mrs. Longfield giving a beautiful rendering of Guy D'Hardelot's "Because" while the bridal party were in the vestry.

Almost immediately after the ceremony Mr. and Mrs. Morrison left by the Seattle boat for a tour of the Sound cities, and on their return will take up their residence at 1715 Stanley avenue.

The bridegroom's presents were: To the bridesmaid, gold bracelet; to the best man, gold cuff links.

MacLeod-MacLeod.

A pretty home wedding took place on Wednesday evening at the residence of Mr. Campbell, South Vancouver, when Rev. A. K. MacLennan, D. D., united in the bonds of matrimony Miss Christina MacLeod, recently arrived from Stornoway, Scotland, and Mr. Donald MacLeod, of Victoria. The groom's brother, Mr. Norman MacLeod, supported the bridegroom, and Miss Annie MacKenzie attended the bride. A feature of the event was the performance of the ceremony in the Gaelic language at the request of the bride's mother. After a short honeymoon trip Mr. and Mrs. MacLeod will reside in Victoria.

ONE OF MANY

The panther shown in the above picture was shot by Mr. Starks, a resident of Salt Spring island, and measured six feet six inches. Three have already been shot this year. Panthers are reported to be fairly common in the Gulf islands, and, in fact, several more are known to be in the bush. They have at different times been seen swimming across from Vancouver island, and as Salt Spring abounds with deer and other game of all descriptions, they find a ready means of subsistence. The Times is indebted to Alan C. Williams for the photograph from which the above engraving was made.

TWO COMMISSIONS RETURN.

Labor Commission's Next Trip is to Prince Rupert—Indian Commission Rests.

The members of the labor commission returned to the capital last evening after a prolonged visit in the interior, where they have been taking evidence every day. The members scattered to their homes and no more work will be done now for three weeks, when they will go north to Prince Rupert and work back inland along the Grand Trunk country.

The Indian commission is also back after its first visit to the mainland. The trip took in the north shore of the Fraser and the Burrard Inlet reserves. The commissioners will rest for a week or two now.

DERBY SWEEPSTAKES STORY.

In the "Cable Derby Sweepstake," which is participated in by 30,000 cable operators all over the world, Herbert W. Robinson, from Manchester, drew the favorite Craganour, says the New York correspondent of the Telegraph, the first prize being £3,400. Mr. Robinson is now in the employ of the Commercial Cable Company, in New York. He was receiving operator on the cable when the first result was received in New York, which, he thought, made him the winner of £3,400. A little later he received another dispatch disqualifying the horse. Onlookers declare that he never turned a hair.

YOUR HAIR NEEDS PARISIAN SAGE

Use It As a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germs, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada PARISIAN Sage has had an immense sale, and here are the reasons:

It does not contain poisonous sugar of lead, nitrate of silver or sulphur or any injurious ingredient.

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Made only in Canada by the R. T. Booth Co., Ltd., Fort Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold.

D. E. Campbell guarantees it.

A Comparison

Is all you need to reach a decision. Lots of good folks say they don't like Soda Water. That's before they try Ivel's. There's a difference not apparent until you compare the ordinary with ours. Then you know why you thought you didn't care for Soda.

Our famous Ice Cream helps to make our Sundaes delicious. Nut Salad Sundae is new and getting very popular. Mexican Special Sundae is a decided difference. Fancy and long, cool drinks that touch the spot.

Riveris Talcum Powder

Scented with Rivera Violets is a luxury for the lady's toilet table, a necessity for the baby's health and comfort. Delightful after shaving. It is light and fluffy and invisible if properly applied to the skin. The charm of its refined perfume recommends it. In large bottles, extra values.

Pretty and Exclusive Styles in Dainty Lingerie Dresses

The cleverest of foreign modistes have contributed their most recent efforts—to which we have added the best that this country affords in these dainty and effective white Dresses. Your attention is directed to the distinctive elegance which characterizes every model. Materials, trimmings and style present a most charming picture of the designer's art. These representations are as authentic as they are comprehensive. We invite your inspection. Six representative models are briefly outlined here:

A DAINTY DRESS of fine white Marquisette in a heavy lace and embroidery panel effect fashioned with lace Robespierre collar handsomely trimmed with Alice blue velvet bow and buckle, finished with glass buttons, half-sleeve. An exceedingly pretty dress for.... $12.50

A VERY BEAUTIFUL DRESS of fine white voile with handsome hand-embroidered spray design on waist, back and flounce in a pretty shade of mauve; dainty Byron collar edged with lace and feather-stitched, with mauve silk; long sleeves. Price $22.50

DISTINCTIVE MODEL DRESS of white voile in a pretty heliotrope stripe effect showing V-shaped lace yoke with high collar finished with two rows of heavy lace down front and back trimmed with helio satin ribbon, half-sleeve. A very charming dress this for only $17.50

ATTRACTIVE AND SERVICEABLE DRESS of fine white Marquisette combined with heavy lace and embroidery. The bodice part is made with square lace yoke and showing a panel of lace straight down front finished with strapping of black velvet around waist and down front trimmed with silk buttons, half-sleeve finished with embroidery and lace. The skirts embroidered and finished to match waist. Price, only $12.50

ANOTHER HANDSOME MODEL DRESS in the new ratine material with two panels of Cluny lace on front, V-shaped yoke and high Robespierre collar of lace and ratine trimmed with saxe blue. This Dress shows ten glass buttons down front and half-sleeves. Price is only $12.50

A VERY CHARMING WHITE MARQUISETTE DRESS heavily embroidered in a pretty floral design showing lace Peter Pan collar and V-shaped lace panels on each side and black velvet around waist and down front finished with one row of pointed lace and silk buttons down centre, half-sleeves trimmed lace. The skirt daintily finished with embroidery. Price $9.50

MANY WILL VISIT SIDNEY TO-MORROW

Brigade Camp Will Be Magnet; Manoeuvres Monday and Tuesday

Special trains are to be run to Sidney to-morrow for the camp, as it is expected there will be a large attendance, and band concerts and a drum head service will occupy the time of the men, who of course will have more leisure than on the two preceding days. To-day was largely spent in regimental drills under the different commanders, the men showing great keenness and energy in their work. The enthusiasm infused by the inspection of General Hamilton on the previous day had stirred the men to greater efforts.

By the time on Monday that the field manoeuvres commence there is little doubt that the men will be in good shape for the active operations which are now planned under the camp commandant, Col. Roy, from the design of the general staff officer, Major Gardiner. The intention is for the men to bivouac on the ground on Monday, having taken up positions which will give them positions of vantage for the operations of Tuesday. The scheme for the manoeuvres is based on the assumption that the Reds are in control of the sea, and the military portion of the Red force, consisting of the Sixth and Seventy-second Highlanders under Lieut.-Col. Leckie, is landed at Sidney with orders to advance on Victoria in co-operation with the fleet. The Fifth regiment, with the 88th and 104th, will form the Blue defence, and hold off the invaders. In order to make the operations, which apparently anticipate the fighting of a rearguard action by the defence, as realistic as possible and to obtain the maximum amount of training, there will be no cessation of hostilities until late on Tuesday afternoon.

The Fifth regiment will have four field guns in action, the Highlanders will have a horse maxim, and the Sixth regiment a hand maxim. This will be the first time that field guns have been taken into action by the Garrison artillery during training.

To Be in Great Shape on July First drink our genuine imported "Pilsner Beer," 10c per glass "at The Kaiserhof."

SEPARATE TENDERS FOR POLES, CABLES, ETC.

Will be received up to 3 p. m. on Monday, July 7th, for the following:

(a) Cedar Poles.
(b) Magnetite Arc Cable.
(c) Magnetite Arc Installation.

Plans and specifications can be seen at the office of the City Purchasing Agent. Tenders are to be sealed, endorsed and addressed to W. Galt, Purchasing Agent of the City of Victoria, and to be marked on outside of envelope "Tenders." A certified cheque payable to the Corporation of the City of Victoria equal to five per cent. of the amount of the Tender must be enclosed with each Tender, and the cheque of the successful tenderer will be retained as a guarantee of the due fulfillment of the contract. The lowest or any tender not necessarily accepted.

W. GALT,
City Purchasing Agent.

Autumn Term commences Sept. 11th, 1913.

READ WHAT THOSE WHO USE "LIQUID SULPHUR" SAY

Gentlemen:—My little boy, Richard, suffered with Inflammatory Rheumatism for two (2) years. We tried several doctors, but their medicine did not help him. We heard of "LIQUID SULPHUR" and bought a bottle. It has entirely cured him. I use it for all my children as a Blood Medicine and would not be without it in the house for any money.

I wish to thank you for the suffering it has relieved in our home.

(Signed) MRS. NETTING,
1838 1st Avenue West, Vancouver, B. C.

Gentlemen:—I want to tell you what "Liquid Sulphur" has done for my brother and myself. I have suffered all my life with a weak stomach. After every meal I would be sick or distressed. I could not find any relief until I tried "Liquid Sulphur." After taking it a few days I began to feel better, and now (I have taken less than half a bottle) I feel the best I ever felt in my life. I can eat a hearty meal without any distressing after-effects or sickness.

Seeing on the bottle that it was good for Eczema, I recommended it to my brother. He had Eczema on both hands and had spent $15 or $20 trying to get rid of it. The "Liquid Sulphur" used as a wash relieved the irritation almost immediately. After two weeks' use it has almost entirely disappeared from his hands.

We both feel like telling everyone we know how good your remedy is.

THOMAS L. EVANS,
Main Street, Vancouver, B. C.

You Will Not Take Cold Using LIQUID SULPHUR

Every user of "LIQUID SULPHUR" becomes a friend. Every friend tells his or her friend; thus "LIQUID SULPHUR" is spreading over Canada. Its best recommendation is the fact that its user always recommends it to others.

WOMAN IN TERRIBLE STATE

Finds Help in Lydia E. Pinkham's Vegetable Compound.

Cape Wolfe, Canada.—"Last March I was a complete wreck. I had given up all hope of getting better or living any length of time, as I was such a sufferer from female troubles. But I took Lydia E. Pinkham's Vegetable Compound, and today I am in good health and have a pair of twin boys two months old and growing finely. I surprised doctors and neighbors for they all know what a wreck I was.

"Now I am healthy, happy and hearty, and owe it all to Lydia E. Pinkham's remedies. You may publish this letter if you like. I think if more women used your remedies they would have better health."—Mrs. J. T. Cook, Lot No. 7, Cape Wolfe, P.E.I., Canada.

Because your case is a difficult one, and doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of women—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

Mr. Campbell, the Up-to-date Druggist, has scored another point. He has imported a large stock of that Great French Tonic
VIGOROL
and has been made the sole agent for Victoria. Every bottle guaranteed

Being always on the lookout for the best in everything in the drug line, Mr. Campbell has placed in stock a large consignment of the Great French Tonic VIGOROL. Every day nature is providing us with something new. The latest medicine on the market in Canada is VIGOROL. Weak and run-down men, women and children can now be made strong and healthy. Every home should contain a bottle of VIGOROL—the Tonic that is a Tonic. The whole human system is at once toned up. That tired, dragging feeling disappears and life becomes a joy. If you are not just feeling yourself, go to Campbell's drug store and get a bottle of VIGOROL. If you don't feel better in twenty-four hours, go back and get your money. VIGOROL acts on the kidneys, liver and blood and is a powerful flesh and system builder. Price $1.00 bottle, or six for $5.00.

Fifteen Hundred Soldiers Are in Camp at Sidney.—Sunday trains on the V. & S. railway leave Victoria at 10 a. m., 2 p. m. and 6.30 p. m. Returning trains leave Sidney at 11.30 a. m., 5 p. m. and 9.15 p. m.

English Baby Cars, at 758 Fort St.

THE EVENING CHIT-CHAT

By RUTH CAMERON

"Methinks the lady doth protest too much."

As in Shakespeare's time, so to-day, overmuch protesting is a suspicious sign.

There are a great many things which, in the intercourse between ordinary human beings, are taken for granted. To make protestations about them is more likely to arouse doubts in the hearer's mind than to reassure him.

For instance, if a man goes out of his way to bolster up some statement by saying "Now I'm telling the gospel truth," instead of making me believe in his veracity, he instills doubts of it into my mind. It ought to go without saying that he is honest. But he evidently thinks he needs to reassure me, and being in his own confidence, he probably has good reason for that thought. He may be telling the gospel truth at that moment, but it is perfectly patent that that isn't his habit.

One is reminded of the story of the captain who wrote in his log, "The mate is drunk to-day." The mate protested, but the captain said, "It's true, isn't it?" and when the mate admitted that it was, the captain said it must stand. A few days later the captain sprained his hand and the mate had to write the log. Whereupon he promptly wrote, "The captain was sober to-day." Strange to say, the captain was not at all pleased at thus having his sobriety attested.

The subject of overmuch protesting was brought to my mind by some new acquaintances who have recently made a rapid rise in the financial world. I didn't know the family before the man of the house made his money, but I know the rise must have been recent because of their manner of talking and acting. Midas has apparently touched their vocal chords, for they talk gold all the time.

No matter which way the conversation turns this man and his wife invariably bring it back to the one subject in which they seem to take an interest—money. How much so and so is making in his beef business; how much one of their friends paid for his new automobile; the number of bathrooms in another friend's new house and how much they cost per bathroom; the tremendously high rate of the hotel at which they stayed last summer—such is the edifying subject matter of their talk. Though they try to make their references casual, a child would understand that they are saying as boldly as they dare. "You see how much money we and all our friends have." But this is what they really say to all who have the knowledge of human nature as a key. "You see we aren't used to having money and so it seems a big thing to us."

People who are used to wealth, refinement, education, and the other good things of life, take these things for granted. It is only those to whom such things are strange and new who prate about them.

As in Shakespeare's time, so to-day, overmuch protesting is a suspicious sign.

Ruth Cameron

MOVE ON

By GEORGE MATHEW ADAMS

One of the biggest, wisest and soundest lessons of history and life is to Sputter not, Loaf not, Wrangle not at all, but—Move On.

There is Health in Action—Move On.

To find out whether a Task is worth your effort, be first convinced that you will be Wiser, Happier and Stronger after it is done. If you are convinced of this, after careful weighing—set your Mind and Feet and Hands to the task, get it done, and then—Move On.

There is Growth in Action—Move On.

If you feel that you are not getting Joy to the full in what you do each day, Move On to something better. Have courage to Risk. Move On. Blessed is the man who finds his Work and Glories in it, for he cannot help but—Move On.

There is Happiness in Action—Move On.

Stand still and you Stagnate, grow Dull and lose the Snap and Ginger that men and women of Action always have. Move On. Study yourself, your Work, your Ambitions. Set your eyes Westward. Let not the Sun of Success go down upon the failures of your Inaction. Move On.

There is Success in Action—Move On.

Think. Face new Ideas. Bury your dead Blunders and Mistakes. Search for new Viewpoints. Grasp new Ideals. Watch your Step. Move On.

Study Your Health, Appetite and Pocket Book by taking meals in the peerless open-air cafe "at The Kaiserhof."

An Announcement

With the rapid growth of our business and the impossibility to expand at our Government street store we have opened handsome new premises known as the

Bon Ton Bakery and Confectionery

AT 640 YATES STREET, OPPOSITE KING EDWARD HOTEL and FORMERLY KNOWN AS THE CENTRAL BAKERY.

Our new store will be devoted exclusively to bakery goods and confectionery as well as have a thoroughly modern Soda Fountain.

While the words "home-made" are much abused they may be correctly applied to the BON TON for everything will be made by ourselves.

We work under a system of perfect sanitation. None but the very best ingredients are used. We might also mention that OUR Ice Cream is better because it is the purest that is possible to be made.

Bon Ton Bakery
640 Yates Street. Opposite King Edward Hotel

TO OPEN IN SEPTEMBER

King's Daughters Discuss Work of Hospital at Duncan—New Officers.

The first monthly meeting of the board of directors of the King's Daughters' hospital at Duncan to be held since the annual meeting of the King's Daughters, took place yesterday at Duncan, a large number being present, and great enthusiasm being shown in the work.

Miss Leitch, president of the King's Daughters, presided, and during the afternoon a considerable amount of business, passing of bills, etc., in connection with the hospital, was transacted. The appointment of the following officers was ratified: F. A. H. Maitland-Dougal, Esq., chairman; Mrs. H. D. Morton, secretary; F. A. Wood, treasurer; Dr. Stephens, convenor of the building committee; Mr. Elkington, convenor of the grounds committee; and Mrs. Whittome, convenor of the finance committee.

The feature of the afternoon's discussion was the new maternity ward at the hospital, which, it is confidently anticipated, will be opened in September. The board expects to have sufficient money by that time to completely defray the expenses of building, and a much-needed branch of the hospital will be supplied. The work is progressing very rapidly. When complete the new wing will provide accommodation for fifteen patients, the building containing eight private rooms, a spacious ward and nurses' room, a splendidly equipped operating room, and most approved and up-to-date heating arrangements. Hitherto the hospital has had no special department for maternity cases, and this new wing, which is being supplied entirely through the splendid efforts of the King's Daughters, will fill a much-needed place, and will stand as a monument to the energy of the work of the provincial chapters.

A SOFT ANSWER.

That a clever as well as a soft answer often turns away wrath is aptly illustrated by an anecdote printed in the Pittsburgh Dispatch:

An official with a frowning countenance once approached Father Healy, the Irish wit.

"Healy," said the official, "I've got a crow to pick with you."

"Make it a turkey," said Father Healy, quickly, "and I'll join you at six sharp."

What could the official do but smile?

HOLD SUCCESSFUL SALE

Ladies of St. Joseph's Church, Esquimalt, Provide Pleasant Event.

"Derranarragh," Esquimalt, was the scene of a brilliant gathering on Thursday afternoon and evening, when the ladies of St. Joseph's church, Esquimalt, gave their annual garden party and sale of work. The grounds were brilliantly illuminated with colored electric lights, and the booths gaily decorated with bunting and a profusion of beautiful roses. The fancy work stall did a very brisk business during the afternoon and evening, and in the evening several handsome cushions and aprons were raffled. This booth was in charge of Mrs. O'Birch and the Misses L. Cameron and Clara Gunion. The flower stall, in charge of Miss L. Feker and Miss Trainer, was well stocked with exquisite roses of all shades and was one of the prettiest of the stalls. The lucky dip and fishpond, in charge of Mrs. Nelson and Miss M. Feker, were great centres of attraction for the children, and there was keen rivalry between the youngsters at the candy stall.

Rev. Father Fisser, several people from the Willows and Cathedral parishes, and Rev. Fathers Leterme and Macdonald, were present. Refreshments were dispensed by Mrs. Pauline, Mrs. E. Colbert, Mrs. Mackenzie and Miss Doran, and were not one of the least of the attractions. An excellent programme was given during the evening, those assisting being Mrs. F. E. Parker, Miss Clara Gunion, Miss Lawlor, Miss Kate Lawler, Miss M. Finnerty, Miss Mabel Cooper and Mrs. O'Birch. F. Webber made a good auctioneer, and disposed of all unsold articles at fairly good prices, the best attractions being the sideboard and china cabinet presented by J. R. Butler, and the big doll donated by Father Fisser.

DYING FROM GALL-STONES

Doctors Said Only An Operation Could Save His Life—"Fruit-a-tives" Enabled Him to Pass Nearly 200 Gall-Stones.

46 Grove Ave., Toronto, Ont., Jan. 10, 1913.

J. B. HARDING, Esq.

"I suffered untold agony from GALL-STONES, for the past three years, and tried many doctors without getting relief. I also paid $5.00 for one bottle of medicine which was useless. At times the pain from these gall-stones was so great that I lost consciousness, and my condition was desperate. I was quite satisfied that I was dying and the doctors said I must be operated upon.

"During one of these very severe, acute attacks, I was given some "FRUIT-A-TIVES," and after taking a short treatment of this remedy, I passed gall-stones over an inch in length, and as many as one hundred and fifty or two hundred in number. "FRUIT-A-TIVES" was the only thing that would relieve my pain. They are the greatest medicine in the world, and if there is anyone in Canada, or anywhere else, that suffers from gall-stones, I say "Let them take 'Fruit-a-tives' and be cured."

"If this testimonial will further the good work of "Fruit-a-tives," publish it with my full authority." J. B. HARDING.

Are you wondering how "Fruit-a-tives"—a medicine made from fruit juices, can cure Gall-stones? We will tell you. The Gall bladder is the reservoir for holding the Gall, or bile, secreted by the liver. If there is insufficient bile, then the bile in the Gall bladder is thick and easily forms stones. When the liver is weak, it secretes very little bile and then the Gall bladder is partially filled with a thick jelly-like mass of bile and thus forms into lumps or stones. "Fruit-a-tives" stimulates the liver to secrete more bile, and this increased bile softens the Gall-stones and by overfilling the Gall bladder, forces the passage of the stones through the Gall duct—and thus cures the disease.

"Fruit-a-tives" is the only medicine in the world made of fruit juices. By a wonderful process, the medicinal properties of certain fruits are greatly intensified—then valuable tonics and antiseptics are added and the whole made into the pleasant tasting tablets known in every section of Canada as "Fruit-a-tives."

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

CIVIC SALARIES.

Finance Committee Will Soon Be in Position to Draft Scheme for Submission to City Council.

Some time ago the city council, in considering the question of civic salaries in conjunction with the estimates, decided to reject all applications for increases except in two or three flagrant cases of inadequate salary, and referred the whole subject to a special committee appointed on the suggestion of Alderman McNeill.

Several of the principal cities have been applied to by the finance committee for data and as much of the data is already available, the return of the chairman of the finance committee, Alderman Gleason, who is in the East, is the only factor which causes any further delay. This system once established will lead to an adjustment of the inequalities which at present exist, whereby two clerks doing practically identical work are placed on different wage scales.

The inequalities extend right through the service and include even heads of departments with considerable executive responsibility, who are receiving less than similar officials in cities of corresponding size in different parts of the Dominion.

This will relieve the aldermen of individual responsibility, as they are called upon to decide often when new to office, on the merits of applications for increases of pay and similar requests.

MILESTONES.

Asked how she fixed a particular date, a woman witness at Clerkenwell County Court said she remembered it well because it was the day after her washing day.

To Regain a Healthy, Girlish Complexion

(From the Feminine World.)

If you would have a clear, fresh, girlish complexion, one ounce of ordinary mercolized wax will aid you in this direction more than shelves full of cosmetics. It produces a natural beauty. This wax, procurable at any drugstore, completely absorbs a bad complexion, revealing the healthy young skin underneath. Its work is done so gradually, day by day, that no inconvenience is caused. The wax is applied at night, like cold cream, and removed in the morning with soap and water.

Another valuable rejuvenating treatment—this for wrinkles—is to bathe your face in a solution of powdered saxolite, 1 oz., dissolved in ½-pt. witch hazel. This has a remarkable action in smoothing out the lines and "filling up" the loose tissue.

NEW BOOKS FOR LIBRARY

The following is a list of the books which have been received during the past week at the Victoria public library:

SOCIOLOGY.

King, Charles F.—Methods and aids in geography. 1888. 372.8-K52.

Talbot, Marion—Education of women. 1910. 376-T14.

Warren, Mortimer A.—Almost fourteen, a book designed to be used by parents in the training of their sons and daughters for present modesty and nobility and for future fatherhood and motherhood. 1893. 613.9-W29.

NATURAL SCIENCE.

Coffin, J. H. C.—Navigation and nautical astronomy. 1897. 527-C67.

USEFUL ARTS.

General.

Starbuck, Robert Macy—Standard practical plumbing, an exhaustive treatise on all branches of plumbing construction, including drainage and venting, ventilation, hot and cold water, etc. 696-S79.

Engineering.

Hobart, H. M., and Ellis, A. G.—High speed dynamo electric machinery. 621.3-H68.

Mead, Daniel Webster—Water power engineering, the theory, investigation and development of water powers. 1908. 621.2-M48.

Agriculture.

Valentine, Caro Syren—Beginner in poultry, the zest and profit in poultry growing. 1912. 636.5-V16.

Fullerton, Edith Loring—How to make a vegetable garden, a practical and suggestive manual for a home garden. 1905. 635-F97.

FINE ARTS.

General.

Camp, Samuel G.—Fine art of fishing. 1911. 799. C-18f.

Curtis, Charles H.—Orchids for everyone. 1910. 716-C97or.

MacWhirter, John—Landscape painting in water color, with 23 examples in color by the author, and an introduction by Edwin Bale. 1911. 759-M17.

Architecture.

Holst, H. V. von—Modern American homes. 1912. 728-H75mo.

Stevens, Edward F. and others—Modern hospitals, a series of authoritative articles on planning details and equipment, as exemplified by the best practice in this country and Europe. 725-S84.

Boatbuilding.

Field, P. B.—Canvas canoes and how to build them, with a plan and all dimensions. 1899. 797-F45.

Lehmann, Rudolph Chambers—Complete oarsman. 1905. 797-L53.

Vaux, C. Bowyer—Canoe handling. The canoe, its history, uses, limitations, etc. 1885. 797-V38.

LITERATURE.

Carmen, Bliss—Echoes from vagabondia. 1912. 811-C28ec.

Marshall, H. E.—English literature for boys and girls. 808.2-M36.

FICTION.

Hughes, Rupert—Mrs. Budlong's Christmas presents.

Seawell, Molly Elliot—Last Duchess of Belgrade.

Sidgwick, Ethel—Gentlemen, an idyll of the quarter.

Stuart, Ruth McEnery—George Washington Jones.

Tompkins, Juliet Wilbor—Mothers and fathers.

Tompkins, Juliet Wilbor—Pleasures and palaces.

INVESTIGATE WATER POWER RESOURCES

A. V. White, Engineer of Conservation Commission, Begins Work in This Province

Investigation of the water power resources of British Columbia, which was begun three years ago by the commission of conservation at Ottawa, is being continued during the present summer, Arthur V. White, of Toronto, consulting engineer on water powers for the commission, having arrived at the Empress hotel to supervise the work.

Engineering parties are being placed in the field to canvass, first of all, portions of the mainland coast and the territory tributary to the Grand Trunk Pacific railway. The party undertaking this work, according to Mr. White, will probably outfit at Hazelton.

"One of the chief objects which the commission has," stated Mr. White to a Times reporter last evening, "is to draw attention to the various natural resources by publishing inventories and descriptions of such resources in its various publications. The commission has in course of preparation a report which will deal with the water powers of Western Canada.

"A great deal of space in this report will be devoted to the water powers of British Columbia, and, as the reports are widely distributed throughout the world, attention is directed to such a resource in a manner perhaps that would not otherwise be attained.

"The present work of the commission in British Columbia, since its inception, has had the sympathy and practical support of the provincial government, and through the department of lands has received financial and other assistance, which has contributed much to facilitate the fathering of the data desired.

"The gathering of information in British Columbia is the most difficult work of this kind which the commission has undertaken," said Mr. White. "No province of Canada has so many difficult problems to solve connected with the administration of its water resources, involving as it does irrigation, mining, logging, water powers and other interests. But, while this is true, the efforts made by the province through special legislation and regulations are unique so far as Canada is concerned."

Mr. White has with him on his expedition two engineers, C. J. Vick and Napier Simpson, both of Toronto, and other men will be engaged from time to time as is necessary.

Mr. White is also consulting engineer to the international joint commission, which has been appointed to administer the Boundary Waters Treaty between Great Britain and United States. These include, the St. Lawrence, the Great Lakes system, Niagara Falls, and the Lake of the Woods.

STUDYING CURRENTS

Engineer Investigating Possibilities of Eddies Carrying Sewerage Into Harbor.

One very important effect of the outfall of the Northwest sewer into the waters of the harbor, through the projected outlet at McLaughlin point, is the effect of the currents on the sewerage.

There has been frequent complaint that refuse which has been dumped outside the harbor has been caught by an incoming tide and taken back into the inner harbor, and Capt. Clarke, the harbormaster, drew the attention of the secretary of the Inner Harbor Association to the situation which might be created by this set of circumstances. As a result of Mr. Sorby's inquiries at the city hall the engineer of sewers, Mr. O'Meara, is making an investigation of the currents at this point, in order to determine the direction of the eddy which occurs close to the proposed outfall. While the association is not prepared to anticipate any action by the authorities, it is hoped that the tests now being carried out will allay anxiety regarding the eddies carrying the sewerage back into the waters where the tide could bring it back into the harbor.

The Northwest sewer scheme itself is making good progress. The next move will be a report from the engineer of Saanich and Esquimalt on the portion which the trunk sewer is to serve in the districts, as a consequence of the uncertainty how large an area can be successfully sewered. As the formal approval of the design is expected from Col. Thomson, on behalf of the government shortly, there is no reason why the big undertaking should be commenced at an early date.

Pacific Coast Visitors—who are coming to Victoria in such large numbers on July 1, specially to taste our genuine imported "Humbser" Beer, Bavaria's finest, will find us "at The Kaiserhof," corner Johnson and Blanchard.

A Paris Chemist Has Discovered How to Grow Hair

In Paris the ladies have entirely abandoned wearing rats, which is due entirely to this new discovery.

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant dressing, and is sold by your druggist. A large, generous bottle can be purchased for 50 cents. Sold at Campbell Drug Store.

CUTOUTS ARE NOT NECESSARY TO CARS

Expert Says Well Designed Muffler Will Not Result in Loss of Power

"Despite all the controversy to the contrary, a cutout on the average up-to-date automobile is unnecessary," declares a well known automobile authority of the eastern United States. "The use of a well designed and properly proportioned muffler on the modern automobile motor should not result in an appreciable loss of power. By 'appreciable' loss of power is meant a sufficient loss as to be practically noticeable. A motor may be tested by means of certain scientific apparatus and the slightest variation in adjustment or equipment will cause a variation in its performance, but when mounted in a car, there is a certain range of variation which may occur without being discernible.

"Theoretically the muffler will reduce the power of a motor somewhat, but if properly proportioned the amount that is lost is so small that it cannot be detected by the mere driving of the car. If there is no appreciable loss of power when the muffler is new, there should be no variation in this condition later on.

"In the pas to many makers the muffler was a sort of mysterious proposition, but this condition is less noticeable to-day, with the result that the waste of gases may be carried away from the motor without noise or any discernible loss of power.

"I read an article recently where, aside from the claim of loss of power being made, arguments in favor of the cutout for signalling purposes, and to ascertain if the motor is operating properly were advanced. Employed as a signal, the cutout is particularly obnoxious, and in most large cities its use is prohibited by law. As for a cutout being necessary to detect the condition of the motor, undoubtedly the 'feel' of the motor is a much better indication as one drives along the road. If the car is standing still and one is working under the bonnet, the exhaust can be heard from this position sufficiently well for all practical purposes, even on cars most sufficiently muffled."

MOTORCYCLE TRAILERS

Basket Bodies Are Now Being Fitted to Act as Comfortable Trailers.

The rapid groth of the motorcycle business has been responsible for the introduction of a new kind of equipment known as a trailer. A number of the basket bodies, which can be attached to the rear of any motorcycle, have been turned out and they are giving utmost satisfaction.

The trailer body answers a dual purpose. It not only enables the motorcycle owner to increase the carrying capacity of his machine so that he may take friends with him on his trips, but provides an economical method of delivery for the merchant. The carriage is equipped with upholstered seats and dust shield and rides as comfortably as the average roadster. The bodies for commercial purposes can be made in any form or size.

The City Dairy Company, of Toronto, now uses a motorcycle for hurry-up and phone orders.

AN ISLAND VILLAGE

Colwood is an attractive example to visiting motorists, of what the Island affords by way of embryo towns in its rural districts.

TONIC FOR TIRES

Invention Designed to Smooth Motorists' Troubles—Local Dealers Are Busy.

Messrs. Davie & Head continue to do a phenomonal business in garaging and repairs. One of their latest "hits" with motorists is a patent puncture cure, known as "tire tonic." This is a liquid preparation which is injected into the tube, and which takes up just 6 per cent. of the space therein, leaving 94 per cent. of the tube for air pressure. The revolving wheel keeps the liquid distributed all through the tube while the car is in motion, and incidentally places it in the right position to be wherever a puncture is likely to occur.

Recently a test was made in Vancouver when no less than 56 nails were driven into a tire treated with this tonic, and there was positively no perceptible difference in the behavior of the tube, which remained absolutely unaffected by the multitude of punctures. The tonic, if it does all that is promised for it, should be a true boon to motor users.

Moore & Pauline.

The shipment of model 35 Studebakers which Messrs. Moore & Pauline have been expecting for some weeks past has at last arrived, although the entire shipment was sold in advance of its arrival here. Seventeen machines were in the delivery. The new six-cylinder model 45 h. p. will arrive on Monday. This has practically the same body as the model 35, but has a longer wheel base. Electric lights are fitted throughout, and the equipment is most attractive in point of finish, upholstery, etc. Four 6-cylinders have already been ordered, and it is anticipated that the model will take well for touring purposes.

So great has been the demand for cars that within the last few weeks the firm has had to get delivery of six cars from the Vancouver agent in order to help out matters.

The demand for the Cole car continues, but the factory in the east is unable to turn out machines rapidly enough to meet the more local needs, and none of these machines have arrived here for some time.

McLaughlin Cars.

The Western Motor Company is expecting a new shipment of model 40 and model 32 McLaughlin cars within a few days. All these models are fitted with electric self-starter, and one of them is exceptionally finished off. The body is painted with vertical stripes of blue and dark blue, with bonnets in the latter color, and will be conspicuous and unique among the cars used in the city.

In the same shipment with this will be a 6-passenger 40 h. p. model, which will be attractive for touring purposes. The wheel base is the same as the average 40 model, but the tonneau will be fitted with additional removable seats which will make it possible to change the machine from a 4-seater to a 6-seater. During the last two or three days the Western Motor people have sold about five cars, and the demand appears to grow as the possibilities of extending one's motor itinerary increase.

AUTO POLO COMING

Exciting Game Will Be Seen at Seattle —Players Are Daring.

Auto polo, the sport, will be seen for the first time in Seattle during the automobile races there next month. A team of auto poloists have been engaged in the east and came to the coast with Bob Burman and the other pilots. The auto polo cars will be in charge of experienced dare-devil drivers who have no more regard for their lives than would be expected of anybody who would follow such a hazardous and dangerous sport. Death seems to lurk in every move, yet strange to relate there has not been a single casualty to date. The drivers and mallet men are ever on the alert, and when in imminent danger seem luckily to escape into safety.

The war department at Washington has decided to conduct a test of motor trucks for army use, and will shortly appoint a board of officers to plan the trial.

MALAHAT DRIVE

This shows a bit of the exquisite scenery along the Island Highway above the Saanich Inlet. The car is approaching Victoria.

CONQUERS CANYON IN AN AUTOMOBILE

Remarkable Trip in Arizona Wonderland Made by Los Angeles Engineer

The depths of the Grand canyon of Arizona have at last been conquered by an automobile. A trip down into this greatest chasm of the world is a big undertaking, even on foot or mounted on sure-footed horses, and for an automobile it has been considered impossible. Yet, O. K. Parker, of Los Angeles, chief engineer of the Automobile Club of Southern California, recently made the descent to the very bottom of the gorge in a touring car with a full passenger load.

Gorge of Colorado.

The Grand canyon of Arizona, which is one of the most celebrated canyons in the world, is the gorge of the mighty Colorado river flowing through a chasm from 5000 to 6000 feet below the vast plateau of Northern Arizona. The main object of Mr. Parker's hazardous trip was to consider the possibility of constructing a good road for motorists down into the Grand canyon gorge, to be a side trip on the Santa Fe-Grand Canyon-Needles national highway. This Mr. Parker discovered it would be possible to do, and as a result of his perilous exploration, autoists at some future time may be able to tour down into the heart of this stupendous wonder of the world.

Met Discouragement.

In speaking of the Grand canyon trip Mr. Parker says: "People tried hard to discourage us from going into the canyon by telling us of the difficulties to be overcome, the absence of all semblance of a road, the formidable bottomless sand washes to conquer, the necessary building of approaches to surmount unmovable boulders, and the general and innumerable terrors of the journey. All this we knew, however, would be counterbalanced by a magnificence of scenery never before enjoyed by motorists. We were told that we could not take a large touring car down into the intricate systems of the canyon, that there wasn't a car on the market that could make the trip and come out on its own power. All of this was discouraging, particularly as we realized that our car was equipped with impedimenta for long-distance touring, a complete camping outfit for four, thirty gallons of gasoline, five gallons of oil, five gallons of water and food enough to last us for two days, and there were five of us in the car. But we were determined to make the trip, and so we started out.

There Was No Road.

"Our route (there was no road) followed the bed of Peach Springs canyon, which commences just north of the town of that name on the Santa Fe railway and debouches into the tremendous chasm of the Canyon of the Colorado twenty-two miles north. In that distance the canyon drops over 3000 feet, and having been produced by erosion and subject to violent torrental cloudbursts during the summer season, is strewn from wall to wall with great boulders, between which sand and gravel have lodged to unknown depths.

Scene of Desolation.

"It is a walled-in scene of desolation and grandeur in every sense of the word. Nothing grows, or can grow there, except cacti, catspaw, greasewood and mesquite. It took us three-quarters of one day to make the trip and a long, hard struggle from early break of day till late the next night to make the trip back. In many places where it was impossible to negotiate the bed of the canyon by removing big boulders or winding our way around them, we would build a wheel track over them, and by speeding up the engine warp the car to a place on the other side. The contortions that the car went through on the last five miles of hurdling huge rocks, with no two wheels ever on the same elevation, were a most wonderful example of what we had to go through.

Through Sand Washes.

"Imagine if you can that you had already forced your way mile after mile into this ever increasing depth over boulders and through sand washes that even in the open country would deter most motorists, every forward launch of the straining car adding just that many more chances against your safe return to a civilized road, that if your eye and hand faltered but the tithe of one moment, it might mean the ripping out of the differential or the wreck of the flywheel on the rocky high center—imagine all this, and I am sure you can appreciate the relief that came hand in hand with the joy of accomplishment, for as we made the last turn of the gorge, just as nightfall settled around us, it opened to our wondering gaze the majesty of all Nature's masterpieces, the Grand canyon of Arizona.

The Canyon.

"The most vivid picture an artist could paint could not describe the regalness of the depths of the Grand canyon. The cliffs, of many odd topographic formations, were all colors of the rainbow, forming a scenic background indescribable in its beauty. Our emotions were exalted, we were unmindful of fatigue, and drank in our surroundings with an insatiable thirst. It was a fitting end to a strenuous day—a day replete with conquests. And not one, but many times on our way back to the plateau the next day did I marvel at the ingenuity of man who could design and build a machine that would survive a test like that and keep going right along, as we later did, another thousand miles of mountain road, with not one mechanical trouble to mar the wonder of it all."

WOMAN DRIVES TAXI.

Winning the distinction of being the first woman taxicab driver in the Northwest, Mrs. Frank Gill, wife of the president of a taxicab company of Tacoma, appeared at the wheel of one of the concern's automobiles the other day. She will act as one of the company's drivers from now on.

THE GARAGE BUSINESS.

Owner—What'll it cost to repair this car of mine?

Garage Proprietor—What ails it?

Owner—I don't know.

Garage Proprietor—Thirty-four dollars and sixty-five cents!

—Puck.

MOTORING AS PASTIME

In Holiday Season Automobile Affords Opportunity for Pleasure.

This is the time of the year when everyone thinks of vacations and sports. Some are for this, some for that form of recreation, but more people each year are taking up motoring as a method of relaxing from their business cares.

"All over the country," says an automobile manufacturer, "you see hundreds, yes, thousands of enthusiastic motorists who take no other outings except in their cars. Just stop and think of the great number of people who take little pleasure drives almost every evening. No other pastime can give such continual, such restful pleasure as a motor car. Motoring is a sport, in every sense of the word, but at the same time the advantage of owning a motor car is because it is worth more for business purposes than as a recreation.

"Out on the farm is where the pleasure of driving a motor car is especially appreciated. I have been surprised at the great number of farmers who have purchased cars for no other reason, they said, than because a car is nice for their families to ride in. They do not seem to think of the economical advantages when they buy, the opportunities for more pleasure overshadowing every other feature of owning a car.

"Out on a farm the people have little else to enjoy except their cars. They are not in touch with baseball, and their work prevents them from such pleasures as fishing, picknicking, etc., which they are supposed to enjoy. But with a car they can take short drives each evening after a hard day's work, and it brightens them up and makes them happy with their lot. In fact it makes country life really worth living."

COMFORTABLE CARS

Use of Town Cars in Country Work is Growing.

"It's a question with me," says a manufacturer, "whether the automobile manufacturers in building their new models for the coming season take into consideration that the automobile of to-day is used more for touring than for any other purpose. This is particularly true in the summer and early autumn. A car that has been used during the winter by the business man in carrying out his duties is now found making daily or weekly trips in the country. I believe that if the manufacturers would consider this point their new features would be more in line for comfort during long rides.

"I believe that you will agree with me that nine out of every ten automobiles sold show a great out-of-town or touring mileage than in town. This fact should be taken into consideration by every person who is contemplating the purchase of an automobile. After being convinced that the car will answer every need, as far as simplicity of operation is concerned, it's riding qualities from a comfort standpoint should be thoroughly gone into. Only by such minuteness of inspection can the automobile owner be assured of absolute satisfaction in his purchase."

PENALTIES ARE LIGHT

Jail Sentences for Stealing Horses—Fines Only for Taking Automobiles.

Even the cheapest car represents a cost of several hundred dollars, and the average car would certainly be in excess of $1500. In many provinces, however, the penalty for stealing a valuable car is only a fine and that a ridiculously small amount. In every province the penalty for stealing a horse, worth perhaps $100, runs from one to ten years in the penitentiary, while in some provinces the penalty for stealing a $5000 automobile is a fine not to exceed $35. Owing to the large number of cars of the same make, size and color in every city, the thief is able to make the object of his theft the vehicle for his escape with it. It will carry him hundreds of miles at high speed in only a day or two. The absence of distinguishing features, such as characterize a horse, and the ease of substituting the licence tag of one province for another, combine to make detection extremely difficult.

In Ohio, a bill will be introduced making the penalty for convicted theft of a motor vehicle, valued at $35 or more, imprisonment for not less than one year nor more than seven years; for motor vehicles of less value than $35, a fine not to exceed $200 or imprisonment up to 30 days.

The Ohio bill also provides a fine of $25 for failure of the driver of any vehicle on public streets or highways to display lights between sunset and sunrise.

The increasing number of women riders in England has caused manufacturers to bring out a "woman's motorcycle."

Two thousand and ninety-five motorcycles are registered in Liverpool.

NEAR CAMERON LAKE

The Cameron Lake district is becoming more and more popular among motorists and campers. Excellent fishing, good roads and charming scenery are but some of its attractions.

HOURS WITH NATION BUILDERS

SIR LOMER GOUIN

By J. C. Ross.

Partly because of their training and partly because of a natural aptitude, Frenchmen turn to law and politics as a duck to water. In many ways the people of Quebec are taught politics just as they are taught religion, being schooled in the business from their very infancy. This training combined with the natural leaning towards the forensic life accounts for the large number of young Frenchmen who make their mark in the political arena.

Sir Lomer Gouin is a good type of the French-Canadian Journalist-Lawyer-Politician. He has been Premier of Quebec since 1905, and is acknowledged on all sides to be the most progressive Premier the Province ever possessed. He was born in Gronaines, a little hamlet in rural Quebec, on the 19th of March, 1861, being the son of Dr. J. Gouin. In the parish church following Sunday Mass, the future head of the Province heard the political questions of the day discussed. He first listened to and then took part in an institution peculiar to Quebec, the "Ensemble Contradictoire." This gathering is something which is found only in this Province. The country people, devoid of newspapers and oftentimes unable to read even if they possessed them, learn of the great outside world through the Cure, and the political discussions which take place following Sunday morning Mass; this is the one contact the French-Canadian habitant has with the outside world, and it is taken advantage of by politicians and others to get the ear of the people. After Mass has been duly said, the whole congregation, men, women and children, sit down and listen to the harangues of budding orators. The more fiery and passionate the orations are, the better pleased are the people. If opposing politicians can be brought together and denounce one another with a vehemence and passion impossible to phlegmatic Anglo-Saxons, the delight of the audience knows no bonds. In a measure this explains why it is that great French orators are always sure of an enthusiastic reception among their fellow countrymen. The average Frenchman dearly loves an impassioned oration. He may go home and in his sober moments vote for the plain-spoken, matter-of-fact business man who is appealing for political support, but he is always an attentive and an interested listener when a great orator is holding the floor, or when a political controversy is being waged.

It was in this school that Sir Lomer Gouin imbibed his first political ideas and received the thorough grounding, which served him in such good stead later on in life. Sir Lomer is in many ways the most contradictory French-Canadian in political life to-day. The popular impression of a French-Canadian politician calls up a man of the Laurier or Bourassa type, who is a great natural orator, with a wonderful power over his audiences. Sir Lomer Gouin, as far as temperament and training goes, resembles an Englishman. To be more exact, he has many of the qualifications of the Scotch, being stable, stolid and steadfast, and yet no man in the past two or three decades has secured such a hold on his compatriots as has the present Premier. Sir Lomer is not an orator; even his best friends and his most ardent admirer will not assert that he is a great speaker. He is, however, gifted with an unusually large amount of common sense; is a shrewd judge of men; is an excellent administrator; has great executive ability; has an insight into business affairs which would have made him a captain of industry in another field; is a Liberal with all that means, yet not too radical; in brief, he is the best and most progressive Premier his Province has ever had.

Some years ago Henri Bourassa, tiring of Federal politics, came down to Quebec and entered the local Legislature with the avowed intention of turning Gouin into the street at the end of a month's time. He made two whirlwind campaigns, and spent a few years in the Legislature, only to retire a year ago with his following reduced to one and a valedictory statement on the floor of the House to the effect that "Sir Lomer Gouin had administered the Province with intelligence, capability, and honesty." The Nationalist cause which at one time looked as if it would sweep Quebec from its moorings, broke against the solid foundations upon which the stolid Gouin had founded his Government. To-day Nationalism is a dead cause, while Sir Lomer Gouin is firmly "seated in the saddle" and to all intents and purposes can remain there as long as he chooses.

When he took charge of the affairs of the Province, its credit was at low ebb; its yearly expenditure always exceeded the revenue; education was neglected, and the Government generally was in disrepute. Sir Lomer immediately inaugurated reforms; he put the various departments of the Government on a business basis; introduced system into the management of public affairs, brought the expenditure below the revenue, and at the same time greatly increased its sources. When he assumed office, the revenue was a little less than five and one-half million and the expenditure five and one-quarter million dollars. The revenue is now in the neighborhood of eight million, while the annual expenditure is less than seven million dollars. He increased the appropriation for education from a few paltry thousands per year, to several hundred thousands; built technical schools in Quebec and Montreal at a cost of a million and one-half dollars; encouraged the formation of agricultural societies, fruit growers' associations, dairying clubs, poultry growers and various other organizations connected with agriculture. Possibly the most statesmanlike bit of legislation put into force was that prohibiting the exportation of pulpwood cut from Crown lands. Briefly put, this Act was intended to force American pulp and paper men to build their mills on this side of the border. The Act was successful beyond the highest expectations, for in the year following its inauguration nineteen pulp, paper and lumber companies were incorporated in his Province with a total capitalization of over forty-one million dollars. Sir Lomer is making the Province of Quebec the pulp and paper manufacturing centre of the continent. Other Premiers looked on the Province as a place to exploit for party purposes. Sir Lomer Gouin instead of adopting a system of piracy in his Government, put into effect a business administration, which is all new and strange to the people, but which is nevertheless appreciated. This is why they speak of him as being an Englishman in his ideals of Government and in the business methods which he has put into force.

There is absolutely no nonsense about Premier Gouin. He is devoid of sentiment; cares absolutely nothing for the tricks of the orator, nor has he any use for the professional politician. He believes that the people of the Province can be appealed to on a business basis and that they will respond to a man who gives them an honest, clean administration. So far, he has not guessed wrong, as each time he has gone to the country he has been returned by a larger majority, until to-day the opposition number but a mere handful.

Apparently, the work Sir Lomer Gouin is doing is to the King's taste. At any rate, the present King when Prince of Wales, knighted Sir Lomer at the Champlain Tercentenary in 1908. A few days ago he showed that he approved of his first preference by raising Sir Lomer from the rank of Knight Bachelor to that of Knight Commander of the Most Distinguished Order of St. Michael and St. George. Sir Lomer was educated at Sorel College, Levis College, and Laval University in Montreal. Early in life he showed a tendency to associate himself with Premiers and other leading politicians. As a law student, he studied under the late Sir John Abbott, Prime Minister of Canada, and later under the Hon. R. LaFlamme, Minister of Justice. He married in 1888 Eliza, the daughter of the late Honore Mercier, a former Premier of this Province. He was called to the Bar in 1884, made his first venture in politics in 1891, but was defeated for the House of Commons in Richelieu. He was elected to the Local Legislature from St. James Division in Montreal in 1897, and has been a member of the Quebec Legislature ever since. In 1900 he was made Minister of Public Works in the Parent Cabinet, and became Premier of the Province in 1905.

IN THE LODGE ROOM

I. O. O. F.

Meetings Next Week.

Monday—Victoria Lodge No. 1.
Wednesday—Columbia Lodge No. 2.
Thursday—Dominion Lodge No. 4.

Colfax Rebekah Lodge No. 1.

A very enjoyable social evening was held by the lodge last Tuesday. At the next meeting, Tuesday, July 8, Sister E. Stewart, D.D.P., assisted by other assembly officers, will install the officers of Colfax lodge. Refreshments will be served at the conclusion of the ceremony.

Victoria Lodge No. 1.

A very important meeting of this lodge will be held next Monday evening, when the trustees and delegates to the board of union will be held.

Columbia Lodge No. 2.

The election of trustees and delegates to the board of union last Wednesday evening resulted as follows: Trustees: Jas. Wilby, R. Hall, A. Henderson. Delegates to the board of union, Jas. Wilby, R. Hall, A. Henderson, Jas. Hay, P. Dempster. A very important proposition is to be taken up next Wednesday evening and it is necessary to have a large attendance. The officers of the lodge will be installed at the next meeting by Bro. R. Livingstone, assisted by other grand lodge officers.

Dominion Lodge No. 4.

Bros. W. H. Cullin, F. Dillabough and H. Dresser were elected trustees of the lodge last Thursday evening. Bros. W. H. Cullin, Jas. Bell, R. Anderson, F. Dillabough and H. E. Morris will represent Dominion lodge on the board of union for the ensuing year.

Board of Union.

A meeting of the board of union was held last night in the library, and very important matters were discussed. The members of the various lodges will no doubt have the pleasure of hearing a report from their delegates during the coming week.

A. O. F. No. 9202.

Court Maple Leaf No. 9202, A. O. F., held an ice cream social and dance at conclusion of the business meeting last evening.

Northern Light, A. O. F.

Court Northern Light, A. O. F., held its quarterly meeting on Wednesday evening and elected the following officers for the ensuing term: P. C. R., S. C. R., F. J. White; treasurer, W. P. Smith; secretary, W. F. Fullerton; S. W., H. F. Jarvis; J. W., J. L. Johnson; S. B., M. W. Belk; J. B., W. L. Finnerty; surgeon, Dr. Lennox; organist, W. Marshall. Delegates to the annual convention of Columbia District, G. S. Creed and H. Roskamp; alternates, C. Pointer and F. Heanski. The officers and the officers of Court Maple Leaf will be jointly installed at the next meeting on July 9.

GARDEN CITY ROADS

Contractors Will Take Over Bonds, and Undertake Not to Sell Less Than 90.

Now that an arrangement has been reached with the contractors for the local improvement work on Marigold and Blackwood roads, Garden City, which has been so long hanging fire on account of the difficulty of financing the project, there will be no further delay by the contractors, Jones & Rant, in starting the work. They have an arrangement with the Saanich council to take the bonds authorized last year at 92, and not to sell them at less than 90. The work will cost about $20,000, and will afford a very desirable improvement to the neighborhood.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength from D. E. Campbell and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

OUR LETTER BOX

TUBERCULAR BEEF.

To the Editor:—The government are doing a fine work in sending around their veterinaries to weed out our tubercular cows, but most of us would feel safer if the condemned carcases were buried or cremated instead of being turned over to the butchers. The average person would suppose that if the milk from a diseased cow were unfit for human consumption, the flesh were doubly so.

Seems to me it would be cheaper to burn even 1,000 cows at $50 a head than to build and endow only one sanatorium.

Another thing, a dead cow is worth more to the butcher than $50. Who gets the balance? If no explanation is forthcoming, the public will be well advised to buy no beef whatever until the veterinaries are well out of this district.

WALTER FOSTER,
Strawberryvale.

THE ORIENTAL QUESTION.

To the Editor:—I have been reading lately in your esteemed paper different articles about the Oriental question in British Columbia. I will give an account of my experience. Nine years ago I came to Canada. Three years later I took out my citizen papers in Winnipeg for to help to build up the province. Lately I have been working as helper at the Bamberton Portland Cement plant, Tod Inlet. I was working for the company. The contractors were about finished. On the 17th of this month Sir Richard McBride paid a visit to the plant. About this time there were about 40 Chinamen employed on the works. On the approach of Sir Richard McBride all the Chinamen were chased down in the quarry, so nobody could say they were seen. The inspection was over. Next day forty more Chinese were landed. The following day the same, and myself and some other white men were told there was no work for us. Most of the Chinese were kids; came in the last boat, Empress of Russia, I think. One who could speak English pretty well, as he had travelled quite a bit, told me the following: "Me get $1.60 a day here, but big China boss in Victoria, British Columbia, him catthe money. Big company he pay fare. He pay tax, me come Victoria, British Columbia. Bye-bye I get little money, Me no look for work. Bossy man cathe for me." So I come to the conclusion that they are working under a peonage system, and I blame the present government for me having to seek another job. I read in a recent letter to the Saanich council or municipal council where a certain cement company was asking the council to patronize local industry. I would like to know if they are worthy of it, and Sir Richard McBride will never, or any of his clan, get a vote of mine again.

ALBERT JOHNSON,
General Delivery, Victoria, B. C.

COWAN'S PERFECTION COCOA

A MUSCLE-BUILDING FOOD

Growing youngsters work hard. They need food that is nourishing—food that satisfies the hunger and digests easily. Nothing is better for them than Cowan's Perfection Cocoa. Ground from the fresh Cocoa Beans, it has all the food value of pure Cocoa. It builds up the muscles and makes children healthy and strong. ¶ A cup of Cowan's made with half or one-third milk is a properly balanced food—one that the most delicate stomach can digest. And it is so delicious that it tempts the appetite when all other foods fail.

NOTICE.

"Navigable Waters Protection Act."

NOTICE IS HEREBY GIVEN that the CAMERON INVESTMENT & SECURITIES COMPANY, LIMITED, with head office at the City of Victoria, in the Province of British Columbia, is applying to His Excellency the Governor-General of Canada in Council for approval of the area plans, site and description of works proposed to be constructed in Selkirk Water, Victoria Inner Harbor, Victoria, British Columbia, being the lands situate, lying and being in the District of Esquimalt, Province of British Columbia aforesaid, and known and described as Lots Six (6) and Seven (7), of Lots Eleven (11) and Twelve (12), Block C, Constance Cove Farm, according to a map or plan on file in the Land Registry Office at the said City of Victoria and there numbered 1077, and has deposited the area and site plans of the proposed works and a description thereof with the Minister of Public Works at Ottawa, and a duplicate thereof with the Registrar General of Titles in the Land Registry Office in the City of Victoria, British Columbia, and that the matter of the said application will be proceeded with at the expiration of one month from the time of the first publication of this notice in the Canada Gazette.

Dated this 19th day of June, A. D. 1913.

CAMERON INVESTMENT & SECURITIES COMPANY, LIMITED,
Petitioner.

NEWS OF PROVINCIAL TOWNS

NEW WESTMINSTER

A great deal of interest is manifested in Alderman Dodd's shops regulation by-law, which he will probably introduce next week to the council and to the public. The object of the by-law is to provide a weekly half holiday for all retail clerks in the city, which would impose no inconvenience on the public and no loss to employers, or detriment to the city's trade. Under the shops regulation act, the city council have authority to declare a half holiday either on Wednesday or Saturday afternoons.

Recognizing that closing on Saturday afternoons would involve loss and risk to such trades as butchers, grocers and dealers in perishable goods, it is proposed to apply the by-law to these on Wednesdays. Other stores such as hardware, clothing, etc., would not be so much effected by a Saturday half holiday.

The great desire of the retail clerks and their supporters is to work in harmony with the best interests of their employers and avaid any diversion of the city's trade. To do this, the sympathy and co-operation of the general public must be enlisted, and it is felt that this can be ensured by the very moderate demands of the by-law. Shoppers, it is felt, will surely not be driven to other centres of commerce by the bestowal of the much needed opportunity for rest and recreation to hundreds of young people detained in stores for long hours during the rest of the week.

Two years ago Alderman Dodd introduced a similar by-law to the council, but apathy killed it.

NANAIMO

The miners of Nanaimo who have been giving serious thought to the position they now find themselves in are gradually, some of them against their own preconceived views, coming to certain definite conclusions on the whole affair.

They cannot see by what right an organization with about one-tenth of the men in it can tell the other nine-tenths to quit work.

They are forced to the conclusion that the strike is a mighty big benefit to the Washington mines.

Some of them have come to the conclusion that the strike was called primarily for the benefit of the Washington mines, and that the people who called it do not care how long it lasts or if the operators concerned ever recognize the organization that called it or not.

The men were told when the strike was first called that, if necessary, Washington mines would be called out.

They were told before that that the Nanaimo miners were not doing right in supplying the markets of the Cumberland and Ladysmith mines because these mines were on strike.

Now, however, they see the Washington mines supplying the markets formerly supplied by the Nanaimo mines, and no one up-to-date has branded the United Mine Workers working in the Washington mines as "scabs."

Further than that, while they were told that if required the Washington mines would be called out if necessary, they were also told after the local mines were tied up that the Washington mines could not be called out because the U. M. W. of A. had an agreement with the Washington operators.

It does not take much reasoning power to see through the whole game.

KAMLOOPS

The polling upon the by-law to provide $17,000 for the purchase of a site for a new drill hall evoked the strongest interest in Kamloops. Never before in the history of the city has so large a poll been registered, unless at some election by-law, and never before has the rejection of a by-law been so decisive.

No effort was wanting on the part of the supporters of the by-law, who were tireless in their efforts to convince the electors, and who had at their disposal every motor car in the city as well as a number of horse vehicles to convey voters to the poll. Instead, however, of securing the necessary three-fifths majority they did not poll so many votes as the opponents to the scheme, as the declaration of the poll was officially stated as under:

For the by-law	150
Against the by-law	153
Spoiled ballots	2

Fifteen Hundred Soldiers Are in Camp at Sidney.—Sunday trains on the V. & S. railway leave Victoria at 10 a. m., 2 p. m. and 6.30 p. m. Returning trains leave Sidney at 11.30 a. m., 5 p. m. and 9.15 p. m.

PORT COQUITLAM

An electric line from New Westminster to Port Coquitlam, along the Pitt River road or the C. P. R. tracks, is what the Coquitlam municipal council will ask the B. C. Electric railway to build, with a view to improving the transportation facilities between this city and way points and New Westminster.

The matter was introduced by Reeve Barth at the last meeting of the municipal council. His idea was that they should seek the construction of this road now, and should the B. C. E. R. agree to the request, ask for a branch up the North road and along the Austin road for the benefit of the residents of that locality. The reeve spoke of the great need for better transportation in the district, and his remarks were most heartily endorsed by the council.

A resolution making the request was drawn up and unanimously passed, and a committee, composed of the reeve and Councillors Atkins and Martin, were appointed a committee to take up the matter with the proper authorities.

The tax rate for the municipality of Coquitlam for the year 1913 will be 14.80 mills on the dollar on improved property and 26.80 mills on wild lands.

The rate on improved property is made up as follows: 1.80 mills interest and sinking fund on loans; 1 mill for school purposes; 12 mills general rate.

The total rate on unimproved property or wild lands is made up of 24 mills as general rate; 1.80 mills for loans, and 1 mill for schools, making a total of 26.80 mills on the dollar.

The total assessment for the year is $3,000,318, which is understood to be slightly above that of 1912. The proportion of the total assessment which is on wild lands and the proportion on improved property has not been announced.

A revenue by-law governing the levying of the taxes was introduced before the council and passed through its initial stages. It will probably be finally passed and ordered signed, sealed and approved at the next meeting.

The tax rate on improved lands is 1.07 mills less this year than in 1912, while the rate on wild lands is 4 mills larger.

NELSON

First aid teaching for miners by government instructors was strongly advocated by W. B. McIsaac, secretary of Ymir Miners' Union, who appeared before the provincial royal commission on labor. Working conditions in the mines of his district were generally fairly good, he stated.

Wages paid to laundry workers in Nelson are about the highest in Canada, declared A. Larson, the local laundryman, who told the commissioners that he paid young women from $10 to $14 per week for a 10-hour day, but that they often were allowed to leave earlier than the regular hour on account of fluctuations in business.

Much of the blame to which employment agencies are subjected should rightly be placed on the employer or the workers, in the opinion of T. A. Robley, who was formerly in that business in Nelson. In support of this claim he quoted cases where men had been refused work after the employers had asked agencies to send them out, of instances where employers had paid men less than the wage promised and of others where men had been refused work because they had arrived on the job while under the influence of liquor.

An eight-hour day with a minimum wage of $3.25 would be satisfactory to contractors if it were made general, according to John Burns, jr., but he thought that an eight-hour day for all classes of employment would be a hardship.

Although he would much prefer to employ white men on his ranch, he had found that Chinese were much more dependable, and for that reason had found it desirable to employ them, stated Ald. James Johnstone. He declared he would not employ Japanese, as they were also too unreliable.

Other witnesses called were Harry Cowling, C. S. McCormick, W. H. Jones and Paul Nipou.

PORT ALBERNI

There was very little of public interest accomplished at the last council meeting, and had it not been for the gentle knocking of a prisoner who, incarcerated in the dungeons at the rear of the civic debating chamber, was evidently a believer in the scriptural advice of "knock, and it shall be opened," there would have been nothing to vary the monotony of routine business.

The members of the Port Alberni Swimming Club are now in a position to indulge to the full in the delights of plunging into the briny, their new quarters on the waterfront, to the south of the C. P. R. wharf, being completed.

On shore there is a commodious dressing house, and in front a gangway leads to a fine new float, equipped with a twenty-foot springboard, which is calculated to supply all the fun needed for those of an acrobatic turn of limb.

At all stages of the tide it will be possible to dive direct in clean, deep water, about eight feet being available at the lowest tide.

The expense of building and providing these new premises for the club has been considerable, and in order that all who swim may enjoy the use of them, the club is always open for new members.

For the building of the dressing house and float the club is indebted to R. Armstrong, A. Macfayden, A. Macdougall, W. Hackett, T. Collinge, J. G. Stevens and H. E. Neale, permission to use the property being granted by A. E. Waterhouse.

There have been several proposals that a ladies' club should be established and assurances made that a sufficient number would join to make the idea practicable. If this is so, and the ladies would like a small dressing room built, communicate with the secretary of the club, Box 62.

SUMMERLAND

When the new steel steamer being built by the C. P. R. at Okanagan Landing is constructed there will be two boats each way daily on the lake, each connecting with one of the two trains running to Sicamous.

This statement was made by A. E. Stevens, acting general superintendent of the Pacific division, when asked as to the company's plans with regard to augmenting the present service on the Okanagan branch.

It was generally understood some months ago that such a service as this was to have been inaugurated this summer, especially the two-train service, but because of the fact that the proposed new boat for the Okanagan Lake service, provided for in the 1913 estimates, could not be completed in time to be put into commission this year, it was recently decided by the company to defer putting into operation the proposed double daily service on the Sicamous-Okanagan Landing branch for another season.

Mr. Stevens now says that if the double daily service on the Sicamous railway branch alone had been instituted this season it would have resulted in a slower service for the people living at points along the lake, and would have meant making connections with later westbound trains, which would have brought passengers into Vancouver late in the day.

The new steamer to be built this year for service on the lake will be a sister craft to the fine, splendidly-appointed vessel recently launched at Nelson for service on the Arrow Lakes.

Take a Dose of Nature's Medicine

Throw away your half-filled bottles of dope and poison, your patent nostrums and doctors' concoctions. You know they haven't done you any good and that your stomach is all upset as the result of filling it with these poisons. You know they have weakened your nerves and taken the life out of your blood.

Get back to nature. Consider how she cures and gives her assistance. Nature will cure you if she has the power. This power is Electricity. That's because Electricity builds up—supplies new life and energy to the body. Drugs destroy, tear down, because they contain poison. Of course, poison will ease pain. Why? Because it paralyzes the nerves. If you poison your nerves with drugs you can't feel the pain until the stupor wears off. Then the pain comes back, and you have to repeat the dose until Nature removes the cause.

If you have a pain in your back you can stop it for a few hours by stupefying the nerves with poisonous drugs. But to cure that pain you have got to remove the cause. That pain is something due to kidney trouble. So, can't you see that to remove the cause you must restore the kidneys to a healthy condition?

The reason the kidneys, liver, stomach or other organs become weak or debilitated is because they lack electricity. This must be restored, either artificially or by Nature, before they can do their work properly.

Weakness in men is caused by an exhaustion of electricity. Get back that force, and you will have your strength.

Our Electro-Vigor pours a stream of electric life into your veins while you sleep, and they conduct the force to every organ and tissue of your body, giving health and strength to every part.

Electro-Vigor is a dry cell battery, which you wear while you sleep and gives you a continuous current of electricity. You never have to charge it, for it makes its own power. It does not burn or blister and never shocks the nerves. The only sensation is a soothing glow. We have perfected Electro-Vigor so that it conveys a stream of electric life direct to the part that is ailing, so that the great force of current goes where it is needed, and none is wasted.

Mr. T. C. Johnson, Box 2336, North Vancouver, says: "I have been using the Electro-Vigor for about 2 months. I was troubled with lumbago for a number of years, have paid doctors much money and experimented with patent medicines without results. I must say in the short time I have used Electro-Vigor it has done wonders for me, and I hope soon to be able to report a cure."

Mr. J. T. Woolacott, 2239 Oxford street, Vancouver, B. C., says: "You ask me in your recent letter if I am cured. Well, I will tell you straight: I am cured. I never felt better in all my life. I have stopped using the appliance but will keep it around the house in case something ever happens to me again.

"I am certainly feeling fine and am getting so strong I don't know what to do with myself. Electro-Vigor is the only system."

THIS IS FREE

CUT OUT THIS COUPON and bring or mail it to us for our free 90-page book about our treatment. This book is beautifully illustrated with pictures of well-built, robust men and women, showing how Electro-Vigor is applied, and explains many things you should know regarding the cause and cure of disease.

If you can't call, we'll send the book, closely sealed, absolutely free.

Consultation free to all. Office hours—9 a. m. to 6 p. m. Wednesday and Saturday evenings until 8; Sundays 10 to 12.

TO-DAY IN CANADIAN HISTORY

Upon this date, nineteen years since, the Colonial Conference at Ottawa was opened. Hon. Mackenzie Bowell, who, upon the death of Sir John Thompson, later in the same year, became premier of Canada, took the chair. The conference was attended by the Earl of Jersey, representing the Imperial government; and by representatives of the three Australian colonies of New South Wales, Victoria and Queensland; of New Zealand; and of Cape Colony and South Africa. In addition to the chairman, Canada was represented by Sir Adolphe Caron, Hon. George Foster and Mr. (afterwards Sir) Sandford Fleming, to whose suggestion the gathering at the capital of the Dominion was due. The subjects which the delegates met to discuss were "the construction of a submarine cable from Vancouver, Canada, to Australia; the establishment of a quick mail service between Great Britain and Australia, via Canada; and the trade relations of the colonies with Great Britain and one another." Resolutions were passed advising that steps should be taken in the direction of improved steamship communication within the Empire, and of a customs union favoring Imperial as against foreign trade. A third resolution urged the immediate provision of a telegraph cable "free from foreign control, between Canada and Australia."

• • •

A through passenger service on the Canadian Pacific railway between Montreal and Vancouver was inaugurated twenty-seven years ago to-day, June 28, 1886. This line, first of the great continental systems that now cover the Dominion with a network of steel, was built in four and a half years, an average of 2.6 miles per day. Enormous engineering difficulties had to be overcome in constructing the road through the rocky barriers thrown up by nature along the shores of Lake Superior and over the snow-clad peaks of the Rockies. More than 300 miles of line were cut through the solid rock. An army of workmen, at one time as many as 25,000, were engaged in this gigantic battle of civilization against the wild forces of nature. But if the engineering difficulties were great, the task of financing the project was even greater. The Canadian Pacific scheme, born in scandal, was still viewed with distrust by English capitalists. Canada had to build her own road—and Canada did. By the latter part of 1885 the last mountain had been crossed, the last tunnel bored, the last bridge built, the last rail laid, the last spike driven, and on June 28 of the following year a train conductor in Montreal cried, "All aboard for Vancouver!"

• • •

A terrible conflagration, the second within a month, raged in Quebec sixty-eight years ago to-day, destroying 1,365 houses.

• • •

June 28 is the birthday of William Louis Courtleigh, actor, at Guelph, Ont., 1869; Herbert F. Gunnison, American journalist, at Halifax, 1858; and Henry Addington Bruce, author, at Toronto, 1874.

BIRTHDAY CONGRATULATIONS TO

Alexander, William Hardy, M. A., Ph.D. (Strathcona, Alberta); born Ottawa, 1878; professor of classics at University of Alberta.

Armstrong, Hon. John Neville, M. L. C. (North Sydney, N. S.); born Sydney Mines, N. S., 1854; noted educationalist; a member of the Legislative council of Nova Scotia since 1899.

Barwis, Major William Bailey (Vancouver); born Megantic, Que., 1862; insurance manager and soldier.

Cardin, Pierre Joseph Arthur, M. P. (Sorel, Que.); born Sorel, 1879; Liberal M. P. for Richelieu.

Elliott, Thomas (Vancouver); born Armagh, Ireland, 1859; immigration inspector.

Hansen, John F. (Winnipeg); born Schleswig, Prussia, 1875; colonizer and estate broker.

Johnston, John Kenneth, M. A., M. P. P. (Kamsack, Sask.); born Crinan, Elgin, Ont., 1865; barrister and farmer; Liberal M. P. P. for Pelly since 1908.

Morgan, Hon. Edward, K. C. (Toronto); born St. Vincent, West Indies, 1838; county judge of York since 1885.

Morris, Harry G. (Edmonton); born Rodney, Ont., 1883; estate broker and company director.

Patrick, John Alexander Macdonald (Yorkton, Sask.); born Ilderton, Ont., 1874; barrister and publicist.

Petersen, Charles Walter Christian (Calgary); born Copenhagen, Denmark, 1868; organized department of agriculture of Northwest Territories; now general manager of C. P. R. Irrigation Colonization Company and manager of Calgary exhibition.

Selwood, Frederick Shelton (Calgary); born Listowel, Ont., 1874; barrister.

Sinclair, William Edward Newton, M. P. P. (Oshawa, Ont.); born Whitby, Ont., 1873; Liberal M. P. P. for South Ontario.

THE HUMAN PROCESSION

A digger of ditches is engaged in a useful and honorable occupation, but, as a rule, he lives and dies unknown, unhonored and unsung. George Washington Goethals, world's champion ditch digger, is the exception to the rule. The ditch he is now engaged in digging at Panama will be a memorial that the most powerful monarch might well envy. If the canal is the success that it now seems certain to be, the name of Goethals will doubtless go clattering down the corridors of time, and be remembered long after other distinguished personages of the present are dropped from the encyclopedias. The chief of the digger tribe was born in Brooklyn—and Brooklyn, remembering "Doc" Cook, is excessively proud of it—and will celebrate his fifty-fifth birthday, to-morrow. He graduated from West Point in 1880, and since then has been engaged in works of peace, except for a brief period as chief of engineers during the Spanish-American war. He has been chief engineer of the Panama canal since February, 1906. He expects to let the water into his little old ditch next October. It has been said of Goethals that his face looks twenty, his eyes forty and his hair sixty. He is soldierly, erect, broad-shouldered, keen-eyed, white-haired, alert and always "fit." He thinks of nothing but "the job," and, thanks to a strong constitution and the sanitarians who have cleaned up Panama, he hasn't lost a day through illness.

• • •

Sir Kenneth Augustus Muir-Mackenzie, clerk of the crown and one of the most eminent of English legal authorities, will be one of the speakers at the convention of the American Bar Association in Montreal next autumn, according to a recent announcement. Sir Kenneth was born 67 years ago, and was educated at Charterhouse, where he was captain of both the cricket and football teams, and at Oxford. He studied law under Lord Bowen and Lord Davey, and was admitted to the bar 40 years ago. Since 1880 he has been permanent principal secretary to the lord chancellor and clerk of the crown in chancery. He is the fourth son of Sir John Muir-Mackenzie, second baronet of Delvine, and is one of several brothers to gain fame in politics, government and the law.

• • •

One of the busiest of Uncle Sam's senators is William Edgar Borah, of Idaho, who will celebrate to-day the forty-eighth anniversary of his birth in Fairfield, Ill. Just now the Idaho statesman is interesting himself in plans for improving the administration of the public lands of the United States, declaring that the faults in the present system are responsible for the fact that "at least 100,000 American citizens are going into Canada every year." Senator Borah, although he was chief counsel for the prosecution in the sensational trial of Haywood and Moyer at Boise, is noted as a friend of labor, and recently acted as chairman of a senate investigating committee in the West Virginia mining district. The Idaho senator's college yell is "Rock Chalk, Jay Hawk, K.U.," which is the weird cheer of the university of Kansas.

FIRST THINGS

The first coffee shipment from Brazil was made 150 years ago to-day, and consisted of a consignment of some ten bags, sent to Europe. Brazil now produces over 85 per cent. of the world's coffee supply, and a large part of this is grown in the one state of Sao Paulo. Coffee was introduced into Brazil in 1754 by Father Velaso; a Franciscan monk, and nine years later began the export of the beans that are Brazil's principal source of wealth. Over half of all the coffee grown is consumed in the United States, and Uncle Sam's annual coffee bill, at the wholesale valuation, is about eighty million dollars a year. The annual consumption averages fifteen pounds per person. The Danes are next to Americans as coffee drinkers, with an average of 8 1-4 pounds, while the Germans come third, with 6 1-2 pounds. Tea is the great beverage of the British Empire, but in Canada coffee has long become increasingly popular. The coffee tree is a native of Arabia, and its beans, which are really the seeds of its berries, were first used as a beverage by pious Mahometan pilgrims to the shrine of Mahomet.

NICE 3 roomed apartment to let, James Bay. Frank Le Roy, 1306 Government street. jy2

B. E. CAMPBELL IS NOT LIABLE FOR BILLS

Judge Finds Westholme Lumber Company is Alone Responsible to Subcontractors

It was held by Judge Lampman this afternoon that Duncan E. Campbell is not liable for the unpaid bills due to the sub-contractors who did work on the Campbell block under the contractors for the erection of the building, the Westholme Lumber Company. As the plaintiff company in the test case, the Dickey Manufacturing Company, did not ask that judgment be entered against the contractors, although the judge expressed the opinion that the latter were liable. That portion of the action was left undecided. It is understood that there will be an appeal entered, which cannot be heard until November next.

How Accounts Were Paid.

Mr. Campbell was the last witness in the case. He told of his entering into a contract with the Westholme Lumber Company to erect the block for which he had had plans drawn by Thomas Hooper. In order to assist the contractors and to assure the erection of the building without delay he agreed to advance them money by paying the accounts rendered them for materials and wages as these came due from time to time. He simply endorsed the accounts that came to him with the contractors' "O.K." upon them, and his bank paid these by his instructions.

As far as he knew the building was to be put up within the amount of the contract with the Westholme Lumber Company, $106,000.

Cross-examined by Frank Higgins as to the Dickey Manufacturing Company's bills, theirs being the particular accounts before the court in the test case, Mr. Campbell said he recollected giving Mr. Dickey a cheque on one occasion, but he did not remember anything being said about the Dickey company's accounts then or at any time. He did not think there ever was such a conversation as was alleged by the plaintiffs as to his being responsible for their account.

As Contractor.

H. A. Maclean, K. C., counsel for Mr. Campbell, began his address before the court adjourned for the day. After taking up the legal argument that the plaintiff company had no right to a lien as against his client, he maintained that the evidence showed that the Dickey Manufacturing Company looked to the Westholme Lumber Company, as the contractors, and not to Mr. Campbell all through the building operations as the responsible parties so far as they were concerned, having entered into a contract with that company to do certain work. All through the progress of the work the attitude of the Westholme Lumber Company had been that of a firm considering itself as the contractor to Mr. Campbell, and that it still took the same attitude in spite of this suit was shown by the fact that it was suing Mr. Campbell in the Supreme Court for an amount of $41,000 which was alleged to be owing it on the contract.

It had been sought to be shown by the plaintiffs that the alleged agency of the contractors was proved by the requisitions made on the owner and by his action in regard to workmen. It would be found that in one book of forty-nine requisitions, extending from May to August last, there was only one in which the Westholme company signed itself as agent. In another, from August on, out of the same number of requisitions, there was less than half, twenty-two, in which the word was attached to the signature of the company. The agency idea seemed to get stronger as time went on.

An Ordinary Right.

There was nothing out of the way in the fact that the architect's representative had ordered the removal of incompetent workmen from the work. This was an ordinary right of the owner or his representatives in all contracts, and was provided for in the specifications. Just as ridiculous was the claim that because the architect had dealt with the sub-contractors direct he was rendering the owner liable and putting him in the position of being the principal, as towards them. Owing to the lax manner in which the Westholme company were carrying on the work it became necessary for the architect to deal with the sub-contractors if he desired to get substantial progress made with the building.

Glocker, the manager for the architect, had to undertake matters he should not have had to look after, for the reason that the contractors were not doing their duty to the owner. From the plaintiffs' own witness, Colbert, another of the lien-holders, the court had heard that he had to go to Glocker because he could not get any action from the Westholme company; they would not move at all, he had said. The contractors were not properly looking after the work and forced on Glocker a lot of work that ought not to have been thrown on him, and now they were trying to make out that because of this he was agent for Campbell in carrying out of the work, and that the defendant was liable for the bills they should meet.

It was shown clearly in the evidence that everything was charged up to the Westholme Lumber Company. The whole line of trying to show, first by the requisitions, and second by the actions of Glocker in discharging men and pushing on the work of sub-contractors that Campbell was liable had failed. When it was sought to be proved that the Westholme company was agent for Campbell it must be proven up to the hilt, but instead of this it had not been proven in the slightest degree.

This morning Mr. Maclean concluded his argument and Mr. Higgins was heard for the plaintiffs. He argued that it had been shown that the Westholme people were only agents, and that as Mr. Campbell knew they were holding themselves out as such, and that the amount of the contract was being exceeded, without taking steps to notify the sub-contractors that the company was not his agent, he was liable to them. He relied upon the requisitions signed by the company as "acts," and the conversations which the plaintiff swore to, and cited the case of Sayward vs. Dunsmuir, arising out of the fire in the old Driard hotel, where the owner was held liable as a result of not taking any objection to the exceeding of the price set for the work done.

Mr. Maclean replied that the cases cited by counsel for the plaintiff all dealt with different circumstances, where the contractor was clearly an agent of the owner, and not as here where the contractor undertook to erect a building for a certain fixed sum, which had been exceeded. Mr. Campbell had paid everything up to that sum, and was not liable for a cent more. The Westholme Company was absolutely and overwhelmingly interested in the matter, and it only was liable.

His honor first took up the legal point as to the notice given by the lienholders, which he did not think could hold as to any sum more than $10.20 in any event in the Dickey case. As to the liability of Mr. Campbell he must say, on the evidence of Dickey and Colbert alone, that he could not, and would not hold that Campbell had agreed to pay them their bills, and in face of the defendant's denial that he had done so it was beyond question that there was no such promise. It was clear to him that if parties came forward and sought to saddle others with liability their evidence should be very clear and emphatic that he had stated that he would be liable. There was no such evidence given here. Falling back on the contract itself where Campbell agreed to be responsible for the bills, he believed that in any event the owner was not to be liable for more than the $106,000 which the original contract bound the contractor to put up the building for, and in conjunction with the rest of the contract this clause seemed to make it clear that the Westholme Company was contractors, and not agent in any sense. The distinction was very clear between this case and those cited by the counsel for the defence. As to the company holding itself out as being agent to the knowledge of Campbell he did not think this had been established. There was nothing in the statements that were made to some of the witnesses to this effect that called upon Campbell to go around to the sub-contractors to notify them that the company was not his agent. Whatever some of the requisitions might show by the writing of the abbreviation "agts" it did not bind the defendant, and he had no notice of this being done. There was also an attempt to fasten liability on him because of the way in which some of the certificates were signed, but there was no more in this than there was in the case of the requisitions.

From the way in which the Westholme Company dealt with the work all through it was clear its members considered themselves as the contractors for the building. The action must be dismissed as against Mr. Campbell, but he thought the plaintiff company was entitled to a judgment as against the Westholme Company if it had asked for it.

TOO LATE TO CLASSIFY

STORE TO LET, corner Cook and View. Frank LeRoy, 1306 Government St. jy2

LEASE of cigar store on Johnson street for sale, cheap rent. Frank LeRoy, 1306 Government street. jy2

BORN.

JOHNSTON—On June 27th, at 1195 Fort street, the wife of T. A. Johnston, of a daughter.

MARRIED.

ETHERIDGE-WILLIAMS—In this city, on the 23rd inst., at St. John's church, by the Rev. Stanley Aird, Mr. George Charles Etheridge to Miss Elizabeth Margaret Wallis Williams.

DAVISON-JEWITT—On Friday, June 27, at the First Baptist church, Victoria, B. C., by the Rev. J. B. Warnicker, B. A., Frank, eldest son of Mr. and Mrs. John Davison, Stockton-on-Tees, England, to Mary, eldest daughter of Mr. and Mrs. Richard Jewitt, Norton-on-Tees, England.

DIED.

MILLS—On the 28th inst., at St. Joseph's Hospital, Samuel Perry Mills, aged 59 years. Born at London, England.

The funeral will take place from the residence, 1717 Fernwood road, on Wednesday, July 2nd, at 8.30 a. m., and 9 o'clock at St. Andrew's Roman Catholic Cathedral. Interment in Ross Bay cemetery.

CARD OF THANKS.

Mr. and Mrs. Robt. A. Anderson wish to express their thanks to the many friends who were so kind to them in their hour of trouble.

MAY INSPECT WEIGHTS

Mayor Will Draw Council's Attention to Appointment of Official.

As the city council has not yet taken any action in connection with the suggested appointment of an inspector of weights and measures, Mayor Morley will on Monday draw the attention of the city council to the subject.

His worship desires it to be clearly understood that he does not wish to see the council invite any conflict with the jurisdiction of the federal authorities, whose inspectors superintend the correctness of the weights and scales used by storekeepers. However, he wishes the interests of customers provided for in getting full weight in their purchases, and thinks the only reasonable course would be to have an official acting somewhat in the position of a detective inspector to exercise a supervisory charge of the weights, and see that the use of any short weight and other reprehensible actions may be checked.

The subject will have careful consideration when the subject is brought up, on account of its importance to every householder.

TWILIGHT CONCERT.

Fifth Regiment Band Will Play at Macaulay Camp To-morrow Evening—Afternoon Programme.

The programme, which will be played by the Fifth Regiment band at Beacon Hill park to-morrow afternoon, is as follows:

March—Annihilator ..... Farwin
Overture—Poet and Peasant .... Suppe
Cornet Solo—Lost Chord ..... Sir A. Sullivan
Bandsman Smith, soloist.
Selection—Il Trovatore ..... Verdi
Chilian Dance—Manana ..... Missud
Excerpts From Chocolate Soldier .... Strauss
Humoreske ..... Drorak
Scenes From Bonnie Scotland ..... Godfrey
March—Dominion Day ..... Ball

The band will give a twilight concert of popular music at the Fifth Regiment Camp at Macaulay Point Sunday evening, commencing at 7 o'clock.

CITY ENTERS DEFENCE.

Contests Suit Brought by P. R. Abel for Damages—Road Still Unpaved.

The city has entered a defence in the suit started by Percy R. Abel, provision merchant, 502 Gorge road, for damages through failure to carry out the local improvement work specified in the Gorge road paving by-laws, and for a mandamus to compel the city to proceed with the work, or make the street passable.

In December Mr. Abel drew the attention of the council to the serious loss of business which had occurred through the neglect of the city to pave the road, and filed a statement showing about $1,600 actual loss through the delay. The subject has continued in the same position since that time, the road being still unpaved.

F. A. McDiarmid is acting for the claimant. The defence was entered yesterday formally on behalf of the city.

HINDUS WILL MEET.

Will To-morrow Discuss Discrimination Against Sexes in Canada.

Following the protest meetings which have been held in connection with the Hindu situation in British Columbia, and the protest lodged with the various governments against restrictive measures operating against the introduction of Hindu women, through the refusal of the transportation companies to book them to Canadian ports, a meeting will be held at the Hindu temple to-morrow.

The gathering will assemble at 3.30 p. m. in the local Sikh temple to consider the condition of the Hindus. It will be open to white sympathizers with the movement who would prevent the forced separation of sexes. The meeting will be addressed by local and Vancouver speakers.

TO CONSIDER FINANCES

City Council Will Weigh Report of Finance Committee at Monday Meeting.

When the city council sits on Monday evening the principal business will be the further consideration of the report of finance committee upon the fiscal policy of the council this year. The committee reported in favor of retaining the fiscal agents, the Dominion Securities Company, to sell all debentures in hands of agents, in favor of the continuation of the policy of temporary financing by treasury bills, and in favor of an issue of treasury notes to carry on the important works of local improvement, totalling $1,000,000.

It is hoped that an arrangement will be reached on the matter on Monday, as the time is rapidly going by when there will remain an opportunity to formulate a policy to guide the council in the next few months. The scheme as suggested will be both positive and negative in its scope if adopted. It is negative to the extent of frustrating the changes proposed in the agency of the city's stock issues, and positive to the extent of suggesting renewal of the treasury notes which fall due on October 2, and must be either taken up then or renewed.

Tenders are among other important features which have to be considered. There are a number of requirements for sewer plant, and for a three-ton motor truck for hauling crushed rock and gravel, which will be required before the contemplated operations are commenced shortly.

FIREMAN INJURED

Harry Kavanagh, of Headquarters Staff, is Crushed Between Truck and a Pole.

Harry Kavanagh, wheelman of the aerial truck, was seriously injured at one o'clock this morning while responding to an alarm from the Crystal theatre.

On starting back to headquarters from the fire Kavanagh had stepped down from the truck for a moment and was mounting again when the truck pulled ahead and the end swung around. He was caught between the side of the apparatus and a pole. He was badly crushed, and examination at St. Joseph's hospital, to which he was rushed, showed that he had had three ribs broken and his collar-bone fractured.

This afternoon he was reported from the hospital to be doing well, considering the serious nature of the injuries.

Kavanagh has been on the force for fifteen months and is popular with the men and officers.

CHARGED WITH ASSAULT.

John Perry Released on Bail for Hearing of Charge on Wednesday.

Frank Perry appeared in police court this morning with his head swathed in bandages, which were said to cover three stitches in his left cheek, and his son, John Perry, stood in the dock charged with assaulting him last evening.

H. C. Hall appeared for the defence and explained the business matters which had caused bad feeling and brought on the trouble, although his client pleaded not guilty. The sons had had a lawsuit with the father in connection with partnership assets, but had not yet taken the advice of their lawyers to separate.

The magistrate consented to an adjournment until Wednesday, on bail in two sureties of $400 each, but warned the defendant through Detective Sicilino to keep away from his father's house meanwhile, and received a promise.

FREE FROM CHARGE.

Edward Spilker Exonerated by Complainant From All Blame.

Edward Spilker, who a couple of days ago was charged with taking $20 belonging to William J. Taylor, tally-ho owner, was to-day freed from any blame in the matter.

E. L. Tait, who appeared for the private prosecution, explained that his client desired to withdraw the charge, as it was all the result of a misapprehension on the part of both parties. It was the practice of drivers to turn in their takings at the end of each day, but Spilker was not aware of this. After working for Mr. Taylor for a day he got other employment and did not turn in the money until next morning. Meanwhile Mr. Taylor got an idea he was going to Seattle and had him arrested. Under these circumstances he desired that the charge be dismissed.

Magistrate Jay, in discussing the case, said it looked as if the court was being used for the collection of a debt.

TO-DAY'S BASEBALL

NATIONAL LEAGUE.

At Cincinnati—	R.	H.	E.
Chicago	3	7	1
Cincinnati	1	5	3

Batteries—Humphreys and Bresnahan; Suggs, Packard and Clarke.

CELEBRATES BIRTHDAY.

Major John Wilson, president of the British Campaigners, and a Crimean veteran, has been the recipient of congratulations from many of the members of that body during the past few days on the attainment of his birthday. The major appeared in command of the Campaigners at the inspection on the Parliament Building grounds last Thursday evening, and, as the men were aware that the next day was his birthday, they gave him three cheers after those for the inspector-general and the minister of militia had been given.

Y. M. C. A. BEAT WARDS.

The Y. M. C. A. senior baseball team easily defeated the North Ward Park nine under Walter Smelll this morning at the North Ward park, by the score of 10-3.

TENDERS.

Tenders will be received up to 5 p. m., July 4th, 1913, by the B. C. Electric Railway Co., Ltd., for the erection of a galvanized iron building. Plans and specifications can be seen at the office of the Assistant Superintendent, Car Sheds, Pembroke street.

B. C. ELECTRIC RAILWAY CO., LTD., PURCHASING DEPT.

TENDERS FOR CLEARING.

Tenders for clearing Hollywood School site, in accordance with specifications in the office of the Board, will be received by the Secretary of the School Board up to Wednesday noon, July 9th, next.

School Board Office, June 27th, 1913.

Don't Break Your Back To Baste Your Bird

The New Perfection Stove with the New Perfection oven is just the convenient height. Everything about this new stove is just right.

It bakes, roasts, broils and toasts to perfection, and it does not heat up the kitchen.

Made with 1, 2 and 3 burners. Stocks carried at all chief points.

THE IMPERIAL OIL COMPANY
Limited
Winnipeg, Montreal, Toronto, Vancouver, Halifax, St. John

Royalite Oil is the best kerosene for all stoves and lamps.

SHOOTS HIMSELF IN SIGHT OF OFFICER

F. A. Arons, Guest at Prince George Hotel, Commits Suicide When Door Opened

Almost within sight of police officers who had been called to the scene, F. A. Arons shot himself through the head at ten minutes to ten o'clock last evening in his room in the Prince George hotel, dying two minutes after.

H. Stadthagen, who is a guest at the hotel, went upstairs, and as he stepped out of the elevator on the fourth floor Arons presented a revolver at him and told him to go down to the next floor. Mr. Stadthagen at once ran downstairs and notified the office and telephoned to the police station, following this up by going round to the station himself.

Detectives Carlow and Murray went back with him. Detective Murray, finding that Arons had locked himself into his room. Demands that he open the door were met with a refusal, even after Murray had stated who he was, and a pass key was then sent for. As the officer was turning the key in the door a shot rang out and as he entered the room he saw Arons sinking to the floor with the blood streaming down his face. He had shot himself in the right temple with a .38 calibre revolver, and died almost at once. The bullet had gone clear through the man's head and was found on the floor. The revolver, like the other articles, was new, and had been fully loaded, only the one chamber being discharged. A bottle of chloroform was found in the room.

Mr. Stadthagen says there was no attempt at a holp up.

Arons arrived at the Prince George hotel about five weeks ago, and shortly after placed a sum of $250 in gold with the proprietor. As long as the money lasted he got from the office sums varying from $10 to $20 daily. Two weeks ago the money had become exhausted, and for the past two weeks Arons had not paid his hotel bill. He had only one dollar in his pocket.

He registered as from New York, but he has since made the statement that he had been proprietor of the Hotel Alexander, in San Francisco, and that he was trying to get a business on this side of the line. He told friends that his wife and daughter had been killed in the recent cyclone in Omaha, and that he wanted to get away from where he would be reminded of them perpetually. The police are endeavoring to secure some reliable information about him from San Francisco. An inquest is being held this afternoon by Coroner Hart.

S. PERRY MILLS, K. C. SUMMONED BY DEATH

Well-known Barrister Passes After Long Illness—Long Legal Career.

At St. Joseph's hospital this morning about 4 o'clock, after several months' illness, Samuel Perry Mills, K. C., died at the age of 59.

Mr. Mills, who was one of the best known barristers here, was born in London, England, and came to British Columbia thirty-six years ago. He studied law as a clerk with the firm of Drake, Jackson & Helmcken, and in 1882 was called to the British Columbia bar, being appointed a Queen's Counsel in 1900. For several years he acted as a judge of the Court of Revision and Appeal under the Provincial Assessment Act. He defended the first woman indicted and tried for murder in British Columbia, and secured her acquittal. He was the first barrister to raise the question that the full court of British Columbia had no appellate jurisdiction in divorce, and it was so determined.

In 1876 he married Mathilda Donald, of London, England. He is survived by the widow, one son and three daughters.

Mr. Mills resided at "The Laurels," Fernwood road, and had offices in the Pemberton block.

It is an interesting feature in connection with his family history that his mother was a descendant of Sir George Calvert, secretary of state to James I., whose successors were founders of Maryland.

The funeral of the deceased barrister will take place on Wednesday at 8.30 a. m. from the residence to the Roman Catholic cathedral, the interment being at Ross Bay cemetery.

OBITUARY RECORD

The funeral of the late George Heather took place on Thursday last at 3.30 from the late residence, 1165 Oxford street, all the members of the family being present: Mrs. Fred. Foster, Almer Heather and Victor Heather, of Victoria; Mrs. Byron Alexander, Mrs. Ernest Townsley, Miss Emily Heather and Guy Heather, of Vancouver. The pallbearers were Messrs. Ernest Townsley, B. C. Alexander, Fred. Foster and H. A. Edgett. Many beautiful floral wreaths were among the tributes from friends. Rev. Mr. Stevenson and Rev. Mr. Balderston officiated.

The funeral of the late Joseph Nelson, of Sidney, took place on Thursday afternoon from the Victoria Undertaking parlors, Rev. Gilbert Cook officiating.

The death occurred at an early hour yesterday, at the family residence, 1033 Parkington street, of Abraham Payton, aged 68, a native of Kentucky, U. S. A. The funeral arrangements are being made by Hanna-Thomson.

The funeral of Baby Beal, the infant daughter of Mr. and Mrs. Ernest Beal, of 515 Beta street, took place yesterday afternoon from the Hanna-Thomson parlors to Ross Bay cemetery.

The death took place yesterday of Joseph William Reid, the three and a half years' old son of Mrs. Mary Reid, of 429 Springfield street, Victoria West. The remains were shipped to-day to Ladysmith from the Victoria Undertaking parlors.

The funeral of the late Joseph Nelson, of Sidney, took place yesterday afternoon from the Victoria Undertaking parlors, Rev. Gilbert Cook officiating.

The death occurred at an early hour this morning, at the family residence, 1033 Parkington street, of Abraham Payton, aged 68, and a native of Kentucky, U. S. A. The funeral arrangements, which are in charge of Hanna-Thomson, will be announced later.

The funeral service of the late George Heather took place yesterday afternoon from the late residence, 1165 Oxford street. Rev. Wm. Stevenson and Rev. Mr. Balderstone officiated. There were many beautiful floral tributes, and numerous friends attended.

The funeral of Baby Beal, the infant daughter of Mr. and Mrs. Ernest Beal, of 515 Beta street, took place this afternoon from the Hanna-Thomson parlors to Ross Bay cemetery.

The death took place this morning at 1 o'clock of Joseph William Reid, the three and a half years' old son of Mrs. Mary E. Reid, of 429 Springfield street, Victoria West. The remains will be shipped tomorrow afternoon to Ladysmith from the Victoria Undertaking parlors, where they now repose.

AUSTRALIANS WIN AGAIN.

Philadelphia, Pa., June 28.—The Australian cricket team won the second match from the All-Philadelphia eleven at Haverford, Pa., to-day, by ten wickets. In their innings yesterday the Philadelphians made 115 runs and in the second 67. The Australians in their first innings scored 105 runs, and to-day they made 78 runs, the number necessary to win, without the loss of a wicket.

WON ANOTHER.

London, June 28. — The Canadian bowlers met the Gloucester men yesterday, the scores being: Farrow 21, Jones 24, McTaggart 13, Newman 13; Knowles, 28, Ryder 20, Dr. Wood 20, Robertson 23; Tom Rennie 20, Peters 12. The Canadians were victorious by 21.

GROUP OF CAMP OFFICERS

Colonel Leckie is seen in the right foreground with a group of officers of the Seaforth Highlanders and other regiments in Camp at Sidney waiting to be introduced to General Hamilton.

MEETINGS

Memorial Decoration Day.—At a committee meeting held Wednesday it was decided to hold the annual Memorial Decoration Day service of the Ancient Order of Foresters on Sunday, July 20.

* * *

Moose Picnic.—The Moose lodge has arranged for a picnic to be held at Goldstream on July 1.

* * *

Caledonian Club Picnic.—Mr. Pashley, of the Plimley Motor Company, is organizing the motorcycle races which are to be held in connection with the Caledonian Society's annual picnic at the Willows on July 1.

* * *

Services in Theatre.—Next Sunday the services of the First Baptist church, which have been held at the temporary building, corner Yates and Quadra streets, will be held in the Dominion theatre.

* * *

To Hold Picnic.—The Ivy Leaf Picnic club will hold its second monthly picnic to Langford Lodge on Sunday, members and friends meeting at the Esquimalt & Nanaimo station at 8.30 a. m.

* * *

Picnic on July 1.—James Bay Methodist Sunday school will hold its annual picnic at Macaulay Plains on July 1.

* * *

Daughters of Scotland.—The annual picnic of the Daughters of Scotland will take place at Cordova Bay on July 1, and will include games, races, and sports of all kinds. A tally-ho will leave the Foresters' hall at 10 o'clock on Tuesday morning to convey the picnickers. The committee is providing the refreshments.

* * *

Daughters of the Empire.—The regents and vice-regents of the various chapters of the Daughters of the Empire are to attend an important meeting to be held at the Alexandra club on Monday at 2.30.

* * *

Methodists to Picnic.—The Centennial and Metropolitan congregations of the city will on July 1 hold a monster picnic. Metchosin with its picturesque and park-like pleasure grounds has been chosen as the rendezvous, and the outing in respect of numbers in attendance is expected to be the greatest of its kind ever held on the Island. The steamer Venture has been chartered, and will make three trips, starting at 8.30 a.m.

SCHOOL BOARD TO-NIGHT

Number of Teachers Have to Be Appointed to Fill Vacancies Next Term.

It is not often that the city school board sits on a Saturday evening, particularly when the trustees have been in session during the week, but such is the present proposal, and a meeting has been called for 8 this evening to deal chiefly with the appointment of teachers. In addition to the staffing of the Burnside and Oaklands public schools, which will be available when term opens again in the last week of August, there are the usual changes to be made in a few of the schools.

The officials estimate that some 16 or 17 teachers will be required to fill the vacancies, apart from those who are absorbed from the tent schools in operation last term. The board has a plethora of applications to make selections from no less than 40 male teachers, and far more women teachers desiring positions which will bring them to the desirable climate of Victoria.

It is doubtful if very much other business will be transacted on this occasion, as the appointments must inevitably consume a considerable amount of time.

PAY-AS-YOU-ENTER.

To Be Tried Out on Fort Street Lines Beginning July 2.

Within a few months the whole of Victoria's street cars will be run on the pay-as-you-enter system. On Wednesday next, July 2, the three Fort street lines will begin to use this plan of collecting fares and work will be begun enlarging the entrances of the other cars so that they will be suitable to follow up. The changes can be made in a few months.

Pastor Sexton's Address. — Pastor Sexton, who is here with the Bible Students' Lecture tour, will speak to-night at 8 p. m. at the Alexandra Club on the future. His address is entitled "Christ's Second Coming," and is free to all, no collections being taken up.

o o o

Fined for Fighting.—Shortly after 10 o'clock last night Constable Littlefield saw J. Gill and J. M. Manson fighting on the sidewalk in front of the Regent saloon on Johnson street. He told the police magistrate this morning that Manson was standing on the sidewalk when Gill came out of the bar and they commenced fighting. A fine of six dollars was imposed on each.

o o o

Building Permits.—Building permits have been granted to the Modern Homes, Limited, for an eight-room house on Carnsew street, costing $3,500; to J. S. Well for a four-room house on Lee street costing $1,500; to T. W. Bridges for a house on Albert street costing $1,000, and to J. P. Watson for a house on Stannard avenue costing $2,700.

o o o

Dominion Day Attractions.—Practically all the arrangements are completed for the Dominion Day celebration in the city and surrounding districts. There are the Caledonian Society sports in the city, the regatta at Cowichan Bay, and many picnics, the largest probably being the United Methodist picnic at Metchosin. For those interested in matters military, the manoeuvres will occupy considerable attention. There are numerous other attractions, and among them may be mentioned the fireworks at the Gorge park in the evening. To-morrow at the Gorge there will be an orchestral concert.

o o o

Speedy Trial.—E. Leatherbarrow and J. Bailey, accused of stealing a boat belonging to J. M. Isbister at Esquimalt, will have a speedy trial before Judge Lampman on Monday morning.

o o o

Must Keep the Peace.—Francis W. Buck, after his wife had given evidence in police court to-day as to the threats he had made against her, was bound over in two sureties of $500 each to keep the peace towards her for the next twelve months.

o o o

Annoyed Pedestrians.—John Meister was arrested last night by Constable Goodson on a vagrancy charge, coupled with the complaint that he had molested a young girl on Broughton street. He was remanded until Monday for medical examination. If he is found to be sane he will probably be deported. The man was seen by a passer-by named James King, to whom the girl appealed for protection from Meister, and as he persisted in annoying her King took hold of him and had the police summoned.

o o o

Sentence Suspended.—Charles Sheppard was arrested yesterday afternoon and this morning pleaded guilty to three charges of retaining monies that had been paid to him to be turned over to the Metropolitan Life Insurance Company, sums of $11.20, $11.78 and $6.51 having been kept by him. As the company did not press for a conviction and Sydney Child made a plea for him the magistrate considered that in view of the family dependent on the accused a suspended sentence would meet the case.

REFEREE MOBBED.

Paris, June 28.—The referee in a 20-round fight here last night between Frank Madole, an American lightweight, and Albert Badoud, a Swiss, was mobbed in the ring by the spectators when he declared the bout a draw. The crowd considered the American was entitled to the decision on points. The police had to be called in in order to clear the hall.

FOUND WITH OPIUM.

One Chinaman Claimed He Was Trying to Get Over Habit.

Two opium cases were heard in police court this morning and fines imposed.

Yip Chung was charged with having opium in is possession, pleaded not guilty and was defended by W. C. Moresby.

Detective Murray said that at noon on Wednesday he searched a shack in the rear of 544 Fisguard street. In a pocket of a coat belonging to Yip Chong he found a small tin box containing opium pills, which defendant said he was eating.

C. W. Birch, city analyst, deposed that he had analyzed the pills and found that they were compounded of pure opium and yeng-shee.

Yip's story was that he was trying to break off the opium habit by taking these pills, this being a well known method in China.

City Prosecutor Harrison asked how long he had been taking this "medicine."

Yip replied that he had been taking the pills ever since he came to Victoria three months ago.

Mr. Moresby argued that there was evidence, uncontradicted by the crown, that the drug was being used as a medicine in this case.

Magistrate Jay held that the using of opium as a medicine was only allowable under a physician's prescription, and he imposed a fine of $15 and $2.50 costs.

See Foong, arrested at the same time and place by Detective Turner, was charged with being in possession of opium prepared for smoking. Unlike the other man, he had not been able to procure bail or engage counsel.

Detective Turner produced the shell of opium which he had seen defendant take from his pocket and hide under a blanket, and also a paper bag containing yeng-shee, the scrapings from the bowls of pipes.

City Analyst Birch said the opium in this case was the pure drug.

A fine of $25 and $2.50 costs, or a sentence of two months in jail, was imposed.

JUDGE MOORE WINS AGAIN.

London, June 28.—More first prizes were captured yesterday by Judge W. H. Moore, of New York, at the international horse show at Olympia. In class 29, for pairs of harness horses exceeding sixteen hands, his Robin Hood and Wallenstein were the winners, while in class 36, for four-in-hand teams over 14 and not exceeding 15.2 hands, his team of bays outclassed the other competitors and were awarded Hatchett's challenge cup.

UNPACKING BAGGAGE

In the lines of the 104th Regiment at Sidney Camp. Inspecting officer is looking after unpacking of impediments soon after arrival.

BISHOP'S GRANDCHILD WEDS SON OF EARL

Miss Maude Cran Becomes Bride of Hon. Rowland Paget To-day

This morning at 11.30, at the Church of Our Lord, a wedding of exceptional interest took place when Maude Erskine, daughter of Mr. and Mrs. James Cran, of Duncan, and granddaughter of the late Bishop Cridge, was united in marriage to the Hon. Rowland Edward Paget, of Walhachin, son of Lord Berkeley Paget, and grandson of the second Marquis of Anglesey. Rev. T. W. Gladstone officiated, and the pews were filled with the friends of the happy pair.

The bride, who entered the church leaning on her father's arm, looked charming in a becoming gown of white silk crepe de chine and lace, en train, and with the panniers looped up with orange blossoms. Her bridal veil of tulle was fastened in place with a wreath of orange blossoms, while she wore as her only ornament an aquamarine pendant, the gift of the bridegroom, and carried a bouquet of white roses.

The bridesmaid was Miss Helen Maundy, the bride's niece, who wore a pretty frock of pink silk, and carried a bouquet of pink rosebuds. Also accompanying the bride were her two little pages, the Masters Albert and Edward Maundy, her twin nephews, who wore sailor suits.

The best man was Mr. Jack Clark, of Walhachin.

The church was prettily decorated with white flowers, and Mr. Giles, the church organist, presided at the organ and played the Bridal Chorus from Lohengrin and Mendelssohn's Wedding March, the full choir, which was in attendance, singing "The Voice That Breath'd O'er Eden" and "O Perfect Love."

Immediately after the ceremony the Hon. Rowland and Mrs. Paget and several of the guests repaired to "Armadale," the residence of Senator Macdonald, where a delicious wedding breakfast, followed by a reception to a number of old friends, was given, the happy pair leaving by the afternoon boat for Vancouver, en route for Walhachin, where they will make their future residence.

The bridegroom's presents were: To the bride, pendant of aquamarines; to the bridesmaid, pearl brooch; and to the pages, stickpins.

EARTHQUAKE RECORDED.

Local Seismograph Shows Position of Earth Disturbance as Somewhere Mid-Pacific.

Earthquake shocks, apparently submarine, and originating, as far as D. Napier Denison could determine, in mid-Pacific, were recorded on the seismograph at the Dominion meteorological office here on Thursday. The disturbances had been intermittent for some days, the first recorded being on Sunday last, and located as from the neighborhood of the Aleutian islands. The biggest shock recorded took place about 6 o'clock Sunday morning, when the pendulum swung one-quarter of an inch. The second shock took place on Wednesday, June 25, at 9.53 the same day the greatest disturbance taking place when the pendulum swung one-half inch.

The last two shocks were recorded on seismographical instruments all over the world, and a cable message from the Imperial University at Tokio reports having recorded an earthquake of three hours' duration on Thursday afternoon. The professors in charge there placed the disturbance as being off the Pacific coast between Vancouver Island and San Francisco, and state that it was almost as severe as the California earthquake of seven years ago which did so much damage.

Personal

Miss Jenkins, supervisor of the School for the Deaf at Winnipeg, is visiting her sister, Mrs. Emery, 1319 Fernwood road. She is accompanied by Miss Lonsdale.

EXTRACT FROM
"BRITISH MEDICAL JOURNAL"
March 23, 1907.

"A Most Valuable Food"

At a time when the preparation of artificial foodstuffs is receiving more attention than ever before, and when new forms of easily assimilable fat to take the place of codliver oil are being frequently brought to the notice of the medical profession, it is desirable that some of the older forms of administering natural fats should not be lost sight of. Among natural fats, butter easily takes first place for nutritive value, and when combined with a suitable soluble carbohydrate, a most valuable food is produced.

The BUTTER SCOTCH which Messrs. Callard & Bowser (Duke's Road, Euston Road, W. C.) have prepared for fifty years, is such an article, which has the great advantage of being palatable, so palatable, in fact, that children are more likely to need restraining from excess than any persuading to take it. This BUTTER SCOTCH is stated to contain 11.7 per cent. of fat and 79.5 per cent. of sugar, and the results of an analysis which we have made recently of a specimen substantially confirm these figures; further chemical examination of the fat extracted showed it to be genuine butter fat. This confection can therefore be recommended, not only as a harmless sweetmeat, but also as a very useful addition to the diet in suitable cases.

OUTLOOK MUCH BETTER FOR STOCK MARKET

President Approves Tentative Union Pacific Dissolution Plans

(By F. W. Stevenson & Co.)

New York, June 28.—The outlook was immeasurably for the better by the reports from Washington to the effect that the president had approved the tentative Union Pacific dissolution plans. This served the purpose of removing much uncertainty, although it is of course generally realized that it is now up to the court to take action, but the fact that the administration and the railway officials have been able to arrive at a common understanding seemingly speaks well for the ultimate outcome of the affair. The plan, according to the general understanding, contemplates the exchange of about 38 million Southern Pacific stock by the Union Pacific for about 42 million dollars par value of Pennsylvania holdings of Baltimore & Ohio issues and the balance of Union Pacific holdings of Southern Pacific, namely, 88 million dollars par value to be placed in escrow for a stated period and disposed of in keeping with whatever instructions or restrictions the court may decide. The fact that this immense amount of stocks will not be forced upon the market under existing conditions will probably be a factor which will tend merely towards producing a better feeling in investment circles and perhaps stimulate the demand for issues of fixed maturities to a greater degree than would otherwise be the case. London settlements were concluded without material strain and preparations have been completed for those at Berlin and Paris and also for our own July 1st disbursements.

CORONATION LEADS ON STOCK EXCHANGE

Growing Inquiry for Portland Canal and Lower-Priced Mining Issues

Victoria, June 28.—Coronation led in interest on the local stock exchange this morning selling at 90c., demand being firm at that price on the close. There were sales of Portland Canal, and there is a growing enquiry for this issue, sales being effected in Vancouver yesterday at .02 3-4c. Trading shows a marked improvement for the week, particularly in the lower priced mining issues, but Coronation at 90c. has quite a hold on outside investors, and any release of news from camp headquarters attracts buyers. It is now definitely announced that Mr. Farwell, of Sherbrooke, Que., (late president of Eastern Township's bank) succeeds Mr. A. C. Flumerfelt as leader of affairs in the International Coal Co. There has been noticeable buying of the stock the past few days.

WAITING MARKET IN CHICAGO PIT PRICES

Wheat Has Unimportant Spasmodic Rallies With Weakness During Last Hour

(By F. W. Stevenson & Co.)

Chicago, June 28.—There is great uncertainty in the minds of Chicago wheat traders as to the extent of damage already done to the big spring wheat states of the Northwest, North and South Dakota in particular, and just as much uncertainty in regard to the benefit which will follow the rains of the past few days. This feeling in the trade resulted in a sort of waiting market to-day. There was a little show of strength early with prices well over Friday's close. Several times later the market had unimportant spasmodic rallies from a lower level. The last hour some of the heaviness in wheat was easily traceable to the lower prices in corn and oats. In the end prices ranged from 1-8 to 1-4 at 3-8 under last quotations of Friday. A leading interest in the local trade was buying July and selling September at times about 3-8 discount for the early month. Brokers were of the opinion that much of the selling pressure late in the session was from what are termed leaders of the bearish type.

INSPECTING OFFICERS EXAMINE DEFENCES

General Pleased With Fifth Regiment Markmanship; See Rod Hill Battery

General Sir Ian Hamilton expressed himself last evening as being pleased with the excellent gunnery work done by the Fifth Regiment at Macaulay Plains and Esquimalt. The general and Col. Hughes went directly to Esquimalt when they returned from Sidney, and some thirty rounds were fired from the six-inch and twelve-pounder guns in the forts.

"There was a high wind blowing and every target was smashed, which I consider very creditable work indeed for non-regulars," stated the general.

The shooting was done from the guns at Macaulay Plains, Duntze Head, Black Rock and Belmont. As a result of the minister's visit to the Rod Hill battery, it is stated that instructions will be issued to change the mounting of the new 9.2 guns, which were placed in position last year. These guns are the largest in the vicinity, having a bore of 9.2 inches.

Col. Hughes also saw the site proposed for the new graving dock, and expressed himself well satisfied with the site for the purpose.

The principal visitors were entertained at the Union Club in the evening by G. H. Barnard, M. P., and General Hamilton and Col. Hughes, with their staffs, left on the morning boat for Vancouver en route east. They will stay off in Vancouver for a day and will then proceed to Calgary. Their next inspections will be made at Battleford, where they go from Calgary.

At two-thirty No. 2 company held a competitive practice with six-inch guns, firing five rounds per gun, and at 5.30 p. m. No. 3 company will test the 12-pound field guns, in three series.

To-morrow in accordance with custom the big muster parade will be held, and there is every expectation of a large number of visitors at Macaulay Point during the day.

No. 1 company, which is at Esquimalt, and therefore will not be affected by the manoeuvres of Monday and Tuesday, has a competitive practice with the quick-firing guns set for six o'clock.

No. 2 company is particularly anxious to exhibit its markmanship, as the conditions prevalent yesterday prevented the anticipated display at the fort. The sea was too rough to allow the launch drawing the targets to reach the range point with safety.

Observations taken 5 a. m., noon and 5 p. m., Friday:

Temperature.

Highest	72
Lowest	50
Average	61

Bright sunshine, 9 hours 48 minutes.
General state of weather, fine.

"KNIFE-LIKE PAINS AFTER EATING."

INDIGESTION CURED BY MOTHER SEIGEL'S SYRUP.

The sad plight of anyone with daily duties that must be performed, who finds him or herself unfitted for work by indigestion, headache, or general weakness can hardly be exaggerated. These troubles all arise from Indigestion. That, and that alone, is the cause of the headaches, biliousness, constipation and the want of appetite and the pain which follows upon forcing one's self to eat when there is no natural inclination to do so.

Among the many people who know from bitter experience the truth of these words is Mrs. W. Wright, of Dalhousie East, Kings Co., N. S., who says in a letter dated January 25th, 1912:—"I used to suffer greatly from Indigestion and headaches. It was seldom I was free from either. But there was another—and worse—trouble afflicted me. I used to endure knife-like pains after eating, no matter how light the meal I had taken. My condition grew worse daily, and my ordinary work increased in difficulty till it became almost impossible.

"I tried several different medicines without obtaining relief, and was afraid my health was permanently impaired. Fortunately, that was not so. Being advised to try Mother Seigel's Syrup and Pills, I found those two medicines had a wonderfully good effect upon me. Soon I was able to eat without suffering pain afterwards. I developed an ordinary, normal appetite; was free from headaches or pains of any kind—in short was cured by Mother Seigel's Syrup."

Be your daily task what it may, it is bound to use up some of your reserve store of energy, and this can only be replaced by strength which comes from food, which must be properly digested.

Mother Seigel's Syrup will do this for you as no other medicine can. Put it to the test to-day.

Price $1.00. Trial size 50 cents. A. J. White & Co., Ltd., Montreal.

Profitable Business in Growing District for Sale

The property known as Maple Bay Post Office and Cheapside Store has been placed in our hands for disposal as a growing concern. It is on the high road, four and one-half miles from Duncan and one and a half miles from Maple Bay. There are 43 acres of mixed land, six acres under cultivation, one acre stumped, 13 acres slashed and the remainder wild. A six roomed dwelling, with store and post office attached, a barn with a capacity of 30 tons, an orchard in bearing, considerable stock in store and on foot, and a varied and complete assortment of equipment is a rough summary of what is included. Store turn-over $350 monthly—profit $70—post office revenue $275 yearly. This is an ideal opening for an energetic young couple. Price **$10,000.** Cash $5000, balance arranged.

SPEECH DAY AT ST. GEORGE'S SCHOOL

List of Prize Winners, Who Receive Rewards From Hands of Dean Doull

The annual sports and prize distribution at St. George's school took place yesterday afternoon. The sports, consisting of nearly 40 events, occupied the earlier part of the proceedings, and the events were enthusiastically contested.

After refreshments on the lawn, and the distribution of prizes, the large company of visitors and pupils of the school were addressed by Dean Doull, who referred to the great growth of the school, the beautiful surroundings, the high tone of the school, and the proud position taken by the pupils in their examinations. The results were a tribute to the work of Mrs. Suttie and staff.

A vote of thanks was tendered to the Dean on the motion of the Rev. E. G. Miller, and the head girl, Lotus Griffith, called for cheers for the Dean, Mrs. Suttie and staff, which were heartily accorded.

The prize list was as follows:

Term—Form V., maximum 6,455: Regina Verrinder, 5210. Form IVa., max. 5,540: Elsie Waite, 4,810. Form IVb., max. 6,280: Maary Clarke, ,196. Form IIIr., mag. 6,230: Kathleen Muir, 5,133. Form III., max. 4,530: Aileen Sewell, 4,209.

Examinations — Maximum, 2,000: Marjorie Tennant, 1,641; Marjorie Bloomfield. Max. 2,300: Mary Clarke, 1,973. Max. 2,300: Edna Dodson, 1,678. Max. 2,120: Aileen Sewell, 1,836.

IIr. Form prizes—Margaret Campbell, Madge Deane. II. Form—Madge Lloyd-Young, Mary Campbell. I. Form—Margorie Andros. Kindergarten—Helen Dobie.

Sewing prize given by Mrs. Elliott—Edna Dodson. French prize (highest percentage)—Alison Suttie. Drawing prize given by Miss Gulland—Monica Plummer. Scripture prizes: Senior given by Mrs. Bradshaw—Marjorie Tennant. Junior given by Mrs. Elliott—Millie Brock. Persistence prize given by Mrs. O. C. Bass—Jill Lloyd-Young. Also recommended Virtue Errington and Constance Scott. Mr. Lloyd-Young's prize (who "has proved most amendable to school discipline, and at the same time has shown fitting deference to her teachers")—Eileen Miller.

Highest number of stars—Senior: Mary Clark. Junior: Laura Macklin. Best collection of wild flowers, given by Miss Holmes D. Norris. Perfect attendance during whole year—Millie Brock, Edna Dodson, Jill Lloyd-Young, Doris Macklin, Laura Macklin, Norah MacEachern, Dorothy Norris, Lillian Norris, Aileen Sewell, Regina Verrinder.

Conduct prize, given by Dr. Ford Verrinder—Senior: Marguerite Verrinder, 35 votes. Conduct prize, give by Mrs. Verrinder — Junior: Kathleen Muir, 27 votes. Conduct prize, preparatory department—Betty Savannah. Boarders' conduct—Senor: Gertie Kidd. Junior: Joan Bloomfield. Boarders' Sunday afternoon Bible class—Aileen Sewell; head girl, Lotus Griffith.

Silver Cup—Senior tennis: Marjorie Tennant. Junior cup—Greta Dunne. Doubles—Senior: Marjorie Tennant and Marjorie Lort. Junior: Greta Dunne and Lillie Thurlin. Sport results—Kathryn Bradshaw, 22 points; Marjorie Tennant, 14 points. Juniors: Gwendolyn Verrinder, 17 points; Doris Reid, 11 points.

WEAK, TIRED AND NERVOUS MEN

should send for a valuable Pamphlet explaining how all Nervous and Organic Derangements, Varicocele and its subsequent genito-urinary troubles can be successfully treated without the use of Stomach Medicines or electricity. The method is easy and pleasant and will effect a perfect and permanent cure. The pamphlet is revised and in progress with the most advanced research on the subject, together with hundreds of Recent Testimonials showing successful Cures. Sent in a plain sealed envelope, post free. B. T. Norton, 59 and 60, Chancery Lane, London, England. Over 40 years continuous success. Advice free.
